Renowned naturopathic doctor to the stars shares a “perfect roadmap” (Dr. Mike Moreno, New York Times bestselling author of The 17 Day Diet book series) to the life-changing seven-day plan personalized to you and your birthday that can radically improve your health and wellbeing. Do you regularly get the Monday Blues? Are you always tired on Fridays, even though you want to be excited for the weekend? There may be more to it than just a long work week. Over the course of a week, the human body goes through a cycle of self-regulation. Our energy levels, inflammation levels, capacity to focus, and even our immunity all fluctuate naturally based on this internal seven-day cycle, scientifically known as the circaseptan rhythm. Now, Dr. Olivia Audrey reveals how we can tap into the power of this seven-day cycle to transform our health and overhaul our mind and mood. The key to understanding your own circaseptan rhythm is, remarkably, from the day of the week on which you were born. The birth experience is like a hormonal storm that inflames the body, one that is repeated week after week with an ebb and flow of inflammation and repair that lasts seven days. This cycle has a measurable impact on mood, energy, and all the

facets of physical health. Dr. Audrey’s protocol provides instructions for aligning your health goals with your body’s natural circaseptan rhythm, unlocking extraordinary benefits. With her accessible writing and actionable advice, Dr. Audrey reveals the secret to harnessing your body’s natural rhythm in order to heal whatever ails you and boost how you look, feel, and live. This plan can be effective for losing weight, gaining focus, fighting specific diseases, or simply feeling more in tune with your life. A Week to Change Your Life is the ultimate program to “show us a different way of looking at the problems, reminding us to keep practicing and to feel joy,” (Sarah Ferguson, Duchess of York) so you can create a life of radiant health and energy.

Happily Ever After Jeremy P. Tarcher

We often focus on how our gifts can help those in need. But the act of giving actually improves our own lives as well. In The Giving Way to Happiness, Jenny Santi overturns conventional thinking about what it takes to be happy by revealing how giving to others - whether in the form of money, expertise, time, or love - has helped people from all walks of life find purpose and joy. Drawing on the wisdom of great thinkers past and present, as well as cutting-edge scientific research, Santi makes an eloquent and passionate case that oftentimes the answers to the problems that haunt us, and the key to the happiness that eludes us, lie in helping those around us. This book is filled with inspiring stories told firsthand by Academy Award winner Goldie Hawn, Noble Peace Prize

winner Muhammad Yunus, supermodel Christy Turlington Burns, Teach for America founder Wendy Kopp, philanthropist Richard Rockefeller, environmentalist Philippe Cousteau, activist Ric O'Barry, bestselling author Isabel Allende, ALS survivor Augie Nieto, and many others from all over the world. Despite their diverse backgrounds, they have all found unexpected happiness and fulfillment through giving. This book tells us not just how they changed the world but also how their acts changed their very own lives. In addition, Santi reveals- How altruism involves far more than suppressing basic selfish urges. Rather, we are wired to give, as it activates the same pleasure centers of the brain stimulated by food, sex, and drugs How helping others - whether by walking a friend through a struggle that you've also experienced or by supporting a cause to honor a loved one's memory - can be a healthy way to deal with adversity and process grief The unexpected reasons why those who 'gave it all up' to make a difference, and who face the direst situations, are nevertheless some of the happiest, most fulfilled, and least angst-ridden people you'll ever meet. Practical, universally applicable lessons on what kind of giving makes people happy and what doesn't. How do you discover giving that is unique to you and makes you feel good? In this inspiring book, Santi turns conventional wisdom upside down about what it takes to be happy and reveals the surprising reasons that have led so many people to live lives full of meaning, purpose and happiness. 'The Giving Way to Happiness is full of interesting insights from big-ticket philanthropists and prominent personalities, but it is also about something bigger- how we can all find happiness through helping others. If done right, giving may well be the greatest gift you can give yourself.' Adam Grant, professor, The Wharton School, University of Pennsylvania, and New York Times-bestselling author of Give and Take'This thoughtful look at philanthropy honestly examines the self-interest often involved in it and suggests that a self-focused approach to giving may in fact be entirely appropriate.' Publishers Weekly'Well done! A wonderful and timely contribution.' Christy Turlington Burns, founder of Every Mother Counts'The Giving Way to Happinesswill change the way you approach giving, shifting the focus from charity to empathy, from a one-way transfer to a mutually beneficial act, from guilt and obligation to pleasure and happiness. Jenny Santi, through her well-researched, eloquent, and insightful book, teaches us how we can help ourselves by helping others.'
