Ernesto "Tito" Puente born in 1923 in Spanish Harlem is a tale about an impoverished Puerto Rican boy who grew up with the advent of radio and American swing bands. At age ten he aspired to be a dancer: another Fred Astaire. An ankle injury gave him the opportunity to explore his talent as a musician. At fourteen he won the coveted Benny Goodman, Gene Krupa drum contest.

Mambo Kingdon: Latin Music in New York Editorial Unimagdalena

Pupi y el Club de los dinosaurios Hal Leonard Corporation

Improvising Sabor: Cuban Dance Music in New York begins in 1960s New York and examines in rich detail the playing styles and international influence of important figures in US Latin music. Such innovators as José Fajardo, Johnny Pacheco, George Castro, and Eddy Zervigón dazzled the Palladium ballroom and other Latin music venues in those crucible years. Author Sue Miller focuses on the Cuban flute style in light of its transformations in the US after the 1959 revolution and within the vibrant context of 1960s New York. While much about Latin jazz and salsa has been written, this book focuses on the relatively unexplored New York charangas that were performing during the chachachá and pachanga craze of the early sixties. Indeed, many accounts cut straight from the 1950s and the mambo to the bugalú's development in the late 1960s with little mention of the chachachá and pachanga's popularity in the mid-twentieth century. **Improvising Sabor** addresses not only this lost and ignored history, but contends with issues of race, class, and identity while evaluating differences in style between players from prerevolution Cuban charangas and those of 1960s New York. Through comprehensive explorations and transcriptions of numerous musical examples as well as interviews with and commentary from Latin musicians, **Improvising Sabor** highlights a specific sabor that is rooted in both Cuban dance music forms and the rich performance culture of Latin New York. The distinctive styles generated by these musicians sparked compelling points of departure and influence.

The Metaphysical Club Univ. Press of Mississippi

Nachete decidiu fundar o club dos dinosauros e todos os que queiran participar teñen que achegar algo. Pupi non sabe que facer e por iso está moi tristeiro, ata que ve a Conchi preparar a cea e se lle ocorre unha grande idea.

Pupi, el extraterrestre, y la pandilla han ido a jugar a casa de Coque; este no quiere dejarles los juguetes y, sobre todo, odia perder. De pronto, la habitación se convierte en un saloon del lejano oeste y alguien aparece de improviso. ¿Qué pasará con Pupi y sus amigos? Estupenda historia que demuestra que el egoísmo y la avaricia no conducen a ninguna parte.

Pupi y la aventura de los cowboys AuthorHouse

In a memoir by turns moving, tragic, and hilarious, Jerry Lewis recounts with crystal clarity every step of his fifty-year friendship with Dean Martin. They were the unlikely of pairs—a handsome crooner and a skinny monkey, an Italian from Steubenville, Ohio, and a Jew from Newark, N.J.. Before they teamed up, Dean Martin seemed destined for a mediocre career as a nightclub singer, and Jerry Lewis was dressing up as Carmen Miranda and miming records on stage. But the moment they got together, something clicked—something miraculous—and audiences saw it at once. Before long, they were as big as Elvis or the Beatles would be after them, creating hysteria wherever they went and grabbing an unprecedented hold over every entertainment outlet of the era: radio, television, movies, stage shows, and nightclubs. Martin and Lewis were a national craze, an American institution. The millions flowed in, seemingly without end—and then, on July 24, 1956, ten years after it all started, it ended suddenly. After that traumatic day, the two wouldn't speak again for twenty years. And while both went on to forge triumphant individual careers—Martin as a movie and television star, recording artist, and nightclub luminary (and charter member of the Rat Pack); Lewis as the groundbreaking writer, producer, director, and star of a series of hugely successful movie comedies—their parting left a hole in the national psyche, as well as in each man's heart. In *Dean & Me*, Lewis makes a convincing case for Martin as one of the great—and most underrated—comic talents of our era. But what comes across most powerfully in this definitive memoir is the depth of

love Lewis felt for his partner, and which his partner felt for him: truly a love to last for all time.

How popular is soccer worldwide? Here's one indicator: 3.2 billion people—nearly half of the planet's population—tuned in to watch the 2010 World Cup on television. Soccer matches attract a gargantuan number of fans from around the globe due to the popularity of the sport itself but also because of the nationalism it inspires and the entertainment spectacle of the big games. Distinguished authors and sports authorities, Charles Parrish and John Nauright, examine how soccer impacts societies worldwide by shaping national identities, providing common ground for diplomatic issues, and forging economic and social development. This one-volume geographic guide studies the places in which soccer has a major impact, examining each region's teams, major tournaments, key players, and international performance. The authors organize the book geographically by region and country, with entries reviewing the history of the sport and cultural impact on the area. Each profile concludes with fascinating game-based statistics, such as winners of major tournaments and top goal scorers. The book covers 20 countries including England, Brazil, Egypt, the United States, Cameroon, and Korea.

Tito Puente Touring Editore

The Metaphysical Club is the winner of the 2002 Pulitzer Prize for History. A riveting, original book about the creation of modern American thought. The Metaphysical Club was an informal group that met in Cambridge, Massachusetts, in 1872, to talk about ideas. Its members included Oliver Well Holmes, Jr., future associate justice of the United States Supreme Court; William James, the father of modern American psychology; and Charles Sanders Peirce, logician, scientist, and the founder of semiotics. The Club was probably in existence for about nine months. No records were kept. The one thing we know that came out of it was an idea -- an idea about ideas. This book is the story of that idea. Holmes, James, and Peirce all believed that ideas are not things "out there" waiting to be discovered but are tools people invent -- like knives and forks and microchips -- to make their way in the world. They thought that ideas are produced not by individuals, but by groups of individuals -- that ideas are social. They do not develop according to some inner logic of their own but are entirely dependent -- like germs -- on their human carriers and environment. And they thought that the survival of any idea depends not on its immutability but on its adaptability. The Metaphysical Club is written in the spirit of this idea about ideas. It is not a history of philosophy but an absorbing narrative about personalities and social history, a story about America. It begins with the Civil War and ends in 1919 with Justice Holmes's dissenting opinion in the case of *U.S. v. Abrams*—the basis for the constitutional law of free speech. The first four sections of the book focus on Holmes, James, Peirce, and their intellectual heir, John Dewey. The last section discusses some of the fundamental twentieth-century ideas they are associated with. This is a book about a way of thinking that changed American life.

Proceedings of The New England Railroad Club Crown

A biography of the band leader and recording artist who grew up in Spanish Harlem and gained worldwide popularity as the "King of Latin Music."

Bulletin Arcadia Publishing

The topic of this book may seem unusual to some since there may be those who believe that Puerto Rican women may not have entered the jazz milieu during its early history. Nevertheless, an aim of the book is to dispel this and other false generalizations. The contents of this volume will document how Puerto Rican women were not only present in early jazz but how they played trailblazing and innovative roles and contributed to the emergence of the genre in the States and abroad. This work will present information that is confirmable through a variety of sources. The book may not be the definitive work on the subject but will serve as a starting point to: -document the success and achievement of several Puerto Rican women from the jazz age -consider the different strategies used for success in jazz and film by women -illustrate the evolution of various careers -consider the different personal circumstances under which success was achieved -consider how women in contemporary jazz and film can learn from their predecessors -provide women: older, young, and youthful, examples of success with documentary evidence on how to achieve Book Organization The book is organized into sections that cover a brief history of significant Puerto Rican women in music and the performing arts followed by biographical descriptions of pioneering women in jazz and film. The book also contains a brief discussion on Puerto Rican women in jazz today followed by a discussion surrounding issues affecting women in the arts today. Throughout the text there is commentary on the situations facing women, especially, male chauvinism, colonialism, racism, and anti-women prejudice in jazz. Every effort was made to include only facts that are easily confirmable. Unsupported tales or questionable events are avoided to ensure that the material contained in the volume can be used for teaching purposes and for curriculum development when credit is given to this work. In the process of developing the central theme of this volume, special effort was made to document those experiences where Puerto Rican women collaborate with members of the African American community to confirm how the cross-cultural collaboration resulted beneficial to both ethnic peoples. The book will detail the many instances where members of the African-American community assisted the fledgling Puerto Rican artists achieve success and

stardom. Figures such as Helen Elise Smith, David J. Martin, Will Marion Cook, Ada 'Bricktop' Smith, Dr. Laurence Clifton Jones, and other distinguished African-Americans are described. My hope is that this information will be added to historic works in African-American Studies.

Dogdom

Shortly after Puerto Ricans were granted U.S. citizenship in 1917, they began moving into an uptown Manhattan neighborhood that would become known as "Spanish Harlem." By 1930, Afro-Cuban music had gained a firm foothold in the city, setting the stage for the mambo, boogaloo, salsa and Latin-jazz scenes that followed. In this collection of profiles and essays, Max Salazar, perhaps the most eminent Latin-music historian in the United States, tells the story of the music and the musicians who made it happen, including Tito Puente, Machito, Tito Rodriguez, Charlie and Eddie Palmieri, Hector Lavoe and many others.
