A New York Times Editors' Choice • Best Book of the Year: Time, NPR, Bookpage, L.A. Times What does it mean to be American? In this starkly illuminating and impassioned book, Pulitzer Prize-finalist Laila Lalami recounts her unlikely journey from Moroccan immigrant to U.S. citizen, using it as a starting point for her exploration of American rights, liberties, and protections. "Sharp, bracingly clear essays."—Entertainment Weekly Tapping into

history, politics, and literature, she elucidates how accidents of birth—such as national origin, race, and gender—that once determined the boundaries of Americanness still cast their shadows today. Lalami poignantly illustrates how white supremacy survives through adaptation and legislation, with the result that a caste system is maintained that keeps the modern equivalent of white male landowners at the top of the social hierarchy. Conditional citizens, she argues, are all the people with whom America embraces with one arm and pushes away with the other. Brilliantly argued and deeply personal, *Conditional Citizens* weaves together Lalami's own experiences with explorations of the place of nonwhites in the broader American culture.

Genius & Anxiety Revell

The long-awaited new book from the acclaimed short story writer, author of *The Elizabeth Stories* and *You Never Know*. *Belonging* is pure pleasure to read -- entertaining, beautifully written, laced with gentle humour and perceptive insights. Shifting from memoir to fiction, it focuses on the commonplace experiences underlying our lives that are the true basis for storytelling. At the book's core is Isabel Huggan's old house in rural France, from where she contemplates the real meaning of "home," and the mysterious manner in which memory gives substance to ordinary things around us. With a light touch, she brings to life the people she has met in her travels from whom valuable lessons have been learned. Isabel Huggan writes with the candour and compassion that made her earlier books so well loved, and here she speaks even more clearly from the heart. *Belonging* is an intimate conversation between the narrator who needs to examine her life because it has not turned out as she expected, and her readers,

who will find their own concerns illuminated in surprising ways. Slowly, a pattern emerges as certain motifs become apparent: happiness, friendship, landscape, language, heartache. As the book draws to a close, readers will understand the fictional character who says, "There is nothing in our lives that doesn't fit."

As in the author's previous picture book, *Window*, this book is observed through the window of a house in a typical urban neighbourhood, each picture shows time passing. This is *Window* in reverse, with the land being reclaimed from built-up concrete to a gradual greening.

Set during the years of the British Raj, Umi Sinha's unforgettable debut novel is a compelling and finely wrought epic of love and loss, race and ethnicity, homeland - and belonging. Lila Langdon is twelve years old when she witnesses a family tragedy after her mother unveils her father's surprise birthday present - a tragedy that ends her childhood in India and precipitates a new life in Sussex with her Great-aunt Wilhelmina. From the darkest days of the British Raj through to the aftermath of the First World War, *BELONGING* tells the interwoven story of three generations and their struggles to understand and free themselves from a troubled history steeped in colonial violence. It is a novel of secrets that unwind through Lila's story, through her grandmother's letters home from India and the diaries kept by her father, Henry, as he puzzles over the enigma of his birth and his stormy marriage to the mysterious Rebecca.

Gold Nautilus Award Winner: “A must-read for anyone who wants to understand the mess we are in today and what we need to do.” —George Halvorson, former CEO, Kaiser Permanente We are living in a time of mounting political segregation that threatens to tear us apart as a unified society. As we become increasingly tribal, the narratives of life that we get exposed to on a daily basis have become echo chambers in which we hear our beliefs reinforced and others’ beliefs demonized. At the core of tribalism exists a paradox: As humans, we are hardwired with the need to belong, which ends up making us deeply connected with some yet deeply divided from others. When these tribes are formed out of fear of the “other,” on topics such as race, immigration status, religion, or partisan politics, we resort to an “us versus them” attitude. Especially in the digital age, when we are all interconnected in one way or another, these tensions seep into our daily lives and we become secluded with our self-identified tribes. In this book, global diversity and inclusion expert Howard J. Ross, with JonRobert Tartaglione, explores how our human need to belong is the driving force behind the increasing division of our world. Drawing upon decades of leadership experience, Ross probes the depth of tribalism, examines the role of social media in exacerbating it, and offers tactics for how to combat it. Filled with tested practices for opening safe and honest dialogue in the workplace and challenges to confront our own tendencies to bond automatically with those who are like us—or seem to be—Our Search for Belonging is a powerful statement of hope in a disquieting time.

Everything in Its Place Twelve

In the second of two volumes of this magnificently illustrated

cultural history—the tie-in to the PBS and BBC series *The Story of the Jews*—Simon Schama details the story of the Jewish people, spanning from their expulsion from Spain during the Inquisition across six hundred years to the present day. It is a story like no other: an epic of endurance against destruction, of creativity in the face of oppression, joy amidst grief, the affirmation of life against the steepest of odds. It spans the centuries and the continents—from the Iberian Peninsula and the collapse of “the golden age” to the shtetls of Russia to the dusty streets of infant Hollywood. Its voices ring loud and clear, from the philosophical musings of Spinoza to the poetry written on slips of paper in concentration camps. Within these pages, the Enlightenment unfolds, a great diaspora transforms a country, a Viennese psychiatrist forever changes the conception of the human mind. And a great story unfolds. Not—as often imagined—of a people apart, but of a Jewish culture immersed in and imprinted by the peoples among whom they have dwelled. Which, as Simon Schama so brilliantly demonstrates, makes the story of the Jews everyone’s story, too. *The Story of the Jews Volume 2* features 24 pages of color photos, numerous maps, and printed endpapers.

A leading poet and a theologian reflect on the Old Testament story of Ruth, a tale that resonates deeply in today’s world with its themes of migration, the stranger, mixed cultures and religions, law and leadership, women in public life, kindness, generosity and fear. Ruth’s story speaks directly to many of the issues and deep differences that Brexit has exposed and to the polarisation taking place in many societies. Pádraig Ó Tuama and Glenn Jordan bring the redemptive power of Ruth to bear on

today's seemingly intractable social and political divisions, reflecting on its challenges and how it can help us be effective in the public square, amplify voices which are silenced, and be communities of faith in our present day. Over the last year, the material that inspired this book has been used with over 6000 people as a public theology initiative from Corrymeela, Ireland's longest-established peace and reconciliation centre. It has been met with an overwhelming response because of its immediacy and relevance, enabling people with opposing views to come together and be heard.

In this magnificently illustrated cultural history—the tie-in to the pbs and bbc series *The Story of the Jews*—simon schama details the story of the jewish people, tracing their experience across three millennia, from their beginnings as an ancient tribal people to the opening of the new world in 1492 It is a story like no other: an epic of endurance in the face of destruction, of creativity in the face of oppression, joy amidst grief, the affirmation of life despite the steepest of odds. It spans the millennia and the continents—from India to Andalusia and from the bazaars of Cairo to the streets of Oxford. It takes you to unimagined places: to a Jewish kingdom in the mountains of southern Arabia; a Syrian synagogue glowing with radiant wall paintings; the palm groves of the Jewish dead in the Roman catacombs. And its voices ring loud and clear, from the severities and ecstasies of the Bible writers to the love poems of wine bibbers in a garden in Muslim Spain. In *The Story of the Jews*, the Talmud burns in the streets of Paris, massed gibbets hang over the streets of medieval London, a Majorcan illuminator redraws the world; candles are lit, chants

are sung, mules are packed, ships loaded with gems and spices founder at sea. And a great story unfolds. Not—as often imagined—of a culture apart, but of a Jewish world immersed in and imprinted by the peoples among whom they have dwelled, from the Egyptians to the Greeks, from the Arabs to the Christians. Which makes the story of the Jews everyone's story, too.

The Belonging Tree is a thoughtful picture book about respect, inclusion, and acceptance in a woodland community of animals from writer Maryann Cocca-Leffler and illustrator Kristine A.

Lombardi. Life was ordinary in the big oak tree on Forest Lane. Squirrels lived in every part of the tree, and the Gray squirrel family inhabited the knot in the middle. Can't everything remain just as it was? It will take an unexpected moment of heroism from a thoughtful inhabitant to finally open hearts and bind together this diverse animal community. The world has never been more connected, yet people are lonelier than ever. Whether we feel unworthy, alienated, or anxious about our place in the world — the absence of belonging is the great silent wound of our times. Most people think of belonging as a mythical place, and they spend a lifetime searching for it in vain. But what if belonging isn't a place at all? What if it's a skill that has been lost or forgotten? With her signature depth and eloquence, Toko-pa maps a path to Belonging from the inside out. Drawing on myth, stories and dreams, she takes us into the origins of our estrangement, reframing exile as a necessary initiation into authenticity. Then she shares the competencies of belonging: a set of ancestral practices to heal our wounds and restore true belonging to our lives and to the world.

The Edge of Belonging Scribner

Where does God meet us in this life? Rooting Christian faith in joy, freedom, and trust that God interacts with us in this life, *The Deepest Belonging: A Story of Discovering Where God Meets Us*

invites readers to walk through surprising doorways--weakness, vulnerability, smallness, rest, and honesty--into a new perspective of the Christian life and the role of the pastor. Kara Root draws wisdom from three compelling stories, all about finding freedom on the other side of fear. In one thread, Marty, a member of the small congregation Root serves, learns that he is dying. In the second, Root finds that her once-invincible faith of assurance and answers collapses. These stories come together in a third, when the congregation does a unique and counterintuitive thing: it commissions Marty to a "ministry of dying." By embracing instead of fleeing death, Marty, this community, and Root herself are infused with life through shared experiences of God. They learn to be vulnerable and brave. They discover--again and profoundly--an unguarded faith of wondering and watching for God's presence. This is a book for all pastors and church leaders, as well as for those disillusioned with Christianity and the church and longing for something more real and honest. It explores questions such as: How does God meet us? What is church for? What is a pastor? What does it mean to be truly human? *The Deepest Belonging* is a call not to resist but to embrace our vulnerability. As a move away from religion seeking security, protection, and influence, this story invites individuals and congregations to return bravely to the core of our humanity: our belonging to God and one another.

* Winner of the National Book Critics Circle Award * Silver Medal Society of Illustrators * * Named a Best Book of the Year by The New York Times, The Boston Globe, San Francisco Chronicle, NPR, Comics Beat, The Milwaukee Journal-Sentinel, Kirkus Reviews, and Library Journal This "ingenious reckoning with the past" (The New York Times), by award-winning artist Nora Krug investigates the hidden truths of her family's wartime history in Nazi Germany. Nora Krug was born decades after the fall of the Nazi regime, but the Second World War cast a long shadow over her childhood and youth in the city of Karlsruhe, Germany. Yet she knew little about her own family's involvement; though all four grandparents lived through the war, they never spoke of it. After twelve years in the US, Krug realizes that living abroad has only intensified her need to ask the questions she didn't dare to as a child. Returning to Germany, she visits archives, conducts research, and interviews family members, uncovering in the process the stories of her maternal grandfather, a driving teacher in Karlsruhe during the war, and her father's brother Franz-Karl, who died as a teenage SS soldier. In this extraordinary quest, "Krug erases the boundaries between comics, scrapbooking, and collage as she endeavors to make sense of 20th-century history, the Holocaust, her German heritage, and her family's place in it all" (The Boston Globe). A highly inventive, "thoughtful, engrossing" (Minneapolis Star-Tribune) graphic memoir, *Belonging* "packs the power of Alison Bechdel's *Fun Home* and David Small's *Stitches*" (NPR.org).
