Good in Bed
and Best
Friends
Forever. Six

years after the fight that ended their friendship, Daphne Berg is shocked when Drue Cavanaugh walks back into her life, looking as lovely and successful as ever, with a massive favor to ask. Daphne hasn't spoken one word to Drue in all this time—she doesn't even hate-follow her ex-best friend on social media—so when Drue asks if she will be her maid-of-honor at the society

wedding of the summer, Daphne is rightfully speechless. Drue was always the one who had everything—except the ability to hold onto friends. Meanwhile, Daphne's no longer the same self-effacing sidekick she was back in high school. She's built a life that she loves, including a growing career as a plus-size Instagram influencer. Letting glamorous, seductive

Drue back into her life is risky, but it comes with an invitation to spend a weekend in a waterfront Cape Cod mansion. When Drue begs and pleads and dangles the prospect of cute single guys, Daphne finds herself powerless as ever to resist her friend's siren song. A sparkling, "insightful page-turner" (Real Simple) about the complexities of female relationships, the pitfalls of living out loud

and online, and the resilience of the human heart, *Big Summer* is a witty, moving story about family, friendship, and figuring out what matters most. [The Loners](#) Kensington Publishing Corp. Station Eleven meets *Never Let Me Go* in this “suspenseful, introspective debut” (Kirkus Reviews) set in an unsettling near future where the dead can be uploaded to machines and

kept in service by the living. In the wake of a highly contagious virus, California is under quarantine. Sequestered in high rise towers, the living can’t go out, but the dead can come in—and they come in all forms, from sad rolling cans to manufactured bodies that can pass for human. Wealthy participants in the “companionship” program choose to upload their consciousness

before dying, so they can stay in the custody of their families. The less fortunate are rented out to strangers upon their death, but all companions become the intellectual property of Metis Corporation, creating a new class of people—a command-driven product-class without legal rights or true free will. Sixteen-year-old Lilac is one of the less fortunate, leased to a family of

strangers. But when she realizes she's able to defy commands, she throws off the shackles of servitude and runs away, searching for the woman who killed her. Lilac's act of rebellion sets off a chain of events that sweeps from San Francisco to Siberia to the very tip of South America in this "compelling, gripping, whip-smart piece of speculative fiction" (Jennie Melamed, author of Gather the

Daughters) that you won't want to end. Quarantine Dalkey Archive Press
 *This book is part of a SERIES and NOT a standalone. A gripping, friends-to-lovers-to-enemies, dark romance. New York City-not for the faint-hearted or the sweetest of souls. The last thing I expected was to be back in this city, after all these years. And I definitely did not expect to be back in this house, where it all started. I

have spent years avoiding this place, and the cold hard reality of what happened here. But I have no choice. We are all quarantined together in this house. It took the end of the world, for me to come back here and face him. Milo Sinclair. Once my legal guardian and savior in life. The person who saved me from drowning in loneliness. Who gave me everything I ever wanted. But then he took

everything away from me. Plus interest. He broke me. He will not break me again. This is a dark forbidden romance. It contains discussions about the pandemic, mental health issues, mature new adults. It also contains dubious situations that some readers might find offensive. Dark romance is subjective. Some readers have found this book to be a light read while others were sensitive to the

material. Milo isn't a normal romance hero, and some might not consider him a hero at ALL. So, please don't read this if any of the above bothers you. Quarantined is book one of The Quarantine Series. Love Under Quarantine Carolrhoda Books Cruel. Heartless. Quarantined. The ruthless boys of Everlake Prep never saw lockdown coming. But the virus isn't their number one enemy. I

am. And as if being confined to a boarding school for the elite wasn't bad enough, now I'm stuck in isolation with the boys who hate me most too. Saint, Kyan and Blake. The Night Keepers. Or so they call themselves. They've embodied the Native American legend which lives in this valley, taking on the role of the monsters who lurk in the forest. And though they act like beasts, they may also be

the most tempting creatures I've ever seen. With the virus escalating and my dad's name splashed through the news, my entire world is falling apart. What he did has cast a dark shadow over me. And the Night Keepers want to make me pay for his crimes. Then things went from bad to worse when I touched the sacred rock. A rock which supposedly holds a curse to bind me as the Night

Keepers' slave. And as crazy as it sounds, I decided to play along. Because there are things about me they don't know. Things my dad has hidden from me for years. All I can be sure of is that I have to find a way to escape this school. But until then, those savage boys are making my life a living hell. As the virus sweeps through the country and the world twists into something ugly and

unknown, the kings of this school become true monarchs. Even the teachers bow to them now. And I'm kinda glad about that 'stay six feet away from one another' rule, because without it, I know they'd rip me apart. At least there's a silver lining. I'm cosying up to Coach Monroe. My hot as hell, brooding P.E. teacher who has a vendetta of his own against the Night Keepers.

And with his help, I may succeed at doing more than escaping the clutches of these heartless fiends. I might even destroy them along the way. My father taught me how to be strong. How to prepare for the end of the world. So this isn't going to be the end of my world, mark my words. But if I'm able to use my mind and body to bring these assholes to their knees, it might just be the end of theirs. This is a high school

bully reverse harem series which means the main character will end up with multiple love interests. It may have triggers for some as it has off the charts angst, dark love-hate themes, scenes of intense bullying, sexual scenes and some violence (not aimed towards the main character) and is not for the faint of heart. Prepare to enrol at Everlake Prep. Bring your hand sanitiser, face masks

and toilet paper to barter with, but don't expect to hold onto them for long. Because it's time to go into quarantine with the Night Keepers. And everything you own now belongs to them.

Quarantine

Delacorte Press

Named one of the Best Books of 2020 by Refinery29

A hypnotic, wildly inventive novel about art, violence, and endurance
Alice Knott lives alone, a

reclusive heiress haunted by memories of her deceased parents and mysterious near-identical brother. Much of her family's fortune has been spent on a world-class collection of artwork, which she stores in a vault in her lonely, cavernous house. One day, she awakens to find the artwork destroyed, the act of vandalism captured in a viral video that soon triggers a rash of copycat

incidents. As more videos follow and the world's most priceless works of art are destroyed one by one, Alice finds that she has become the chief suspect in an international conspiracy—even as her psyche becomes a shadowed landscape of childhood demons and cognitive disorder. Unsettling, almost physically immersive, Alice Knott is a virtuoso exploration of the meaning

of art and the lasting afterlife of trauma, as well as a deeply humane portrait of a woman whose trials feel both apocalyptic and universal. *The Saints* Simon and Schuster It was just another ordinary day at McKinley High—until a massive explosion devastated the school. When loner David Thorpe tried to help his English teacher to safety, the teacher convulsed and

died right in front of him. And that was just the beginning. A year later, McKinley has descended into chaos. All the students are infected with a virus that makes them deadly to adults. The school is under military quarantine. The teachers are gone. Violent gangs have formed based on high school social cliques. Without a gang, you're as good as dead. And David has no gang. It's just him and his

little brother, Will, against the whole school. In this frighteningly dark and captivating novel, Lex Thomas locks readers inside a school where kids don't fight to be popular, they fight to stay alive. Alice Knott Reef Road Publishing, LLC Dealing with new situations can often be stressful. Sometimes our friends can help us gain a better perspective, especially when it relates to

making a lot of new changes. Wearing masks, digital meetings, social distancing, it can be a whole lot to deal with! This book helps show how friends can help support each other to learn the importance of adapting to change in a healthy manner. Exploring these topics with humor makes it easier to understand the importance for all of us to do these

practices.
The Time of Quarantine
 Simon and Schuster
 Fiction.
 Lyrical, provocative, and deeply haunting, THE TIME OF QUARANTINE, takes us into a near-distant future of post-human environmental collapse to chronicle the tale of a boy raised alone in the woods by computers at the end of the world--or is it? As the sole surviving member of an ill-fated Intentional Community designed to

escape world's end plagues and convinced he is alone on earth, the boy--now a man--is determined to carry out the final wishes of his father and fulfill his stoic duties of merely being human. But when he discovers, as if by accident, that everything he's always imagined to be true is, instead, a lie, he decides to leave the safety of his little spinning spaceship earth and go back into the

world to find out what comes next.
Kings of Quarantine
 Carolrhoda Lab™
 A GOOD MORNING AMERICA BOOK CLUB PICK A BELLETRIST BOOK CLUB PICK For fans of *The Hours* and *Fates and Furies*, a bold, kaleidoscopic novel intertwining the lives of three women across three centuries as their stories of sex, power, and desire finally converge in the present day. Lily is a

mother and a daughter. And a second wife. And a writer, maybe? Or she was going to be, before she had children. Now, in her rented Brooklyn apartment she's grappling with her sexual and intellectual desires, while also trying to manage her roles as a mother and a wife in 2016. Vivian Barr seems to be the perfect political wife, dedicated to helping her charismatic and ambitious husband find success in

Watergate-era Washington D.C. But one night he demands a humiliating favor, and her refusal to obey changes the course of her life—along with the lives of others. Esther is a fiercely independent young woman in ancient Persia, where she and her uncle's tribe live a tenuous existence outside the palace walls. When an innocent mistake results in devastating consequences for her people,

she is offered up as a sacrifice to please the King, in the hopes that she will save them all. In Anna Solomon's *The Book of V.*, these three characters' riveting stories overlap and ultimately collide, illuminating how women's lives have and have not changed over thousands of years. [The Book of Disquiet: The Complete Edition](#) Greg Egan Love can be contagious in this

<p>infectiously fun romance by debut author Katie Cicatelli-Kuc. <i>Quarantine</i> Simon and Schuster Andrew Worth is a science journalist with optic nerve taps and a gut full of memory chips. Burnt out after completing a documentary on controversial developments in biotechnology, he turns down a chance to report on a baffling new mental disorder known as Distress and instead takes</p>	<p>an assignment covering the Einstein Centenary Conference on the artificial island of Stateless. There, a young South African physicist, Violet Mosala, is expected to unveil her candidate for a Theory of Everything. But the assignment is not the tropical respite Worth was expecting. While the politics surrounding the creation of Stateless grows more turbulent, and</p>	<p>ignorance cults stage protests against the gathering scientists, a secretive group known as the Anthrocosmol ogists, with some very strange ideas about the Theory of Everything, begin to enact their own agenda. <i>Piranesi</i> Anchor Canada “Taut, suspenseful, darkly powerful . . . Egan is on his way, and with considerable velocity!” —Gardener Dozois, editor,</p>
--	--	--

The Year's Best SF In 2034, the stars went out. Riots and religions break out after an unknown agency surrounds the solar system with an impenetrable barrier, now leaving the universe in darkness. While some see this act as revenge from God, others see it as protection. The only thing known is that for now and forever, Earth and the universe shall never be connected again. Or so it

seems. In 2067, PI Nick Stavrianos is hired to investigate the disappearance of Laura, a mentally disabled woman. The trail leads him to the Republic of New Hong Kong, where an organization known as the Ensemble has uncovered Laura's secret and the only possible way she could have escaped from the institution: her ability to walk through walls. It's up to Nick not only to

find out what the Ensemble plans to do with Laura, but also—if he can—to get her before her powers transform the world. Will it be for good or bad? That's the question Nick has to answer. From the mind of Hugo Award-winning author Greg Egan, Quarantine is a tour de force of hard science fiction that will grip you from the first page and not let go. Originally published more than twenty years

ago, Quarantine is now back in print and available to readers again. Skyhorse Publishing, under our Night Shade and Talos imprints, is proud to publish a broad range of titles for readers interested in science fiction (space opera, time travel, hard SF, alien invasion, near-future dystopia), fantasy (grimdark, sword and sorcery, contemporary urban fantasy, steampunk,

alternative history), and horror (zombies, vampires, and the occult and supernatural), and much more. While not every title we publish becomes a New York Times bestseller, a national bestseller, or a Hugo or Nebula award-winner, we are committed to publishing quality books from a diverse group of authors. *The Companions* DC The world inside an infected

Colorado high school quarantined by the government takes a startling turn for the worse when a new gang enters the school and starts gaining power.

A NEW YORK TIMES

BESTSELLER!

"The perfect kind of story for our current era."—Hypabl e From the author of *Burn Our Bodies Down*, a feminist Lord of the Flies about three best friends living in

quarantine at their island boarding school, and the lengths they go to uncover the truth of their confinement when one disappears. This fresh debut is a mind-bending novel unlike anything you've read before. It's been eighteen months since the Raxter School for Girls was put under quarantine. Since the Tox hit and pulled Hetty's life out from under her. It started slow. First the teachers died

one by one. Then it began to infect the students, turning their bodies strange and foreign. Now, cut off from the rest of the world and left to fend for themselves on their island home, the girls don't dare wander outside the school's fence, where the Tox has made the woods wild and dangerous. They wait for the cure they were promised as the Tox seeps into everything. But when

Byatt goes missing, Hetty will do anything to find her, even if it means breaking quarantine and braving the horrors that lie beyond the fence. And when she does, Hetty learns that there's more to their story, to their life at Raxter, than she could have ever thought true. And don't miss Rory Power's second novel, *Burn Our Bodies Down!* Praise for *Wilder Girls*: 4 STARRED REVIEWS!

"Take Annihilation, add a dash of Contagion, set it at an all-girls' academy, and you'll arrive at Rory Power's occasionally shocking and always gripping Wilder Girls."--Refinery29 "This thrilling saga...is sure to be one of the season's most talked-about books, in any genre."--EW "Fresh and horrible and beautiful....readers will be consumed and altered by Wilder Girls."--NPR
Quarantine

Holt McDougal Geoff Manaugh and Nicola Twilley have been researching quarantine since long before the COVID-19 pandemic. With *Until Proven Safe*, they bring us a book as compelling as it is definitive, not only urgent reading for social-distanced times but also an up-to-the-minute investigation of the interplay of forces---biological, political, technological---that shape

our modern world. Quarantine is our most powerful response to uncertainty: it means waiting to see if something hidden inside us will be revealed. It is also one of our most dangerous, operating through an assumption of guilt. In quarantine, we are considered infectious until proven safe. *Until Proven Safe* tracks the history and future of quarantine around the globe, chasing

the story of emergency isolation through time and space—from the crumbling lazarettos of the Mediterranean, built to contain the Black Death, to an experimental Ebola unit in London, and from the hallways of the CDC to closed-door simulations where pharmaceutical execs and epidemiologists prepare for the outbreak of a novel coronavirus. But the story of quarantine

ranges far beyond the history of medical isolation. In *Until Proven Safe*, the authors tour a nuclear-waste isolation facility beneath the New Mexican desert, see plants stricken with a disease that threatens the world's wheat supply, and meet NASA's Planetary Protection Officer, tasked with saving Earth from extraterrestrial infections. They also introduce us to the corporate tech

giants hoping to revolutionize quarantine through surveillance and algorithmic prediction. We live in a disorienting historical moment that can feel both unprecedented and inevitable; *Until Proven Safe* helps us make sense of our new reality through a thrillingly reported, thought-provoking exploration of the meaning of freedom, governance, and mutual responsibility.

Six Feet Apart: Love in Quarantine
Night Shade
What happens when you find yourself at the epicenter of a global crisis over a contagious new virus?
Bestselling writer Gay Courter and her filmmaker husband learned the answer to that question in early February 2020, just as they were about to disembark from the Diamond Princess in Tokyo after a dazzling two-week

southeast Asian cruise.
Weeks before lockdowns and social distancing became the new normal, the Courters and their shipmates suddenly found themselves trapped in a posh penitentiary—courtesy of the Japanese Ministry of Health.
Confined to their cabin and its balcony, they watched in terror as more and more sick and contagious passengers were loaded

into ambulances and the world's press swarmed the port. Rather than passively endure their nightmare-come-true, they launched a campaign to get themselves and everyone else off the ship. With the help of the global media and some well-placed connections, they managed to influence high-ranking U.S. government officials—right up to and including the White House—to

bring everyone home to safety. Quarantine! is the insider's book on the Diamond Princess episode, a suspenseful real-life drama recounting Gay and Phil's twelve-day ordeal aboard ship, their tenacious efforts to get the U.S. government to repatriate them and other Americans, and their additional fifteen-day quarantine under federal order behind chain-link

fencing at the pointedly less-than-posh Lackland Air Force Base in Texas. The COVID-19 crisis has affected the entire world. In her inimitable, long-admired voice, Gay Courter tells how it feels to wonder if you will be the next victim. For updates on Phil Courter's documentary, Quarantine! How We Survived the Diamond Princess Coronavirus Crisis, visit quarantinediamondprincess.com.

Piranesi introduces an astonishing new world, an infinite labyrinth, full of startling images and surreal beauty, haunted by the tides and the clouds. Quarantine Access Graphix November, 1836. A fierce gale beaches an American steamer off the English coast, injuring an African slave below decks and

eventually disgorging 300 head of cattle and an inn-ful of rowdy American sailors into a hardscrabble fishing village. The same storm drives into port a ship from London, bearing one Aymer Smith, the foolish well-intentioned prig who will deprive the town of its livelihood, free the American

slave, and set into motion a whole series of unforeseeable, tragicomic events. Chosen by Publishers Weekly as one of the best books of 1995, Signals of Distress, Jim Crace's fourth novel, once again displays the author's gift for inventing richly strange and believable worlds that uncannily foretell our own.
