A Biography of Post-Traumatic Stress Disorder Harper Collins

A biologist and an anthropologist use evolutionary biology to explain the causes and inform the prevention of rape. In this controversial book, Randy Thornhill and Craig Palmer use evolutionary biology to explain the causes of rape and to recommend new approaches to its prevention. According to Thornhill and Palmer, evolved adaptation of some sort gives rise to rape; the main evolutionary question is whether rape is an adaptation itself or a by-product of other adaptations. Regardless of the answer, Thornhill and Palmer note, rape circumvents a central feature of women's reproductive strategy: mate choice. This is a primary reason why rape is devastating to its victims, especially young women. Thornhill and Palmer address, and claim to demolish scientifically, many myths about rape bred by social science theory over the past twenty-five years. The popular contention that rapists are not motivated by sexual desire is, they argue, scientifically inaccurate. Although they argue that rape is biological, Thornhill and Palmer do not view it as inevitable. Their recommendations for rape prevention include teaching young males not to rape, punishing rape more severely, and studying the effectiveness of "chemical castration." They also recommend that young women consider the biological causes of rape when making decisions about dress, appearance, and social activities. Rape could cease to exist, they argue, only in a society knowledgeable about its evolutionary causes. The book includes a useful summary of evolutionary theory and a comparison of evolutionary biology's and social science's explanations of human behavior. The authors argue for the greater explanatory power and practical usefulness of evolutionary biology. The book is sure to stir up discussion both on the specific topic of rape and on the larger issues of how we understand and influence human behavior.

Reaper: Ghost Target Threshold Editions

December 12th, 2019, Jade returns to the rural lake town of Proofrock the same day as convicted Indigenous serial killer Dark Mill South escapes into town to complete his revenge killings, in this riveting sequel to My Heart Is a Chainsaw from New York Times bestselling author, Stephen Graham Jones. Four years after her tumultuous senior year, Jade Daniels is released from prison right before Christmas when her conviction is overturned. But life beyond bars takes a dangerous turn as soon as she returns to Proofrock. Convicted Serial Killer, Dark Mill South, seeking revenge for thirty-eight Dakota men hanged in 1862, escapes from his prison transfer due to a blizzard, just outside of Proofrock, Idaho. Dark Mill South's Reunion Tour began on December 12th, 2019, a Thursday. Thirty-six hours and twenty bodies later, on Friday the 13th, it would be over. Don't Fear the Reaper is the page-turning sequel to My Heart Is a Chainsaw from New York Times bestselling author Stephen Graham Jones.

The Autobiography of the Most Lethal Sniper in U.S. Military History Razorbill

“An essential book” on PTSD, an all-too-common condition in both military veterans and civilians (The New York Times Book Review). Post-traumatic stress disorder afflicts as many as 30 percent of those who have experienced twenty-first-century combat—but it is not confined to soldiers. Countless ordinary Americans also suffer from PTSD, following incidences of abuse, crime, natural disasters, accidents, or other trauma—yet in many cases their symptoms are still shrouded in mystery, secrecy, and shame. This “compulsively readable” study takes an in-depth look at the subject (Los Angeles Times). Written by a war correspondent and former Marine with firsthand experience of this disorder, and drawing on interviews with individuals living with PTSD, it forays into the scientific, literary, and cultural history of the illness. Using a rich blend of reporting and memoir, *The Evil Hours* is a moving work that will speak not only to those with the condition and to their loved ones, but also to all of us struggling to make sense of an anxious and uncertain time.

The Incredible True Story of Navy SEALs Under Siege Simon and Schuster

“Sure to go down as an important piece of military-memoir history...a fast-paced, insightful, hold-nothing-back memoir” (Brandon Webb, former Navy Seal, New York Times bestselling author) from a former Army Ranger sniper and Special Operations weapon sergeant-turned-journalist about the incredible highs and devastating lows of his career. Growing up in small New York towns, Jack Murphy knew he wanted to lead a life far from the ordinary—a life of adventure and valor. After the 9/11 attacks, he enlisted in the Army, knowing this was his chance to fight for a cause he staunchly supported. After making it through the rigorous Ranger Indoctrination Program, he graduated from sniper school and was promptly deployed to Afghanistan, where his experiences went from ordinary to extraordinary. In this gripping military memoir, Murphy recounts the multiple missions he

underwent as a Ranger, a Special Forces weapons sergeant, and ultimately, a boots-on-the-ground journalist. From enemy ambushes, dodging explosives, crashing terrorists’ weddings, and landing helicopters in the streets of Mosul, Jack provides a hard-hitting glimpse of what combat is like in some of the world’s most dangerous, war-torn places. With tours of duty in two of the most decorated units of the armed forces, Murphy brings a unique perspective to the military genre as he reflects on his great triumphs and shattering failures both on and off the battlefield. Later, Murphy turned his attention to breaking news within the military. His stories have taken him from Iraq to Switzerland, from Syria to South Korea. From crossing Middle Eastern borders in the dead of night, to rolling into an IED-laden zone, Murphy’s stories are always a thrill a minute. “Powerful. Gritty. Real. An absolutely captivating account of bravery and adventure” (Brad Thor), Murphy’s *Law* tells a story of intense bravery and sacrifice—both on and off the battlefield.

My Journey to Becoming a Hunter of Man Simon and Schuster

Dr. Peter Brown is an intern at Manhattan's worst hospital, with a talent for medicine, a shift from hell, and a past he'd prefer to keep hidden. Whether it's a blocked circumflex artery or a plan to land a massive malpractice suit, he knows what evil lurks in the hearts of men. Pietro "Bearclaw" Brwna is a hitman for the mob, with a genius for violence, a well-earned fear of sharks, and an overly close relationship with the Federal Witness Relocation Program. More likely to leave a trail of dead gangsters than a molecule of evidence, he's the last person you want to see in your hospital room. Nicholas LoBrutto, aka Eddy Squillante, is Dr. Brown's new patient, with three months to live and a very strange idea: that Peter Brown and Pietro Brnwa might-just might-be the same person . . . Now, with the mob, the government, and death itself descending on the hospital, Peter has to buy time and do whatever it takes to keep his patients, himself, and his last shot at redemption alive. To get through the next eight hours-and somehow beat the reaper. Spattered in adrenaline-fueled action and bone-saw-sharp dialogue, *Beat the Reaper* is a debut thriller so utterly original you won't be able to guess what happens next, and so shockingly entertaining you won't be able to put it down.

The Reaper Simon and Schuster

Nicholas Irving's *Reaper: Drone Strike* is the next book in the explosive thriller series by the former special operations sniper and New York Times bestselling author of *The Reaper*. On a classified mission to help the Israeli Defense Forces stop a Syrian and Hezbollah invasion to seize the Golan Heights, Ranger sniper Vick Harwood and his spotter go deep undercover. Operating with limited support from the American and Israeli governments, Vick is out on the edge. Alessandra Cavezza, Director of Operations in Syria for the Italian UN Commission for Refugees, is moving families out of an embattled neighborhood. The nearly vacant suburb has been a haven for anti-Assad forces, ISIS militants, and Russian private military contractors. As she crawls into the basement of a home to help find a young girl's doll, she finds a secret room that has detailed descriptions of unthinkable attacks on the United States, and falls into the hands of a madman: Jasar Tankian, Lebanese mastermind behind the plots. As Syrian tanks attempt to push through Israeli defenses at the border, Team Reaper picks off Syrian tank commanders as they battle Israeli tanks, jets, and infantrymen. Combat intensifies as Vick goes black on ammunition. Commandeering a cargo drone to deliver Team Reaper to a landing zone near the coordinates, Vick becomes Alessandra's—and America's—only hope for survival.

The Red Circle: My Life in the Navy SEAL Sniper Corps and How I Trained America's Deadliest Marksmen Now including an excerpt from The Killing School: Inside the World's Deadliest Sniper Program BEFORE HE COULD FORGE A BAND OF ELITE WARRIORS... HE HAD TO BECOME ONE HIMSELF. Brandon Webb's experiences in the world's most elite sniper corps are the stuff of legend. From his grueling years of training in Naval Special Operations to his combat tours in the Persian Gulf and Afghanistan, *The Red Circle* provides a rare and riveting look at the inner workings of the U.S. military through the eyes of a covert operations specialist. Yet it is Webb's distinguished second career as a lead instructor for the shadowy "sniper cell" and Course Manager of the Navy SEAL Sniper Program that trained some of America's finest and deadliest warriors-including Marcus Luttrell and Chris Kyle-that makes his story so compelling. Luttrell credits Webb's training with his own survival during the ill-fated 2005 Operation Redwing in Afghanistan. Kyle went on to become the U.S. military's top marksman, with more than 150 confirmed kills. From a candid chronicle of his student days, going through the sniper course himself, to his hair-raising close calls with Taliban and al Qaeda forces in the northern Afghanistan wilderness, to his vivid account of designing new sniper standards and training some of the most accomplished snipers of the twenty-first century, Webb provides a rare look at the making of the Special Operations warriors who are at the forefront of today's military. Explosive, revealing, and intelligent, *The Red Circle* provides a uniquely personal glimpse into one of the most challenging and secretive military training courses in the world.

Preorder REAPER: GHOST TARGET now, Nick Irving's debut thriller that Brad Thor calls "one hell of a read"! The Instant New York Times Bestseller by Co-Star of Fox's American Grit and Legendary Ranger Nick Irving Groundbreaking, thrilling and revealing, The Reaper is the astonishing memoir of Special Operations Direct Action Sniper Nicholas Irving, the 3rd Ranger Battalion's deadliest sniper with 33 confirmed kills, though his remarkable career total, including probables, is unknown. Irving shares the true story of his extraordinary military career, including his deployment to Afghanistan in the summer of 2009, when he set another record, this time for enemy kills on a single deployment. His teammates and chain of command labeled him "The Reaper," and his actions on the battlefield became the stuff of legend, culminating in an extraordinary face-off against an enemy sniper known simply as The Chechnian. Irving's astonishing first-person account of his development into an expert assassin offers a fascinating and extremely rare view of special operations combat missions through the eyes of a Ranger sniper during the Global War on Terrorism. From the brotherhood and sacrifice of teammates in battle to the cold reality of taking a life to protect another, no other book dives so deep inside the life of an Army sniper on point.

Way of the Reaper Penguin

The mission was to kill the most wanted man in the world--an operation of such magnitude that it couldn't be handled by just any military or intelligence force. The best America had to offer was needed. As such, the task was handed to roughly forty members of America's supersecret counterterrorist unit formerly known as 1st Special Forces Operational Detachment-Delta; more popularly, the elite and mysterious unit Delta Force. The American generals were flexible. A swatch of hair, a drop of blood, or simply a severed finger wrapped in plastic would be sufficient. Delta's orders were to go into harm's way and prove to the world bin Laden had been terminated. These Delta warriors had help: a dozen of the British Queen's elite commandos, another dozen or so Army Green Berets, and six intelligence operatives from the CIA who laid the groundwork by providing cash, guns, bullets, intelligence, and interrogation skills to this clandestine military force. Together, this team waged modern siege of epic proportions against bin Laden and his seemingly impenetrable cave sanctuary burrowed deep inside the Spin Ghar Mountain range in eastern Afghanistan. Over the years, since the battle ended, scores of news stories have surfaced offering tidbits of information about what actually happened in Tora Bora. Most of it is conjecture and speculation. This is the real story of the operation, the first eyewitness account of the Battle of Tora Bora, and the first book to detail just how close Delta Force came to capturing bin Laden, how close U.S. bombers and fighter aircraft came to killing him, and exactly why he slipped through our fingers. Lastly, this is an extremely rare inside look at the shadowy world of Delta Force and a detailed account of these warriors in battle.

John Boorman came of age as a filmmaker in the 1960s--the golden age of world cinema. Then as now, his celebrated films embrace the spirit of the era: challenging authority, questioning accepted morality, and examining the thin line between civilization and savagery. In *Adventures of a Suburban Boy*, Boorman delves deeply into these themes, applying his subversive sensibility to his life story as well as to some of the most important political and cultural events of the twentieth century. The result is a heady fusion of personal memoir and cinematic study, as a child of the London Blitz becomes the influential director known for films such as *Point Blank*, *Excalibur*, *Hope and Glory*, *Deliverance*, and *The General*--discussing the cultural role of the motion picture and the art of filmmaking along the way. With a vividly depicted supporting cast that includes Sean Connery, Richard Burton, Burt Reynolds, and Cher, among others, this entertaining and witty tour through the life, times, and works of one of the cinema's great practitioners is not only essential for anyone seeking a fuller understanding of Boorman's incredible body of work, but is also indispensable resource for anyone who is fascinated by film's impact on our lives.

The next book in the explosive new thriller series by former special operations sniper and New York Times bestselling author of *The Reaper*. A convoy of cars carrying several family members of the President's cabinet to Camp David for "Family Day" is ambushed, killing and wounding wives, husbands and children. Immediately in the aftermath, Vick Harwood watches a Facebook live feed of his former ranger buddy Sammie Samuelson's apparent suicide and confession in his Thurmont, Maryland apartment, just one mile from Camp David. Remnants of a firefight are in the background: sniper rifle, rocket launchers, and ammunition. Simultaneously, an intruder breaks into Harwood's house. Harwood arrives in Thurman to investigate the suicide and, with the help of attractive FBI agent Valerie Hinojosa, traces evidence left by Samuelson to a fiendish plot involving transnational terrorists and domestic political opponents. Meanwhile, the president wants retribution, and will stop at nothing to get it. Harwood joins Team Valid, whose mission is to kill the family members of terrorists and eliminate their seed from the earth. Team Valid, consisting of Hinojosa, Harwood, a Navy SEAL sniper, and a Marine Force Recon sniper, travels to Crimea, Iran, and Azerbaijan before realizing the mission is not what it seems. Harwood struggles to balance his orders with his sense of right and wrong—without losing his life in the process. As Samuelson is implicated in the Camp David ambush, it is a race to protect his remaining family and uncover the sinister plot in the homeland.
