This is your Social Guidebook to Norway. It takes you through an illustrated Norwegian journey. This guidebook is not about typical Norwegian behaviours. It is about behaviours that are peculiar to

Norwegians. Foreigners will fast forward their adaptation. Norwegians will learn how their behaviours may be perceived. The guidebook is rooted in the author's experience helping Norwegian organisations benefit from diversity. Julien S. Bourrelle held several board positions in Norway. He is educated as a rocket scientist and lived in a variety of cultures. He holds lectures, workshops and courses around the country bridging cultural gaps in businesses and universities. «This is a book providing a roadmap to Norway. It presents Norwegian behaviours in an entertaining and purposeful manner» - Birgit Skarstein, Curator of Global Shapers Oslo and World Champion. «Funny and good insights into the complicated Norwegian culture. Recommend - also for Norwegians! - Maria Amelie, journalist and writer. «Concise, entertaining and eye-opening.  Culture Smart! Norway steers you through social and professional encounters, enabling visitors to establish real friendships and business partnerships. Tips on meeting and communicating make socializing a pleasant experience, and chapters on customs give a glimpse inside a Norwegian home. The book also describes how the Norwegian commercial world operates—vital information for anyone doing business with one of the world's wealthiest nations. The need to survive on a difficult, isolated terrain and in harsh climates forged a people who are hardworking and self-sufficient. On first meeting, the Norwegians are serious, polite, law-abiding, and hardy. They are also very private, and getting to know them takes time. But when visitors are able to see behind that façade they will meet the friendly, fun-loving, family-oriented people hiding on the other side.
