**The Future Life** The Swedenborg Society The colorful tale of the successful flowering of an obscure, ancient Eastern sect in the modern world. In a single generation, Tibetan Buddhism developed from the faith of a remote mountain people, associated with bizarre, almost medieval, superstitions, to perhaps the most rapidly growing and celebrity-studded religion in the West. Disaffected with other religious traditions yet searching for meaning, huge numbers of Americans have found their way to the wisdom of Tibetan lamas in exile. Earthy, humorous,

commonsensical, and eccentric, these flamboyant teachers—larger-than-life characters like Lama Yeshe and Chogyama Trungpa—proved to be charismatic and gifted ambassadors for their ancient religion. So did two Western women, born in Brooklyn and London's East End, whose homegrown religious intuitions turned out to be identical with the most sophisticated Tibetan teachings, revealing them to be reincarnated lamas. With great flair for both the sublime and the human, Jeffrey Paine narrates in page-turning, richly informative fashion how Tibetan Buddhism—rarefied and sensual, mystical and commonsensical—became the ideal religion for a

"post-religious" age. "By far the best of the recent popular books exploring the amazing impact of Tibetan Buddhism. Paine's witty, erudite, flowing prose creates a memorable album of many characters—saints, rascals, and ordinary folks. He glosses over nothing, is ruthlessly critical where it is deserved, but is also secure enough to appreciate the beauty and the power of the 'magic and mystery': the profound practical wisdom and compassion of Tibetan civilization gone global."—Robert Thurman, Jey Tsong Khapa Professor of Indo-Tibetan Buddhist Studies, Columbia University "Riveting....Recounts elegantly, yet without fuss, stories of human

transformation that consistently incite our capacity for wonder."—Askold Melnyczuk, Boston Globe

"Memorable anecdotes, great storytelling and keen observations mark this cogent exploration of the explosive growth of Tibetan Buddhism in the West."—Publishers Weekly, starred review

Heaven and Its Wonders and Hell Quest Books

Traditionally, alchemy has been understood as a precursor to the science of chemistry but from the vantage point of the human spirit, it is also a discipline that illuminates the human soul. This book explores the goal of alchemy from Jungian, psychological, and philosophical perspectives. Jung's *Alchemical Philosophy: Psyche and the Mercurial Play of Image and Idea* is a reflection on Jung's alchemical work and the importance of philosophy as a way of understanding alchemy and its contributions to Jung's psychology. By engaging these disciplines, Marlan opens new vistas on alchemy and the circular and ouroboric play of images and ideas, shedding light on the alchemical opus and the transformative processes

of Jungian psychology. Divides in the history of alchemy and in the alchemical imagination are addressed as Marlan deepens the process by turning to a number of interpretations that illuminate both the enigma of the Philosophers' Stone and the ferment in the Jungian tradition. This book will be of interest to Jungian analysts and those who wish to explore the intersection of philosophy and psychology as it relates to alchemy.

*Divining the Body* Gale Research International, Limited

Award-winning author Jan Phillips offers a joyful and liberating alternative to the degrading, socially constructed views of the body held by most of us today. She takes the reader on an energizing pilgrimage of their own bodies, exploring each part as a portal through which vital, creative, divine energy is received and released. This book fosters self-love, spiritual empowerment, and social consciousness by allowing readers to see their bodies as channels for expressing the Divine. *Divining the Body* leads readers into a milieu of reverence, mystery, and delight, helping them

discover a redeemed sense of self. Readers will learn to trade self-defeating thoughts and behaviors for actions that are healing for themselves and others.

*Novel Definitions* captures the lively critical debate surrounding the invention of the English novel, showing how the rise of the novel was accompanied by a rise in popular literary criticism. The anthology collects over 135 primary sources that chart the long eighteenth century's interpretation of the novel. These sources—many newly-discovered—include essays, prefaces, reviews, and sermons written by authors ranging from Aphra Behn to Walter Scott. *Novel Definitions* brings together authors' prefatory analyses of their work; essayists' debates concerning the novel's formal qualities; commentators' questions concerning the novel's cultural position, including whether or not women and children should read novels; reviewers' definitions of the qualities that make a novel successful; and literary historians' first attempts to write the history of the

novel.

 By engaging in conversation with those whose experience, perspectives, and theological traditions vary from their own, the contributors to *The Theology of Priesthood* explore in detail the fundamental questions being asked about the ordained priesthood today. Priests, deacons, and students of theology will find these articles an engaging means to understanding Church, ministry, and priesthood more deeply. *The Theology of Priesthood* includes ten essays that explore facets of ordained ministry and the ministerial priesthood. Paul Philibert, OP, begins with an overview of issues involved in the contemporary discussion on priesthood within the Roman Catholic tradition. Frank Quinn, OP, addresses the significance of language as it pertains to priesthood and ministry and how language is manifested in rites of ordination. Thomas O'Meara, OP, situates the discussion on priesthood within the context of an expansion of ministry in the Church since Vatican

II and the implications of this expansion for ministry in the future. Stephen DeLeers articulates a theology of priesthood grounded in Vatican II and post-Vatican II documents which focuses on the primacy of preaching. Thomas Rausch, SJ, then takes up the issue of diversity within ministerial priesthood as he reflects on priesthood within the context of apostolic religious life. Jack Risley, OP, returns to the question of the relationship between ordained ministry and lay ministry. The final three articles reflect on ordained ministry from distinctive perspectives. Benedict Ashley, OP, takes the Letter to the Hebrews as his starting point. Paul Wesche looks at priesthood through the lens of an Eastern Orthodox priest. Donald Goergen, OP, asks what insights African theology, specifically African Christology, might offer a contemporary Catholic theology of priesthood. Paul Philibert, OP, provides a concluding reflection. Donald J. Goergen, OP, is a preacher, teacher, lecturer, author, and theologian who taught systematic theology for many years. He was also

previously the provincial for the Dominican friars of the Central Province. He is the editor of *A Theology of Jesus* series, and *Being a Priest Today* published by Liturgical Press.

 This anthology looks at spirituality in its broadest sense and includes extracts from fiction and poetry as well as writings by women known for their search for spiritual

fulfilment, women whose inner journeys were often very different from those of men. Crossing all religious boundaries, disciplines and ages, this represents not just Christianity, Judaism, Buddhism, Hinduism, Sufism but also women who do not conform to any mainstream orthodox religion. Some of the writers included: Simone Weil, Julian of Norwich, Iris Murdoch, Alice Walker, Rabiah Balki, Virginia Woolf, Anna Akhmatova, Emily Dickinson, Nangsa Obum and many more. Women—religious and secular, medieval and modern—have always demonstrated their own unique approach to matters of the spirit. Limited in their public

roles throughout much of history, women have been compelled to turn inward, developing rich interior lives in uniquely feminine ways. This anthology brings together women's writing from classic religious literature—Christian, Jewish, Buddhist, Muslim, and Hindu—as well as many passages of fiction and poetry that are truly undiscovered treasures of women's spirituality. With writers ranging from Helen Keller to Aung San Suu Kyi, from Agatha Christie and Ursula K. Le Guin to Rabi'a the Mystic and Hildegard of Bingen. Sarah Anderson's collection proves beyond a doubt that "the exploration of 'the hidden seas within' is a journey on which we can all embark."

Postils for Preaching

reprintinates an old term for commentaries on the appointed texts by assisting preachers in their time-honored calling of preaching the Word. "Post illa," some think,

probably refers to the reflecting "after this" (meaning upon the texts) that preachers must do in the context of the lives of their congregations and larger communities. These essays do not aim to be sermons but sermon-starters, goads and incitements to consider the assigned texts with serious imagination and good humor, all in the context of the church year and its inter-textual connections. The intention of this publication is to dip into a lifetime of that exegetical and homiletical "bag of tricks" as Jesus himself obliquely recommended when he noted how "every scribe who has been trained for the kingdom of heaven is like the master of a household who brings out of his treasure what is new and what is old" (Matt 13:52). Please consider these postils a "thesaurus" ("treasury") from which to borrow insights, references, and allusions as needed and found of value.

Eugene England

(1933-2001)—one of the most influential and controversial intellectuals in modern

Mormonism—lived in the crossfire between religious tradition and reform. This first serious biography, by leading historian Terryl L. Givens, shimmers with the personal tensions felt deeply by England during the turmoil of the late twentieth century. Drawing on unprecedented access to England's personal papers, Givens paints a multifaceted portrait of a devout Latter-day Saint whose precarious position on the edge of church hierarchy was instrumental to his ability to shape the study of modern Mormonism. A professor of literature at Brigham Young University, England also taught in the Church Educational System. And yet from the sixties on, he set church leaders' teeth on edge as he protested the Vietnam War, decried institutional racism and sexism, and supported Poland's Solidarity movement—all at a time when Latter-day Saints were ultra-patriotic and banned Black ordination. England could also be intemperate, proud of his own rectitude, and neglectful of political realities and relationships, and he was eventually forced from his academic position. His

last days, as he suffered from brain cancer, were marked by a spiritual agony that church leaders were unable to help him resolve.

The Brazos Theological Commentary on the Bible advances the assumption that the Nicene credal

tradition, in all its diversity, provides the proper basis for the interpretation of the Bible as Christian scripture. The series volumes, written by leading theologians, encourage readers to explore how the vital roots of the ancient Christian tradition inform and shape faithfulness today. In this addition to the series, respected theologian Kimlyn Bender offers a theological reading of 1 Corinthians. As with other volumes in the series, this commentary is designed to serve the church, providing a rich resource for preachers, teachers, students, and study groups. It demonstrates the continuing intellectual and practical viability of theological interpretation of the Bible.

A unique celebration of silence—in art, literature, nature, and spirituality—and an exploration of its ability to bring inner peace, widen our perspectives, and inspire the human spirit in spite of the noise of contemporary life. The pursuit of silence can force you to confront yourself, which is why many people do everything they can to try

and avoid it—often filling their world with vacuous sound. But it can also be transformative.

Ultimately, embracing quiet—in contemplation, meditation, in nature, or even by examining certain kinds of media—is necessary for personal and societal growth because it invites us to widen our perspective and become better listeners, and it makes room for a more compassionate approach to the world. Though our lives are bookmarked in silence—coming from an insulated womb, and going to another stillness in death—during our lifetime, we compete with exterior noise and a near-constant interior dialogue that judges, analyzes, compares, and questions. But, if we can get past this barrage, there lies a

quiet place well worth the search. This book encourages people to embrace this search, shedding light on silence through the lenses of topics including: spirituality, nature, lived experiences, the arts, darker sides of quiet, and ways forward.

Throughout, the author shares her own personal relationship and experiences with silence as well as perspectives from a diverse array of cultural figures like musicians, meditators, writers, and artists whose work emanates a profound feeling of quiet.
