### **What School Could Be** Simon and Schuster

Simon Sinek sparked a movement with his bestsellers *START WITH WHY* and *LEADERS EAT LAST*. Now this beautifully illustrated book will inspire more readers to ask for help, help others, and discover their own courage through a charming story about change. Life is a series of choices. Do we go left or right? Jump forward or hold back? Sometimes our choices work out for the better...and sometimes they don't. But there is one choice, regardless of every other decision, that profoundly affects how we feel about our journey: Do we go alone or do we go together? It is the courageous few who ask for help. It is the giving few willing to help others. We can all find the courage we need and know the joy of service - the minute we learn that together is better. Filled with inspiring quotes, this richly illustrated fable tells a delightful story of three kids who go on a journey to a new playground and take a stand for what they believe. The story is a metaphor for anyone looking to make a change or wondering how to pursue their dreams. And the message is simple: relationships - real, human relationships - really, really matter. The stronger our relationships, the stronger the bonds of trust and cooperation, the more we can accomplish and the more joy and fulfillment we get from our work and personal lives. The three heroes are archetypes who represent us all at various points in our lives. Their main challenge is the same one we face every day: How can we find the things we're looking for? According to Sinek, if we each do our part to help advance a shared vision, we can build the world we imagine. In addition to the story itself, Sinek shares such profound lessons as:

- A team is not a group of people that work together. A team is a group of people that trust each other.
- Fight against something and we focus on the thing we hate. Fight for something and we focus on the thing we love.
- Working hard for something we don't care about is called stress. Working hard for something we love is called passion.
- A star wants to see himself rise to the top. A leader wants to see those around him become stars.

*Together is Better* was designed to be given as a gift to someone you want to inspire, or to say thank you to someone who inspires you. It's completely different from Sinek's previous work. It may look like a children's book, but it's definitely for adults. This book includes a special page featuring the Scent of Optimism.

**#1 NEW YORK TIMES BESTSELLER** • The twentieth anniversary edition of the classic story of an incredible group of students and the teacher who inspired them, featuring updates on the students' lives, new journal entries, and an introduction by Erin Gruwell. Now a public television documentary, *Freedom Writers: Stories from the Heart*. In 1994, an idealistic first-year teacher in Long Beach, California, named Erin Gruwell confronted a room of "unteachable, at-risk" students. She had intercepted a note with an ugly racial caricature and angrily declared that this was precisely the sort of thing that led to the Holocaust. She was met by uncomprehending looks—none of her students had heard of one of the defining moments of the twentieth century. So she rebooted her entire curriculum, using treasured books such as Anne Frank's diary as her guide to combat intolerance and misunderstanding. Her students began recording their thoughts and feelings in their own diaries, eventually dubbing themselves the "Freedom Writers." Consisting of powerful entries from the students' diaries and narrative text by Erin Gruwell, *The Freedom Writers Diary* is an unforgettable story of how hard work, courage, and determination changed the lives of a teacher and her students. In the two decades since its original publication, the book has sold more than one million copies and inspired a major motion picture *Freedom Writers*. And now, with this twentieth-anniversary edition, readers are brought up to date on the lives of the Freedom Writers, as they blend indispensable takes on social issues with uplifting stories of attending college—and watch their own children follow in their footsteps. *The Freedom Writers Diary* remains a vital read for anyone who believes in second chances.

**#1 NEW YORK TIMES BEST SELLER** • John Grisham takes you to a different kind of court in his first basketball novel. Samuel "Sooley" Sooleymon is a raw, young talent with big hoop dreams—and even bigger challenges off the court. "Hard to put down ... the pages turn quickly ... building to a climax that won't leave readers doubting whether this is a John Grisham novel." —Associated Press. In the summer of his seventeenth year, Samuel Sooleymon gets the chance of a lifetime: a trip to

the United States with his South Sudanese teammates to play in a showcase basketball tournament. He has never been away from home, nor has he ever been on an airplane. The opportunity to be scouted by dozens of college coaches is a dream come true. Samuel is an amazing athlete, with speed, quickness, and an astonishing vertical leap. The rest of his game, though, needs work, and the American coaches are less than impressed. During the tournament, Samuel receives devastating news from home: A civil war is raging across South Sudan, and rebel troops have ransacked his village. His father is dead, his sister is missing, and his mother and two younger brothers are in a refugee camp. Samuel desperately wants to go home, but it's just not possible. Partly out of sympathy, the coach of North Carolina Central offers him a scholarship. Samuel moves to Durham, enrolls in classes, joins the team, and prepares to sit out his freshman season. There is plenty of more mature talent and he isn't immediately needed. But Samuel has something no other player has: a fierce determination to succeed so he can bring his family to America. He works tirelessly on his game, shooting baskets every morning at dawn by himself in the gym, and soon he's dominating everyone in practice. With the Central team losing and suffering injury after injury, Sooley, as he is nicknamed, is called off the bench. And the legend begins. But how far can Sooley take his team? And will success allow him to save his family? Gripping and moving, Sooley showcases John Grisham's unparalleled storytelling powers in a whole new light. This is Grisham at the top of his game.

A leading educational thinker argues that the American university is stuck in the past -- and shows how we can revolutionize it for our era of constant change Our current system of higher education dates to the period from 1865 to 1925. It was in those decades that the nation's new universities created grades and departments, majors and minors, all in an attempt to prepare young people for a world transformed by the telegraph and the Model T. As Cathy N. Davidson argues in *The New Education*, this approach to education is wholly unsuited to the era of the gig economy. From the Ivy League to community colleges, she introduces us to innovators who are remaking college for our own time by emphasizing student-centered learning that values creativity in the face of change above all. *The New Education* ultimately shows how we can teach students not only to survive but to thrive amid the challenges to come.

The inspirational bestseller that ignited a movement and asked us to find our WHY Discover the book that is captivating millions on TikTok and that served as the basis for one of the most popular TED Talks of all time—with more than 56 million views and counting. Over a decade ago, Simon Sinek started a movement that inspired millions to demand purpose at work, to ask what was the WHY of their organization. Since then, millions have been touched by the power of his ideas, and these ideas remain as relevant and timely as ever. START WITH WHY asks (and answers) the questions: why are some people and organizations more innovative, more influential, and more profitable than others? Why do some command greater loyalty from customers and employees alike? Even among the successful, why are so few able to repeat their success over and over? People like Martin Luther King Jr., Steve Jobs, and the Wright Brothers had little in common, but they all started with WHY. They realized that people won't truly buy into a product, service, movement, or idea until they understand the WHY behind it. START WITH WHY shows that the leaders who have had the greatest influence in the world all think, act and communicate the same way—and it's the opposite of what everyone else does. Sinek calls this powerful idea The Golden Circle, and it provides a framework upon which organizations can be built, movements can be led, and people can be inspired. And it all starts with WHY.
