The bestselling novelist and award-winning Hollywood producer weaves a high-tension novel of suspense around a chilling conspiracy of corruption within the LAPD, reminiscent of the classic movie "Chinatown." Inside the department, they're called Tin Collectors: Internal Affairs Agents, the police of the police. If they catch you breaking the rules, they'll come after your badge. If they want you badly enough, they'll collect more than just your tin. LAPD Detective Shane Scully is startled awake in the middle of the night by a call from his ex-partner's wife, who is being beaten by her abusive husband. Racing to their house to stop the fight, Scully ends up killing his ex-partner, a cop who is beloved within the department. Suddenly, Scully finds himself an outcast, shunned by his fellow cops who intend to exact vengeance no matter what the cost. Internal Affairs zeroes in on the "renegade" cop with their sharpest young prosecutor, the ice queen Alexa Hamilton, who has her own reasons for taking revenge on Scully. Desperate to save his career, Scully starts kicking over rocks within the LAPD. What he uncovers is pure evil: a conspiracy going to the very top that ultimately threatens not just his own life but that of a young teenage boy, Chooch, entrusted to Scully's care by his mother - Sandy Sandoval. Known as the Black Widow, Sandy is a beautiful and courageous woman who also happens to be the LAPD's most important undercover informant, and Scully will do anything to keep her son safe. Stephen J. Cannell combines mystery and violence, loyalty and passion in a tale with an ending as unpredictable as LA itself.

With a blend of statistical analysis, opinion, love for the game, and a healthy dash of humor, authors Michael Kun and Adam Hoff challenge the myths and beliefs that have long afflicted football. No subject is off limits. The greatness of the 1972 Miami Dolphins? Skewed. America's Team? Put in its place. Pittsburgh's Berkowitz Fish Sandwich? Praised, obviously. Joe Namath? Well, he gets a little bit of everything. The Football Uncyclopedia gives equal time to owners and champions, stadiums and cities. It rushes to the defense of everyone from Shaun Alexander to Kurt Warner and of everything from the Heisman Trophy to Randall Cunningham's marble business. It focuses on player legacies, NFL history, and hot-button issues, but it also delves into topics like celebrity misbehavior, on-air kisses,

and the film *Ace Ventura: Pet Detective*. The *Football Uncyclopedia* covers the names, the nuances, and everything in between that make football an enduring American phenomenon. [Texas Silly Football Sportsmysteries](#) Independently Published

In *IN MY HANDS*, surgical oncologist Dr. Steven Curley shares the empowering lessons he's learned over 25 years from his cancer patients' unique stories of struggle, perseverance, and triumph. As Chief of Surgical Oncology at Baylor College of Medicine, Dr. Steven Curley has worked with cancer patients for over two decades. While his life's work has been to help his patients live longer lives, he found that they helped him in ways he never could have expected. *IN MY HANDS* is a rare, often emotional look at some of Dr. Curley's real patients and real situations in modern cancer care. These stories of resilience, hope, and determination changed and inspired Dr. Curley, and he uses these same stories to encourage patients dealing with the fear and uncertainty coupled with a diagnosis of cancer. Every story in the book has a theme inspired by his patients: Hope, Courage, Strength, Determination, Wonder, Cooperation, Creativity, Diligence, Service, Perseverance, Wisdom, Grace, Consideration, Gratitude, Discernment, Reverence, Resourcefulness, Faith, Beauty, Acceptance, and Empathy. Some are positive messages, reminding us of the importance of maintaining balance between family, work, and leisure activities. Others are examples of the

remarkable resilience of the human spirit when facing the reality of and the surgical risks that accompany a cancer diagnosis. Realistically, despite remarkable advances in multidisciplinary cancer care, some remind us cancer is still a potentially lethal and destructive disease affecting patients and the family and friends supporting them. While many people are told that there is no hope in their situation, Dr. Curley's patients taught him to always provide hope, to push the envelope and give people a chance, and that hope is a critical component of treatment and care. *IN MY HANDS* is medical narrative at its finest, and provides insight into medicine and patient care along with fascinating details about one of our most feared diseases.

Following the success of his first book, the 2009 sleeper, "Why I Hate Straws," online humor columnist Barry Parham delivers again. Satire at its best! Includes the award-winning stories "Actuarial Family Theater" and "Perfect!" on *Fads & Fashion*... In the interest of full disclosure, I admit there's an extant 1970's photo of me and a date, posing for the obligatory parental pre-prom photo. My date was gorgeous, and sane. I, on the other hand, showed up with the hair of a medieval barber. I looked like an electrocuted yak. on *St. Valentine's Day*... Somehow, February got this reputation as a month of romance, maybe because it's cold. Plus, football's gone and we're stuck with the wildly popular sport of bowling, where you almost never get to see any serious violence. *St. Valentine's Day* contains vestiges of both early Christian and ancient Roman traditions, alongside other time-honored traditions, like hot-dish picnics and mass public executions. *Holiday Factoid*: "vestigis" is the classical Greek plural of "vest." on *Typos*... A local TV station was updating the community on snowstorm-based church closings. According to the typists at the station, there was a church somewhere called *St. Martyr*. Imagine - an entire religious sect dedicated to turning people into Ernest Borgnine.
