The Petticoat Plot Scarlett Steele
Female Domination, Forced Feminization, Male Chastity, Humiliation, Bondage, Discipline, Pegging, Strap-on play, all with dubious consent. This story revisits the lovely 'Sadistic Sadie' from 'Human Dog: Puppy Play Erotica'. David is in town to sign on, he calls for a pint while he's there and gets mocked for being a 'dole dossier' by a beautiful female photographer who joins him at the bar. He claims he wants to work and that he'd take anything that was offered to him, what he didn't realize was that he was about to be offered a job a model for fetish, BDSM, female domination and Forced Feminization photographs. After being more or less bullied into agreeing to it he finds himself driven to her studio only to be directed into performing humiliating acts for her camera, cross-dressing and acting quite the sissy. At the end of the shoot, he's ended up locked into a severe and cruel 'Kali's Teeth Bracelet' or KTB chastity device, which prevents erections and playing with himself. His dominant photographer has taken a shine to him though and though she doesn't have the key to his device, offers for him to stay for a while afterwards. His treatment as a submissive and her constant verbal humiliation of him has a profound effect on him, making him more and more submissive. When he gets home that night, still locked firmly in the KTB chastity device and partially feminized, he finds his sister taking advantage of his situation and humiliating him further. The next day, he begins by being further feminized at the Beautician's and then finds the

mysterious, dominant girl he saw leading a guy out of the 'Highway Man' the previous week is going to be the female model dominating him. Just when things couldn't get any worse he finds himself on the receiving end of severe corporal punishment, in the shape of spanking and caning for the camera, then he gets the full forced feminization treatment as he's turned into a submissive, chaste, sissy maid. The final insult comes when Sadie violates him for the camera, giving him a pegging whilst feminized and in chastity that he will never forget. At the end of the shoot, Helen has enjoyed using him as both her model and sissy slave she offers him a choice, take the royalty payments and go, or become her live-in, chaste sissy maid and fetish photography model.

"Dave King and Richard Ekins are the leading world sociologists in this field. The book brings together a brilliant synthesis of history, case studies, ideas and positions as they have emerged over the past thirty years, and brings together a rich but always grounded account of this field, providing a state of the art of critical

concepts and ideas to take this field further during the twenty first century." - Ken Plummer, University of Essex "An outstanding survey of the evolution of trans phenomena, splendidly written, highly informative, scholarly at its best, yet easy to read even for those neither trans nor sociologist. Ekins and King, experts in the field, unroll the panoramas of sex, gender, and transgending that have evolved during the last decades. For everyone wanting to understand the interaction of women and men and of those who cannot or will not identify with either of these two categories, reading this book is a must, and a real pleasure." - Friedmann Pfaefflin, University of ULM This groundbreaking study sets out a framework for exploring transgender diversity for the new millennium. It sets forth an original and comprehensive research and provides a wealth of vivid illustrative material. Based on two decades of fieldwork, life history work, qualitative analysis, archival work and contact with several thousand cross-dressers and sex-changers around the world, the authors distinguish a number of contemporary transgending 'stories' to illustrate: The binary male/female divide The interrelations between sex, sexuality and gender The interrelations between the main sub-processes of transgending. Wonderfully insightful, *The Transgender Phenomenon* develops an original and innovative conceptual framework for understanding the full range of the transgender experience.

There is a lot of variety in the world of fetish and kink, with limitless possibilities for creativity in sensual play. Many people unfamiliar with this lifestyle immediately focus on the more obvious or superficial aspects, like honorific nicknames or corsets and leather boots. But for people who participate in fetishes as a lifestyle, the practices and games are an essential part of their relationship, with its own set

of rules and standards. One particularly interesting subculture within the world of kink is that of the female keyholder and her chastised male subordinate. The phrase "male chastity" probably immediately spooks some men, or excites others (whether they are willing to admit it or not). Either attitude is amusing to the sophisticated woman with a predilection for domination and control. For submissive men, there are many benefits to a male chastity arrangement. The calculating domme will use all of her feminine charms to her advantage, establishing a system of rules meant to keep her man under lock and key. Literally. The popularity of male chastity devices has soared in recent years, and although this be taboo, it's something many people talk about behind closed doors. Conveniently hidden under clothes, male chastity devices provide necessary restriction for the man and allowing his dominant complete control over his orgasms. These devices are a valuable tool for the modern dominant woman, and excellent for contemporary "tease and denial" games. Exploring male chastity can be a fun new game for adventurous couples, or a complete long-term lifestyle for kinky pairs. Whatever the relationship type, employing a male chastity device sends a clear message: he's on lockdown, and she holds the key.
