Nick Gyver Pocket Books  
Comprehensive analysis of Patriot

movement and New World Order. A reference work with 833 footnotes. Warnings from many authorities about a corporate police state. Hundreds of influential people call for a one

world government, end of U.S. sovereignty, end of the U.S. Constitution, transference of the U.S. military to the UN, and a global police force. The UN is to become the center of a world government. The destruction of nationalism, patriotism, property rights, and the family unit is promoted. All nations must ultimately join a world government and those who resist will be attacked. The media never discusses this. Topics reviewed: corporate dominance, the secret government, state sovereignty vs. federal control, out of control intelligence community, Oklahoma bombing and cover-up, left and right working together, hidden U.S. history, role of the militias in U.S. history,

past martial law in the U.S., murder as a political weapon, GATT and NAFTA, radiation/biological experiments on people, and a corporate plot for a dictatorship in the 1930s which Congress confirmed.

Hearing on a New Act for a New World Order

Simon and Schuster Tells the story of Arabs who, from the very beginning of the Arab-Israeli encounter, sided with the Zionists and aided them politically, economically, and in security matters. This book features Bedouins who hosted Jewish neighbors, weapons dealers, and pro-Zionist propagandists.

University of Pennsylvania Press  
Rebecca West's gripping chronicle of

England's World War II traitors, expanded and updated for the Cold War era. In *The Meaning of Treason*, Rebecca West tackled not only the history and facts behind the spate of World War II traitors, but the overriding social forces at work to challenge man's connection to his fatherland. As West reveals in this expanded edition, the ideologically driven amateurs of World War II were followed by the much more sinister professional spies for whom the Cold War era proved a lucrative playground and put Western safety at risk. Filled with real-world intrigue and fascinating character studies, West's gripping narrative connects the war's treasonous acts with

the rise of Communist spy rings in England and tackles the ongoing issue of identity in a complex world.

The Council on Foreign Relations (CFR)

describes itself as a sort of social club where the rich and powerful get together to discuss national and international politics from a rational, non-partisan, patriotic perspective. But, really, what is the Council on Foreign Relations? The CFR is many things. It is a millionaires club, a communo-fascist party in power, an intelligence agency, a think tank, a criminal gang, an association of assassins and mass murderers, a cabal of sociopaths and

psychopaths, a sect involved in the occult and a pirates' den. Moreover, the CFR is the visible head of the Invisible Government of the United States. Its core nucleus is composed of international bankers, oil magnates and CEOs of transnational corporations. But, most importantly, the CFR is the true axis of evil in the world. The CFR's main enemy is the people of the world, particularly the American people. This explains why, behind every single act of treason against the American people, you can always find, hiding in the shadows, one or more members of the Council on Foreign Relations. The CFR's true, secret goal, is the elimination of 85 percent of the world's

population as the first step in establishing a New World Order - a communo-fascist totalitarian dictatorship with just two social classes: the all-powerful masters, living in opulence, and the other 99 percent of the population, made up of oppressed serfs, with no rights at all, living in the most abject economic and moral poverty under a total surveillance police state. Is it time to overthrow the Invisible Government of the United States? Read this book carefully and reach your own conclusions. National Security in the New World Order Tate Publishing & Enterprises August, 1806. As Britain fights alone against France, the greatest political

chancer of his age hatches an audacious plot to upend the world order. Only one man stands in his way. Unfortunately, that man is Lieutenant Martin Jerrold. With powerful enemies in England to escape, Jerrold is only too happy to undertake a routine mission to America. But he'll soon wish he had stayed at home, as his journey takes him across pirate-infested seas, through the wilderness of the American frontier and down the mighty Mississippi river - into the heart of an extraordinary conspiracy. The stakes are high - the entire future of Britain's war against Napoleon rests in his not-so-capable hands. One wrong move and the consequences will be

catastrophic, even by Jerrold's own dismal standards.

*America Betrayed*

Center Street

1899, Sand Island,

Wisconsin. Bridget

Lederle resides in the

lighthouse she's

tended since her father

died. Here, on the

rocky shore of Lake

Superior, she's alone

with the bitter

ignominy of her birth,

the shame of her love child's death, and the ghost of a mother she never really knew... That all changes on the wintry night she rescues a mysterious, charismatic stranger whose boat is nearly dashed upon the rocks. After she's nursed him back to health, he tells her a fantastical tale...of another world, where somehow only she can save the beleaguered Empress from sorcerous plottings to usurp the throne. His tale is wildly fanciful, yet Bridget feels somehow drawn to his world, to the empire of Isavalta. Kalami, her handsome, charming patient, transports her with him from Lake Superior to a dazzling world that seems like a dream... But if Isavalta is a dream, Bridget's new

life is a nightmare. Caught in a magical crossfire between the powerful Dowager Empress, her daughter-in-law, and the sorcerers who serve their mistresses and other more subtle ends, she doesn't know whom to trust, whom to beware...With the fate of an empire at stake and her heart torn by conflicting desires, she becomes a reluctant player in a deadly game of politics and magic with rules as hard to untangle as the knots in a silken tassel or the threads of a woven rug. As she attempts to see beyond the masks of power and discover truth in a world where magical spells can take almost any form, each hour she spends in the luxury of Isavalta's court binds her more

tightly in the seductive embrace of secrets from her own past and of unfulfilled yearnings she can't deny. A stranger in this bedazzling place, she must find a path to salvation - for herself and for her new, otherworldly home - but that path seems rockier than the Lake Superior shore she left behind.

**New World Order?**

Lulu Press, Inc  
 Major Brooke Grant must track down the double agent who is infiltrating the U.S. government in this international thriller from influential politician Newt Gingrich and Pulitzer Prize finalist Pete Earley. Brooke Grant has been waging war against terrorism since her parents were murdered during 9/11,

keenly aware that violence transcends borders. But after a coordinated attack on the president at a Washington power broker's funeral, she realizes that the enemy is closer than she'd ever imagined, hiding in plain sight. The Falcon has gained a weapon no terrorist has ever wielded before: an American-born traitor burrowed inside the U.S. government itself. Major Grant's deadly chess match with the Falcon turns personal when he issues a fatwa against her and those she loves. Can she unmask the traitor and stop the Falcon's most skilled assassin sent to kill her before he strikes? Or will she fall victim to betrayal by a false friend in this gripping story of

treachery, courage, and the patriotic fight against evil? In this realistic tale of modern-day treason, a nation fights for its life against an internal threat: a fanatical jihadist who uses liberty as a shield while trying to destroy the civilization created in its image. With decades of knowledge in national security and politics, only Newt Gingrich and Pete Earley could spin such a vivid mix of reality and fiction -- a page-turner that dares readers to guess where the line between the two is crossed.!--~b~--span

*Treason's River* DP Incorporated  
Donald Trump's New World Order addresses U.S. foreign policy initiatives during Mr. Trump's Presidency,

appeasing traditional enemies such as Russia and undermining allies such as NATO and the European Union. In the book, Ambassador T. Hamid Al-Bayati outlines, region by region, policy by policy, the administration's misguided, and sometimes corrupt, initiatives and decisions, which could potentially lead to regional conflict and global war. Highlighted within the text are the administration's relationships and interactions with Russia, China, North Korea, and the Middle East, as well as within the United States. The author's critical review of Trump's foreign policy includes the impact of trade wars, military escalation, and changing global

relationships, Ambassador Al-Bayati paints a stark picture of the present standing of the U.S. and a dark future that looms on the horizon. Many experts agree that Trump's foreign policy lacks coordination, consistency, and organization. Trump often contradicts himself and his supporting staff. Concerned Americans and U.S. allies struggle to find coherence in the Trump administration's foreign policy. It zigs and zags, with senior administration officials saying one thing and President Trump contradicting them without warning the next day. It punishes U.S. allies and coddles U.S. adversaries; it privileges demagoguery over democracy. Mr.

Trump's approach appears impulsive, improvisational and inchoate—devoid of clear purpose, values or even ideology. Ambassador Al-Bayati leaves nothing unexplored as he strives to organize and explain the current and future implications of Mr. Trump's presidency and policy.

*America in Peril*

PHOENIX SOURCE  
DISTRIBUTORS, INC.

A stunning coming-of-age novel set against the backdrop of the English Civil War, as one extraordinarily loyal and headstrong girl battles to save the people she loves In 1640 London 15-year-old Henrietta Challoner dreams of adventure, of a life lived at the gallop, of the opportunities afforded to her brothers, Ned

and Sam. She cannot know how devastatingly real these dreams will become, as the country slides towards vicious civil war. The crisis threatens to tear Henrietta's family apart. As religious and political tensions spill into the streets, they all must decide what comes first—their family, their country, or their desires. But while she strives to maintain the peace at home, Henrietta becomes embroiled in a deeper plot: to hand London over to the King.

What will President Brighten do?

**Returning to America** Routledge

"We're mad as heck and we're not going to take it anymore!" This is the rallying cry heard all over America! Yes, these are the words of protest voiced by irate Americans as they join or form unorganized militias from Florida to Oregon and California to Maine. It's time to get angry! It's time to get involved in the battle for America's survival. Yes it's time—unless, that is, you'd rather live and die as a slave under an iron-fisted New World Order dictatorship! A tyranny policed by the rabidly

anti-American UN! The choice is yours!  
Donald Trump's New World Order Authors Choice Press  
 In early modern Europe, international law emerged as a means of governing relations between rapidly consolidating sovereign states, purporting to establish a normative order for the perilous international world. However, it was intrinsically fragile and uncertain, for sovereign states had no acknowledged common authority that would create, change, apply, and enforce legal norms. In *Imagining World Order*, Chenxi Tang shows that international world order was as much a literary as a legal matter. To begin with, the poetic imagination

contributed to the making of international law. As the discourse of international law coalesced, literary works from romances and tragedies to novels responded to its unfulfilled ambitions and inexorable failures, occasionally affirming it, often contesting it, always uncovering its problems and rehearsing imaginary solutions. Tang highlights the various modes in which literary texts—some highly canonical (Camões, Shakespeare, Corneille, Lohenstein, and Defoe, among many others), some largely forgotten yet worth rediscovering—engaged with legal thinking in the period from the sixteenth to the eighteenth century. In tracing such engagements, he

offers a dual history of international law and European literature. As legal history, the book approaches the development of international law in this period—its so-called classical age—in terms of literary imagination. As literary history, Tang recounts how literature confronted the question of international world order and how, in the process, a set of literary forms common to major European languages (epic, tragedy, romance, novel) evolved.

Mike Champ Atlantic Books

The stakes are high . . . and the entire world is waiting for the verdict. The Navy has uncovered a group of radical Islamic clerics who have infiltrated the Navy Chaplain

Corps, inciting sailors and marines to acts of terrorism. And Lieutenant Zack Brewer has been chosen to prosecute them for treason and murder. Only three years out of law school, Zack has already made a name for himself, winning the coveted Navy Commendation medal. Just coming off a high-profile win, this case will challenge the very core of Zack's skills and his Christian beliefs—beliefs that could cost him the case and his career. With Diane Colcernian, his staunchest rival, as assistant prosecutor, Zack takes on internationally acclaimed criminal defense lawyer Wells Levinson. And when Zack and Diane finally agree to put aside their animosity, it causes

more problems than they realize.  
ROGUE 17 Penguin UK Red Sparrow is now a major motion picture starring Jennifer Lawrence and Joel Edgerton! The thrilling sequel to Red Sparrow—CIA insider Jason Matthews’s compulsively readable New York Times bestseller and Edgar Award winner—featuring Russian spy Dominika Egorova and CIA agent Nate Nash “shimmers with authenticity. The villains are richly drawn...the scenes of them on the job are beyond chilling” (The New York Times Book Review). Captain Dominika Egorova of the Russian Intelligence Service despises the oligarchs, crooks, and thugs of Putin’s Russia—but

what no one knows is that she is also working for the CIA. Her “sparrow” training in the art of sexual espionage further complicates the mortal risks she must take, as does her love for her handler Nate Nash—a shared lust that is as dangerous as treason. As Dominika expertly dodges exposure, she deals with a murderously psychotic boss, survives an Iranian assassination attempt and attempts to rescue an arrested double agent—and thwart Putin’s threatening flirtations. A grand, wildly entertaining ride through the steel-trap mind of a CIA insider, Palace of Treason is a story “as suspenseful and cinematic as the best spy movies” (The Philadelphia

Inquirer)—one that feels fresh and so possible, in fact, that it's doubtful this novel can ever be published in Russia.

"The definition of treason was so contested and the process of the prosecution so fluid that the trials Cunningham explores provide important resources for those

interested in the early modern

period."—Katharine Eisaman Maus, University of Virginia

**Current Opinion**

Taylor & Francis

Before international relations in the West, there were Christian-infidel relations.

*Infidels and Empires in a New World Order* decenters the dominant story of international relations beginning with Westphalia in 1648 by looking a century earlier to the Spanish imperial debate at Valladolid addressing the conversion of native peoples of the Americas. In addition to telling this crucial yet overlooked story from the colonial margins of Western Europe, this book examines the Anglo-Iberian Atlantic to

consider how the ambivalent status of the infidel other under natural law and the law of nations culminating at Valladolid shaped subsequent international relations in explicit but mostly obscure ways. From Hernán Cortés to Samuel Purchas, and Bartolomé de las Casas to New England Puritans, a host of unconventional colonial figures enter into conversation with Francisco de Vitoria, Hugo Grotius, and John Locke to reveal astonishing religious continuities and dissonances in early modern international legal thought with important implications for contemporary global society.
