**A Man and a Motorcycle** Walter de

Gruyter GmbH & Co KG

Back cover: In this work, John Granger Cook argues that there is no fundamental difference between Paul's conception of the resurrection body and that of the Gospels; and, the resurrection and translation stories of antiquity help explain the willingness of Mediterranean people to accept the Gospel of a risen savior.

The Routledge Handbook of Philosophy of Sex and Sexuality BRILL

Was Jesus a Cynic? Cynicism and Christianity in Antiquity is a literary tour de force analyzing and refuting the hypothesis that Jesus was a Cynic. Marie-Odile Goulet-Cazé examines the arguments submitted by some New Testament scholars who believe that Jesus and his disciples were influenced

by the ethics and social behaviors of itinerant Cynic preachers. In examining the "Cynic Jesus hypothesis," Goulet-Cazé offers a reliable, accessible, and fully documented summary of Cynicism and its ideas, from Diogenes to the Imperial Period, and she investigates the extent and nature of contact between Cynics and Jewish people, especially between 100 BCE and 100 CE. While recognizing similarities between the ideas and morals of ancient Cynicism and those evident in early Christian movements, Goulet-Cazé identifies more significant, fundamental differences between them in culture, theology, and worldview.

**Against Reason** Routledge Handbooks in Philosophy  
Charles Taylor's monumental book A

Secular Age has been extensively discussed, criticized, and worked on. This volume, by contrast, explores ways of working with Taylor's book, especially its potentials and limits for individual research projects. Due to its wide reception, it has initiated a truly interdisciplinary object of study; with essays drawn from various research fields, this volume fosters substantial conversation across disciplines.

Working with A Secular Age Springer Wounds were a potent signifier reaching across all aspects of life in Europe in the middle ages, and their representation, perception and treatment is the focus of this volume. Following a survey of the history of medical wound treatment in the middle ages, paired chapters explore key themes situating wounds within the

context of religious belief, writing on medicine, status and identity, and surgical practice. The final chapter reviews the history of medieval wounding through the modern imagination. Adopting an innovative approach to the subject, this book will appeal to all those interested in how past societies regarded health, disease and healing and will improve knowledge of not only the practice of medicine in the past, but also of the ethical, religious and cultural dimensions structuring that practice.

*Meaning what We Say* Warsaw Studies in Philosophy and Social Sciences 'A for Attitude' is for people of all ages to browse through when in need of inspiration and encouragement, to open at random and read a page or two. It

encourages the development of positive attitudes.

*Mobility and Locational Disadvantage Within Australian Cities* Routledge

Discover the current trends in industrial wood coatings! The comprehensive standard work from Jorge Prieto and Jürgen Kiene focuses on interior and exterior coatings for wood and wood-based materials. It compares classic solvent-borne wood coatings with modern UV-curing systems and water-borne coating systems. Moreover, guide formulations and actual procedures for coatings are shown in detail.

Summarized: this book provides a comprehensive overview, with practical solutions and support for everyone who deals with industrial wood coatings.

*Empty Tomb, Apotheosis, Resurrection*

Are you planning to record your travel mileage for work, trip purposes and personal expenses or just personal information? This is the perfect logbook that you need that is just very simple, handy and easy to use. This mileage logbook is an ideal tool for anyone who needs to track their vehicle or gas usage and it can also be used to keep a well-maintained log for tax reporting or deduction purposes the old-fashioned way. This simple record book will benefit business, private sectors and individuals since it will save you a lot of time and money. Grab one now!

*Environmental Alchemy* Vandenhoeck & Ruprecht

This work attends to the organic process by which the Roman rite was built up

from its foundations into a magnificent structure, marked by the accumulated riches of each age through which it passed, and characterized by order, beauty, and piety in its texts, gestures, rubrics, chants, and calendar-from the major elements to minute details.

### **Book-Seams in the Hexateuch I**

Routledge

This book, shortlisted for the British Sociological Association's Philip Abrams Memorial Prize (2015), argues that Fromm is a vital and largely overlooked contribution to twentieth-century intellectual history, and one who offers a refreshingly reconfigured form of humanism that is capable of reintegrating explicitly humanist analytical categories and schemas back into social theoretical (and scientific)

considerations.

Theodor W. Adorno II Walter de Gruyter GmbH & Co KG

In Hermann Samuel Reimarus (1694–1768): Classicist, Hebraist, Enlightenment Radical in Disguise, Ulrich Groetsch offers a vivid portrayal of the Enlightenment radical Hermann Samuel Reimarus (1694-1768) and his debt to earlier traditions of scholarship.

Das große PTAheute-Handbuch Simon and Schuster

This book investigates the emergence of the modern concept of zeitgeist, the notion of a pervasive contemporary coherence, in the late 18th century. It traces zeitgeist's descent from genius saeculi and investigates its association with public spirit and public opinion before surveying its prominence around

the Wars of Liberation in Germany and during the politically restless 1820s in England. This trajectory shows that zeitgeist emerged from the 18th-century discourses about culture and the public functioning of social collectives. Under the impact of the French Revolution the term came to describe social processes of political and cultural challenge. Zeitgeist was discussed as a social dynamic in which emerging elites disseminate new ideas which find enough public approval to influence cultural and political behaviour and practice. These findings modify the view that zeitgeist eludes critical grasp and is mainly invoked for manipulative purposes by showing that the zeitgeist discussions around 1800 contributed to the formation of modern politics and

capture key aspects of how ideas are disseminated within societies and across borders, providing a way of reading history horizontally.

**Routledge Library Editions: The Gold Standard** Ibidem Press

This book is an empirical study of a central European city focused on the political process. The book aims at presenting political practices as a form of the political in the institutional and civic sphere of the city. The cases provided focus on the issues of the urban symbolic sphere, architecture, sports, subcultures and urban movements.

Outdoor Environments for People

Universitätsverlag der TU Berlin

With a secondhand motorcycle, the support of a few powerful tribesmen and

a good friend in the CIA, the unknown Hamid Karzai willed himself to power as the new hope of Afghanistan. Acclaimed journalist Bette Dam chronicles the astonishing rise of Afghanistan's U.S.-backed leader from obscurity to one of the most influential figures in the global war on terror. Following the 2001 toppling of the Taliban, a fragile Afghanistan was on the brink. Karzai, armed with a recipe for victory came within inches of helping the U.S. declare victory in the war on terror. But sentiments run high in post-9/11 America, and the desire for revenge derailed an early chance at peace. As U.S. troops leave Afghanistan, and power is handed to a new president, Karzai's legacy remains one of betrayal, mistrust, and missed opportunities.

*Gender and Social Norms in Ancient Israel, Early Judaism and Early Christianity: Texts and Material Culture*  
Mohr Siebeck

Re-issuing 8 seminal volumes in the history of economics, originally published between 1930 and 1987, but which still have enduring validity, the volumes in this set by Barthold A. Butenschøn, Karl Gustav Cassel, G. D. H. Cole, Diane B. Kunz, H. L. Puxley, George F. Warren and Frank A. Pearson and Charles Morgan Webb: Set the British political and financial crisis of 1931 in an international context; Provide a definitive account of an exciting episode in British politics; Discuss the inadequacy of 'orthodox Gold Standard theory' in the light of post-war monetary phenomenon; Examine the American use of

silver and changes to China's currency system; Form an invaluable commentary on the monetary instability of these crucial years; Represent an influential study of the relationship between the prices of gold and other commodities.

#### Wounds in the Middle Ages European Coatings

Stuart Miller examines the hermeneutical challenges posed by the material and literary evidence pertaining to ritual purity practices in Graeco-Roman Palestine and, especially, the Galilee. He contends that "stepped pools," which we now know were in use well beyond the Destruction of the Temple, and, as indicated by the large collection on the western acropolis of Sepphoris and elsewhere, into the Middle and Late Roman/Byzantine eras, must be

understood in light of biblical and popular perspectives on ritual purity. The interpretation of the finds is too frequently forced to conform to rabbinic prescriptions, which oftentimes were the result of the sages' unique and creative, nominalist approach to ritual purity. Special attention is given to the role ritual purity continued to play in the lives of ordinary Jews despite (or because of) the loss of the Temple. Miller argues against the prevailing tendency to type material finds—and Jewish society—according to known groups (pre-70 C.E.: Pharisaic, Sadducaic, Essenic; post 70 C.E.: rabbinic, priestly, etc.). He further counters the perception that ritual purity practices were largely the interest of priests and argues against the recent suggestion that the kohanim

resurfaced as an influential group in Late Antiquity. Building upon his earlier work on "sages and commoners," Miller claims that the rabbis emerged out of a context in which a biblically derived "complex common Judaism" thrived. Stepped pools, stone vessels, and other material finds are realia belonging to this "complex common Judaism." A careful reading of the rabbis indicates that they were acutely aware of the extent to which ritual purity rites pertaining to home and family life had "spread," which undoubtedly contributed to their intense interest in regulating them.

**Wood Coatings** Mohr Siebeck  
Thirty Three Ways to Help with Numeracy equips teachers and teaching assistants with a wide range of practical resources to help children who are

having difficulties learning the basic skills of numeracy. By providing a range of activities and games which engage children and encourage motivation in the classroom, the book provides ready-to-use exercises that don't need lengthy forward preparation. Any materials needed are readily available in the classroom or are provided here to photocopy. The activities are designed using a range of different learning styles to: build learners' confidence and self esteem develop reasoning and thinking about physical number situations encourage discussions explore numbers by doing The activities can be used with individual children, groups or the whole class. The introduction at the head of each activity describes precisely what it aims to teach the child, followed by

clear, concise instructions on how to play each game. Teachers, SENCOs and Teaching Assistants will welcome this helpful resource, which complements *Thirty Three Ways to Help with Reading* also available from Routledge.

*Religion and Educational Research* Mohr Siebeck

This Italian reference grammar provides students, teachers and others interested in the Italian language with a comprehensive, accessible and jargon-free guide to the forms and structure of Italian. Whatever their level of knowledge of the language, learners of Italian will find this book indispensable: it gives clear and detailed explanations of everything from the most elementary facts such as the relation between spelling and pronunciation, or the forms

of the article, to more advanced points such as the various nuances of the subjunctive. Formal or archaic discourse is distinguished from informal, everyday usage, and regionalisms are also indicated where appropriate. The authors have taken care to make it an easy and illuminating reference tool: extensive cross-referencing enables readers to quickly find the information they require, and also stimulates them to discover new, related facts.

*The Philosophy of Life and Death*

Routledge

This Handbook covers the most urgent, controversial, and important topics in the philosophy of sex. It is both philosophically rigorous and yet accessible to specialists and non-specialists, covering ethics, political

philosophy, metaphysics, the philosophy of science, and the philosophy of language, and featuring interactions with neighboring disciplines such as psychology, bioethics, sociology, and anthropology. The volume's 40 chapters, written by an international team of both respected senior researchers and essential emerging scholars, are divided into eight parts: I. What is Sex? Is Sex Good? II. Sexual Orientations III. Sexual Autonomy and Consent IV. Regulating Sexual Relationships V. Pathologizing Sex and Sexuality VI. Contested Desires VII. Commercialized Sex VIII. Technology and the Future of Sex The broad scope of coverage, depth in insight and research, and accessibility in language make The Routledge Handbook of Philosophy of Sex and Sexuality a

comprehensive introduction for newcomers to the subject as well as an invaluable reference work for those advanced students and researchers in the field.

Das große PTAheute-Handbuch Springer La 4e de couverture indique : "Kevin Mattison argues that Deuteronomy was designed to amend the Covenant Code (Exod 20:22-23:19). He proposes a model of amendment, which draws on existing models of replacement and supplementation to provide a more complete explanation of Deuteronomy's rewriting of the Covenant Code."

**Rewriting and Revision as Amendment in the Laws of Deuteronomy** Routledge

This book addresses the everyday human behavior in outdoor built

environments and explains how designers can learn about and incorporate their knowledge into places they help to create. It is a must-have

resource for students, instructors and professionals within landscape architecture and the surrounding disciplines.
