Games and Puzzles

from the Tree House

McGraw-Hill Education
 Everyone knows that sinking feeling in the pit of the stomach just before diving into a new situation. Sarah Jane Hartwell is scared and doesn't want to start over at a new school. She doesn't know anybody, and nobody knows her. It will be awful. She just knows it. With much prodding from Mr. Hartwell, Sarah Jane reluctantly pulls herself together and goes to school. She is quickly befriended by Mrs. Burton, who helps smooth her jittery transition. This charming and familiar story will delight readers with its surprise ending. Fun, energetic illustrations brighten page after page with the busy antics surrounding

Sarah Jane. **FIRST DAY JITTERS** is an enchanting story that is sure to be treasured by anyone who has ever anticipated a first day of school.

ESL**Intermediate/Advanced Grammar**

Simon and Schuster
 A few years ago, a magazine sponsored a contest for the comment most likely to end a conversation. The winning entry? "I teach English grammar." Just throw that line out at a party; everyone around you will clam up or start saying "whom." Why does grammar make everyone so nervous? Probably because English teachers, for decades – no, for centuries – have been making a big deal out of grammar in classrooms,

diagramming sentences and drilling the parts of speech, clauses, and verbals into students until they beg for mercy. Happily, you don't have to learn all those technical terms of English grammar – and you certainly don't have to diagram sentences – in order to speak and write correct English. So rest assured – English Grammar For Dummies will probably never make your English teacher's top-ten list of must-read books, because you won't have to diagram a single sentence. What you will discover are fun and easy strategies that can help you when you're faced with such grammatical dilemmas as the choice between "I" and "me," "had gone" and "went," and

"who" and "whom."
With English Grammar For Dummies, you won't have to memorize a long list of meaningless rules (well, maybe a couple in the punctuation chapter!), because when you understand the reason for a particular word choice, you'll pick the correct word automatically. English Grammar For Dummies covers many other topics as well, such as the following:
Verbs, adjectives, and adverbs – oh my!
Preposition
propositions and pronoun
pronouncements
Punctuation: The lowdown on periods, commas, colons, and all those other squiggly marks
Possession: It's nine-tenths of grammatical law
Avoiding those double

negative vibes How to spice up really boring sentences (like this one) Top Ten lists on improving your proofreading skills and ways to learn better grammar Just think how improving your speaking and writing skills will help you in everyday situations, such as writing a paper for school, giving a presentation to your company's big wigs, or communicating effectively with your family. You will not only gain the confidence in knowing you're speaking or writing well, but you'll also make a good impression on those around you!

Sam and Dean Winchester know all the secrets their father recorded in his journal. Now you can, too. On November 2, 1983, Sam and Dean Winchester lost their mother to a demonic supernatural force. In the wake of the tragedy, their father, John, set out to learn everything he could about the paranormal evil that lives in the dark corners and on the back roads of America . . . and how to kill it. In his personal journal, he not only compiled folklore, legend, and superstition about all manner of otherworldly enemies but he also recorded his

experiences—hunting the creature that killed his wife even as he raised his two sons. Part prequel, part resource guide, John Winchester's Journal finally gives fans the ultimate companion book for Supernatural. It's all here: the exorcism Sam and Dean used in "Phantom Traveler," John's notes on everything from shape-shifters to Samuel Colt, Dean's first hunt, Sam's peewee soccer team . . . and John's single-minded pursuit of a growing and deadly evil.

Get REA's newly updated grammar guide and workbook for intermediate and advanced ESL learners. This second edition is ideal for self-guided study or as a supplement to your ESL coursebook. If you're an ESL student who would like to make English a part of your everyday life, ESL Grammar:

Intermediate and Advanced is for you. The book is for anyone with a basic command of English grammar and vocabulary who wants to build their fluency and confidence. You will find this study guide and workbook to be an excellent resource that you can use as a supplement to your coursebook or on its own, whether you're at home, in school, or on the job. This new second edition expands the book's thorough coverage of the important intermediate and advanced grammar topics, with handy usage tips and easy-to-follow practice exercises in every section. The book has been enriched with current topics and examples designed to

help you increase your fluency on your journey to mastering English as it's spoken by native speakers. We've included the most commonly confused words (including sound-alikes) to help you avoid the top mistakes English learners make. We show you how word families—groups of words formed from the same base or root word—will help you grow your vocabulary and understand what words mean even before you look them up in a dictionary. Many English words are borrowed from other world languages. This book will show you how to have fun with useful “loanwords” while you improve your vocabulary. We've added a new chapter on “Technology in Our

Life Today.” Here you will find clear definitions of frequently used computer and technology terms to help you communicate effectively in today's digital world. Whether you're in school, managing a household, or looking for a job to advance your career, this book will help you take command of English and express yourself with precision. Be sure to look for the companion volume, *ESL Writing: Intermediate and Advanced*, also by Mary Ellen Muñoz Page. *Crossword Lists* McGraw-Hill Education An understanding of language arts concepts is key to strong communication skills—the foundation of success across

**ESL Grammar:
Intermediate &**

Advanced Carson-Dellosa Publishing

A year-long study of the writing development of 27 first through third graders in an English/Spanish bilingual program was conducted during the 1980-81 school year. Samples of the children's writing were collected at four

intervals, coded for computer tallying, and analyzed in terms of code-switching, spelling, punctuation and segmentation, structural features, stylistic devices, and content. Additionally, the context in which the writing developed was evaluated by classroom observations, teacher interviews, review of familial backgrounds, and a survey of the community language situation. Myths about bilingual language proficiency, biliteracy, bilingual education, teaching writing, and learning to write are all countered by evidence presented in this study. In a discussion of implications, the concept of a whole language approach to writing instruction is supported, in which

authentic and functional texts are offered to and produced by children. Examples of the children's writing with appropriate translations are given along with various tables. Informal follow-up information is presented in three epilogues dealing with changes in the researcher's commitment to the study's original writing theories, the writing of some students a year after the study; and a chronological outline of the demise of the bilingual program used in the study. Appendices list interview questions used for teachers and aides and categories for coding the writing data. This book contains 134 references. (ALL)
