PIPER SHAYLEE

**Histoire de
l'inquisition au
moyen-âge** Ed. de
Bruxelles

This book, which honours the career of a distinguished scholar, contains essays dealing with important problems in Plato, the Platonic tradition, and the texts and transmission of Plato

and later Platonic writers. It ranges from the discussion of issues in individual Platonic dialogues to the examination of Platonism in the Middle Ages. The essays are written by leading scholars in the field and reflect the current state of knowledge on the various problems under discussion. The collection as a whole testifies to the importance of the Platonic writings for the history of ideas, and to the vitality that the study of these writings continues to possess.

Spectacle & Image in Renaissance

Europe Routledge
The twelve essays in this new collection by John Monfasani examine how, in particular cases, Greek émigrés, Italian

humanists, and Latin scholastics reacted with each other in surprising and important ways. After an opening assessment of Greek migration to Renaissance Italy, the essays range from the Averroism of John Argyropoulos and the capacity of Nicholas of Cusa to translate Greek, to Marsilio Ficino's position in the Plato-Aristotle controversy and the absence of Ockhamists in Renaissance Italy. Theodore Gaza receives special attention in his roles as translator, teacher, and philosopher, as does Lorenzo Valla for his philosophy, theology, and historical ideas. Finally, the life and writings of a protégé of Cardinal Bessarion, the Dominican friar Giovanni Gatti, come in

for their first extensive study.

Dialogues anglais, français et espagnols, sur divers sujets aussi intéressans

qu'agréables Leuven University Press

This collective volume has been dedicated to two distinguished scholars of Neo-Latin Studies on the occasion of their retirement after a long and fruitful academic career, one at the Université catholique Louvain-la-Neuve, the other at the internationally renowned Seminarium Philologiae Humanisticae of Leuven University.

Both the rich variety of subjects dealt with and the international diversity of the scholars authoring contributions reflect the wide interests of

the celebrated Neo-Latinists, their international position, and the actual status of the discipline itself. Ranging from the Trecento to the 21st century, and embracing Latin writings from Italy, Hungary, The Netherlands, Germany, France, Poland, the New World, Spain, Scotland, Denmark and China, this volume is as rich and multifaceted as it is voluminous, for it not only offers studies on well-known figures such as Petrarch, Lorenzo Valla, Erasmus, Vives, Thomas More, Eobanus Hessus, Lipsius, Tycho Brahe, Jean de la Fontaine and Jacob Cats, but it also includes new contributions on Renaissance

commentaries and editions of classical authors such as Homer, Seneca and Horace; on Neo-Latin novels, epistolography and Renaissance rhetoric; on Latin translations from the vernacular and invectives against Napoleon; on the teaching of Latin in the 19th century; and on the didactics of Neo-Latin nowadays.

Life in the Glory of Its Radiating

Manifestations Leuven University Press

Several theological writings by Erasmus are gathered and edited. They show some aspects of Erasmus' theology and spirituality and his embeddedness in the Church and liturgy.

Studies in Plato and the Platonic

Tradition BRILL

Writing in English,

German, or French,

more than 300 authors

provide a historical

description of the

beginnings and of the

early and subsequent

development of

thinking about

language and

languages within the

relevant historical context. The gradually emerging institutions concerned with the study, organisation, documentation, and distribution are considered as well as those dealing with the utilisation of language related knowledge. Special emphasis has been placed on related disciplines, such as rhetoric, the philosophy of language, cognitive psychology, logic and neurological science.

Saint Thomas Et Le Pseudo-Denis Walter de Gruyter

This collection of nineteen essays focuses on the ways in which, in England, France and Spain, the Renaissance made propagandistic, or aesthetic, use of the image in various spectacles. Under

surface differences between genres, what emerges is a surprising similarity in tactics and response, which invites further questioning about image elaboration and its reception.

History of Linguistics 2005 Cambridge University Press

The papers illustrate the different ways in which the Renaissance made use of its classical heritage.

Vivarium John Benjamins Publishing
Western thought is surging, on the rebound from centuries of a merely background interest. Life is presenting crucial challenges to the human mind in science, technology, culture and social existence; challenges which reach the core of existence, human

destiny, and the very meaningfulness - the human significance of life itself. The compartementalized sciences fall short of responding to this challenge, and present day philosophy by and large renounced its vocation of carrying the torch of reason. In this post-modern darkness, the Phenomenology of Life and of the Human Condition excavate and bring to light the Logos of Life in its entire harmonizing interplay. In the present collection, which continues the long and winding itinerary of our previous probings, we first uncover the new field of the ontopoiesis of life by means of the self-individualisation of life, the key to its labyrinth (Tymieniecka). A

network of the ontopoietic itineraries manifest life in its innumerable perspectives: the constructive scanning (chronos and Kairos) are treated specifically by Eva Syristova, M. Bielawka, F. Bosio, and M.A. Cecilia. Individualising dynamisms of passions and the tying of the communal order by G. Bucher, R. Sweeney, A. Polis, A. Zvie Bar-On and others. The life-struggle for the light of the spirit by L. Sundararajan, I.R. Owen etc. The deep springs of mundaneity in human existence (moral sense, empathy, communication) by A. Luse, A. Ales Bello, J. Cibulka, J. Sivak, etc. The life of the spirit (historicity) by M. Sancipriano, M. Cekic,

H. Rodríguez Piñeiro, S.
Rinofner-Kreidl and
others.
