TORRES ROWAN

Electronic Genie Springer

In response to Mircea Eliade's novel about their love affair of forty years ago, this is Maitreyi Devi's moving account of what

happens when innocence and experience, enchantment and disillusion, and cultural difference and colonial

arrogance collide.

King Lear Pan Macmillan
Written in 1980, this novel by prize-winning Indian writer Mahasweta Devi, translated and introduced by Gayatri Chakravorty Sprivak, is remarkable for the way in which it touches on vital issues that have in subsequent decades grown into matters of urgent social concern. Written by one of India's foremost novelists, and translated by an eminent cultural and critical theorist. Ranges over decades in the life of Chotti – the central

character – in which India moves from colonial rule to independence, and then to the unrest of the 1970s. Traces the changes, some forced, some welcome, in the daily lives of a marginalized rural community. Raises questions about the place of the tribal on the map of national identity, land rights and human rights, the 'museumization' of 'ethnic' cultures, and the justifications of violent resistance as the last resort of a desperate people. Represents

enlightening reading for students and scholars of postcolonial literature and postcolonial studies.

Hot Sex Stories Simon and Schuster
Frank and funny, these stories written originally for the Bengali children's magazine Sandesh, are an essential read for all Ray enthusiasts as well as those who want to know Ray, the writer and filmmaker, better. In this volume, Ray also shares some of his experiences while shooting Pather Panchali—his epic debut, and subsequent films,

particularly for children. He describes how an entire field of kaash flowers was eaten up by cows before he could shoot his famous scene with the train in Pather Panchali; and how a circus tiger let loose in a bamboo grove chased away a group of curious onlookers in the blink of an eye.

Freedom's Mother

Penguin UK

Everyone knows that "the face can wear a mask," that a person may be a good actor and put on a certain expression that

may deceive even the best judgment. But hands cannot change as the result of a mere effort to please; the character they express is the real nature of the individual—the true character that has been formed by heredity or that has grown up with the person by long years of habit. The characteristics alluded to below are those which may be easily observed and which are aids to a rapid judgment of character and which I have never before been able to give to the public in such a concise way.

The more elaborate details concerning the ultimate success of the person one is talking to, their more intimate character and their future development will be found in their proper place, in this book.

Egypt in the twenty-sixth century BC. The young pharaoh Cheops wants to forgo the construction of a pyramid in his honor, but his court sages hasten to persuade him otherwise. The pyramid, they tell him, is not a tomb but a

paradox, designed to appease the masses by oppressing them. It is a symbol of nothing, a useless and infinite project designed to waste the country's wealth and keep security and prosperity, ever the fonts of sedition, constantly at bay. And so the greatest pyramid in the world has ever seen begins to rise. Rumors multiply. A secret police is formed. Conspiracies—real and imagined—swirl around the rising edifice. The most drastic purges follow. By the time the

first stone is laid, Cheops's subjects are terrified enough to yield to his most murderous whims. Each time one of the massive stones is hoisted into place, dozens of men are crushed, and there are tens of thousands of stones. . . . *The English Connection Coursebook 5* Bappaditya Mukhopadhyaya
The outstanding new Fargo adventure from the #1 New York Times bestselling author. There are many rumors about the bay off Guadalcanal in the Solomon Islands.

Some say it was the site of the lost empire of the Solomon king and that great treasure lies beneath the waters. Others say terrible things happened here, atrocities and disappearances at the hands of cannibal giants, and those who venture there do not return. It is cursed. Which is exactly what attracts the attention of husband-and-wife treasure-hunting team Sam and Remi Fargo. How could they resist? Clues and whispers lead them on a hunt from the Solomons to Australia

to Japan, and what they find at the end of the trail is both wonderful and monstrous--and like nothing they have ever seen before.

Lecture Notes on Classical Mechanics (A Work in Progress) By Daniel Arovav
The Iron Mistress Penguin Books India

This book discusses all important aspects of emergency medicine in older people, identifying the particular care needs of this population, which all too often remain

unmet. The up-to-date and in-depth coverage will assist emergency physicians in identifying patients at risk for adverse outcomes, in conducting appropriate assessment, and in providing timely and adequate care. Particular attention is paid to the common pitfalls in emergency management and means of avoiding them. Between 1980 and 2013, the number of older patients in emergency departments worldwide doubled. Compared with younger patients, older

people suffer from more comorbidities, a higher mortality rate, require more complex assessment and diagnostic testing, and tend to stay longer in the emergency department. This book, written by internationally recognized experts in emergency medicine and geriatrics, not only presents the state of the art in the care of this population but also underlines the increasing need for adequate training and development in the field.

Devdas Penguin

Jane, a brave and sensual Englishwoman, is caught in a deadly romantic triangle between rival spies Ellis and Jean-Pierre. Love, hatred and deception sweep them from terrorist conspiracies in Paris to full-tilt guerilla warfare in Afghanistan. Jean-Pierre and Jane marry and go to work as doctors in the Valley of the Five Lions to help the rebels fighting for their freedom against the Russians. Trapped between extremes of violence, lust and danger, Jane desperately tries to

get out of the line of fire. Help comes unexpectedly, from her husband's greatest enemy. They soon become the centre of the action, as treachery seeks its prey. Follett builds the menacing tension to breaking point, leading to a confrontation that echoes all our nightmares. *Farewell Song (Modern Classics)* Frank Brothers The sixteen short stories collected here were written between 1891 and 1917 by the Bengali poet, writer, painter, musician and mystic, Sir

Rabindranath Tagore (1861-1941). Throughout these stories, Tagore's main interest is people and the kaleidoscope of human emotions, as men and women struggle with the restrictions and prohibitions of contemporary Hindu society. *Gender and Criminality in Bangla Crime Narratives* S. Chand Publishing DigiCat Publishing presents to you this special edition of "The Iron Mistress" by Paul Iselin Wellman. DigiCat Publishing considers every

written word to be a legacy of humankind. Every DigiCat book has been carefully reproduced for republishing in a new modern format. The books are available in print, as well as ebooks. DigiCat hopes you will treat this work with the acknowledgment and passion it deserves as a classic of world literature. Palmistry For All Createspace Independent Publishing Platform In this book, by means of an engrossing fictional story which skilfully incorporates various

historical figures and many true incidents as well as the author's own personal experiences, fortified with excerpts from newspapers and other documents, Humayun Ahmed manages to produce a remarkably vivid and well balanced picture of the political events and bloody civil war which led to the emergence of Bangladesh as an independent state in 1971. No other work on the subject has the same breadth of vision or the same power to absorb

and engage the reader. This is essential reading for anyone who wishes to explore the human reality behind the stark facts of the Bangladesh Liberation War. In the present translation Humayun Ahmed's highly accessible Bengali style has been recreated in modern colloquial English, making an easy read for Western readers. This edition also comprises explanatory notes to assist those unfamiliar with the cultural and historical background to the novel. Geriatric Emergency

#1 NEW YORK TIMES BESTSELLER • An instant classic and eerily prescient cultural phenomenon, from “the patron saint of feminist dystopian fiction” (New York Times). Now an award-winning Hulu series starring Elizabeth Moss. Includes an introduction by Margaret Atwood. In Margaret Atwood’s dystopian future, environmental disasters and declining birthrates have led to a Second American Civil War. The result is the rise of the Republic of Gilead, a

totalitarian regime that enforces rigid social roles and enslaves the few remaining fertile women. Offred is one of these, a Handmaid bound to produce children for one of Gilead’s commanders. Deprived of her husband, her child, her freedom, and even her own name, Offred clings to her memories and her will to survive. At once a scathing satire, an ominous warning, and a tour de force of narrative suspense, *The Handmaid’s Tale* is a modern classic. Look for

The Testaments, the sequel to The Handmaid's Tale

Those Days Penguin UK
An incisive look into the world's most innovative tech company and the man chosen to lead it. On 10 August 2015, an unassuming product expert who learnt his ropes at IIT Kharagpur was declared the next CEO of tech giant Google. Sundar Pichai's appointment was hardly an unexpected one. Pichai is a man known as much for his veritable Midas touch with every product

he has developed or led for Google? Chrome, Chrome OS and Android, to name just a few? as for his superlative people skills and open-minded approach to innovation. Yet, the company's decision to restructure its product lines and appoint Pichai as the head of a leaner, more focused Google, has raised inevitable questions: What does Pichai's role augur for the future of the tech giant? Will Google consolidate its position for existing products or will they focus on creating

new ones? And will Pichai transform the organization that Schmidt, Page and Brin created and led, or confirm the belief of a minority of naysayers that he is not yet ready for this daunting role? Pichai: The Future of Google provides answers to these questions while throwing light on Sundar Pichai's childhood and education; his entry into the tech world and quick rise up the ranks in Google; and his key contributions as a leader and tech-guru to Google's most successful

from all Types of fetish's and Amazing sex.....(sex, porn, fetish, bondage, oral, anal, ebony, hentai, domination, erotic photography, erotic sex stories, adult, xxx, shemale, voyeur, erotic, blowjob)
Kia the Queen DigiCat Winner of the Sahitya Akademi Award An award-winning novel that uses both vast panoramic views and lovingly reconstructed detail to provide an unforgettable picture of nineteenth-century Bengal. The Bengal Renaissance and

the 1857 uprising form the backdrop to *Those Days*, a saga of human frailties and strength. The story revolves around the immensely wealthy Singha and Mukherjee families, and the intimacy that grows between them. Ganganarayan Singha's love for Bindubasini, the widowed daughter of the Mukherjees, flounders on the rocks of orthodoxy even as his zamindar father, Ramkamal, finds happiness in the arms of the courtesan, Kamala Sundari. Bimbabati, Ramkamal's wife, is left to

cope with her loneliness. A central theme of the novel is the manner in which the feudal aristocracy, sunk in ritual and pleasure, slowly awakens to its social obligations. Historical personae interact with fictional protagonists to enrich the narrative. Ishwar Chandra Vidyasagar, the reformer; Michael Madhusudan Dutt, the poet; the father and son duo of Dwarkanath and Debendranath Tagore; Harish Mukherjee, the journalist; Keshab

Chandra Sen, the Brahmo Samaj radical; David Hare and John Bethune, the English educationists—these and a host of others walk the streets of Calcutta again, to bring alive a momentous time.

Electronic Genie takes its readers on a two-century journey that begins with Antoine Lavoisier's prediction of the existence of silicon as an element. It traces the emergence of silicon as

key to the development of most forms of today's electronics and its role in making possible the revolutionary digital computer. Loaded with information about such original thinkers as Lavoisier, John Bardeen, Bill Gates, Patrick Haggerty, Gordon Moore, and many more, the volume traces the use of silicon in metallurgy, as a diode rectifier in wireless and radio, and ultimately as a nonlinear element for heterodyne mixing in radar during World War II. Electronic Genie will

appeal to students of science and technology as well as to anyone interested in the history of these fields.

It Does Not Die Ashgate Publishing, Ltd.

The first graphic history of sex chronicles sexuality and human intimacy through the ages, from our primate pasts to our robotic futures. Humans have had sex on the brain since pre-civilization either for pleasure, power, revenge, a desire for children, or simply because it isn't allowed. Today, sex is all around us

but it's rarely explained and almost never taught. In *The Story of Sex*, sexologist Phillipe Brenot combines anthropology, sociology, psychology and history with witty comics by Latetita Coryn for an in-depth explanation of this essential aspect of humanity. Organized chronologically into sections like Babylon: Free Love, The Middle Ages: Heaven and Hell, and The 20th Century: Sexual Liberation, Brenot explores what eroticism really is, how our ancestors behaved

sexually, when the first couple was established, how superstition and morality laws shaped sexuality, the use of pornography in the digital age, and how some

ancient civilizations were far ahead of their time when it came to gender equality. Full of fascinating details like Cleopatra's invention of the vibrator and a Dutch shopkeeper's accidental

discovery of the existence of sperm--all accompanied by hilarious comics and dialogue -- The Story of Sex is informative, unique, and entertaining book.
