Books

The Sepher Bahir is one of the foremost works of all mystic Judaism, an important work of Kabbalah in which commentaries

on sounds, words, and stories are presented in a somewhat choppy form (for it was a compiled manuscript, not a primordial single work.) The work is ascribed to a mystic rabbi named Nehunya circa the first century. It refers as well to another mystic work—the famous Sepher Yetzirah, equally as renowned for its spiritual lore.

### **Semiphoras and Schemhamforas**

Nicolas-Hays, Inc. This classic text of the Nine Great Keys details the invocation of the Archangels, the full hierarchy of spiritual beings (including Olympic Spirits and Elementals) and the evocation of the four Demon Princes. Highly sought-after, this edition of a rare early seventeenth century

grimoire has never before appeared in English. Occult scholar Stephen Skinner, along with magician and author David Rankine, trace the history of the Keys and offer full transcriptions of four key seventeenth century manuscripts in the British Library and in the Bodleian Library.

### **Invoking Angels**

Sourceworks of Ceremonial Magi Solomon wrote the book for his son Rehoboam, and commanded him to hide the book in his sepulchre upon his death. After many years the book was discovered by a group of Babylonian philosophers repairing Solomon's tomb. None could interpret the text, until one of them, Iohé Grevis, suggested that they should ask

the Lord for understanding. The Angel of the Lord appeared to him and extracted a promise that he would keep the text hidden from the unworthy and the wicked, after which he was able to read it plainly. Iohé Grevis then placed a spell on the book that the unworthy, the unwise or those who did not fear God would not attain the desired effect from any of the workings contained in the book.

Book of Raziel Watkins Media Limited  
Deities, demons, and angels became important protagonists in the magic of the Late Antique world, and were also the main reasons for the condemnation of magic in the Christian era.  
Supplicatory

incantations, rituals of coercion, enticing suffumigations, magical prayers and mystical songs drew spiritual powers to the human domain. Next to the magician's desire to regulate fate and fortune, it was the communion with the spirit world that gave magic the potential to purify and even deify its practitioners. The sense of elation and the awareness of a metaphysical order caused magic to merge with philosophy (notably Neoplatonism). The heritage of Late Antique theurgy would be passed on to the Arab world, and together with classical science and learning would take root again in the Latin West in the High Middle Ages. The metamorphosis of

magic laid out in this book is the transformation of ritual into occult philosophy against the background of cultural changes in Judaism, Graeco-Roman religion and Christianity. This volume, the first in the new series Groningen Studies in Cultural Change, offers the papers presented at the workshop The Metamorphosis of Magic from Late Antiquity to the Early Modern Period held from 22 to 24 June 2000, and organised by Jan N. Bremmer and Jan R. Veenstra. The papers have been written by scholars from such varying disciplines as classics, theology, philosophy, cultural history, and law. Their contributions shed new light upon several old obscurities;

they show magic to be a significant area of culture, and they advance the case for viewing transformations in the lore and practice of magic as a barometer with which to measure cultural change.

los prontos para suas mãos. Em resumo, neste livro são mantidos os princípios de transportes mágicos . Pode ser concedido de imediato que o compromisso seja escrupulosamente cumprido; o que o operador deve fazer e como deve executá-lo, a fim de atrair espíritos para o discurso , são assuntos expostos tão claramente que o homem que viaja não precisa errar. Assumindo o cargo sacerdotal do operador, ou um padre cúmplice, é tudo tão simples que o fracasso não poderia muito bem ser atribuído a um erro de sua parte. O procedimento é dividido em duas partes - um método geral para a evocação dos Espíritos do Ar, que são indubitavelmente

demônios, e um conjunto de conjurações angélicas próprias para cada dia da semana. A segunda seção provavelmente pertence ao departamento de Magia Branca, pois as inteligências envolvidas são boas e ótimas, embora seus escritórios sejam mistos e confusos, incluindo a descoberta de tesouros, a detecção de segredos, o fomento da guerra, a abertura de fechaduras e ferrolhos. , adquirindo o amor das mulheres, inclinando os homens ao luxo e semeando o ódio e o mau pensamento. Obviamente, Magia Branca desse tipo é muito mais negra do que é pintada. Heptameron: ou, elementos mágicos Pietro d Abano,

também conhecido como Petrus de Apono, Petrus Aponensis ou Pedro de Abano [1] (c. 1257 [2] [3] - 1316), foi um filósofo italiano, astrólogo e professor de medicina em Pádua. [ 4] Ele nasceu na cidade italiana de onde ele leva seu nome, agora Abano Terme. Ganhei fama escrevendo *Conciliator Differentiarum*, também entre *Philosophos e Medicos Versantur*. Ele acabou sendo acusado de heresia e ateísmo, e veio antes da Inquisição. Ele morreu na prisão em 1315 (algumas fontes dizem 1316 [5]) antes do final de seu julgamento. *The Long Life of Magical Objects* Chris Comish  
The only high-quality yet affordable edition available of the classic

alchemical manuscript *Splendor Solis*, described as "the most magnificent treatise on alchemy ever made". Includes up-to-date commentary from experts in the field and a modern translation of the 16th-century text. A magnificent edition of the *Splendor Solis* for all those interested in alchemy, magic and mysterious manuscripts. Popularly attributed to the legendary figure Salomon Trismosin, the *Splendor Solis* ('Splendour of the Sun') is the most beautiful alchemical manuscript ever made, with 22 fabulous illustrations rich in allegorical and mystical symbolism. The paintings are given a fitting showcase in this new Watkins edition, which accompanies them

with Joscelyn Godwin's excellent contemporary translation of the original 16th-century German text, as well as interpretation from alchemical experts Stephen Skinner and Georgiana Hedesan, and from Rafal T. Prinke, an authority in central and Eastern European esoteric manuscripts. Stephen Skinner explains the symbolism of both the text and the illustrations, suggesting that together they describe the physical process of the alchemical transmutation of base metal into gold. Rafal T. Prinke explains the theories about the authorship of both text and illustrations, discussing *Splendor Solis* as the turning point in alchemical

iconography passing from the medieval tradition to that of the Baroque and the reasons for the misattribution of *Splendor Solis* to Poysel and Trismosin. Georgiana Hedesan looks at the legendary figure of Salomon Trismosin and his creation by followers of Theophrastus Paracelsus as part of an attempt to integrate their master in a lineage of ancient alchemical philosophers. The images are taken from the British Library manuscript Harley 3469, the finest example of the *Splendor Solis* to survive.

Although little known,

cannabis and other psychoactive plants held a prominent and important role in the Occult arts of Alchemy and Magic, as well as being used in ritual initiations of certain secret societies. Find out about the important role cannabis played in helping to develop modern medicines through alchemical works. Cannabis played a pivotal role in spagyric alchemy, and appears in the works of alchemists such as Zosimos, Avicenna, Llull, Paracelsus, Cardano and Rabelais. Cannabis also played a pivotal role in medieval and renaissance magic and recipes with instructions for its use appear in a number of influential and important grimoires such as the Picatrix,

Sepher Raxiel: Liber Salomonis, and The Book of Oberon. Could cannabis be the Holy Grail? With detailed historical references, the author explores the allegations the Templars were influenced by the hashish ingesting Assassins of medieval Islam, and that myths of the Grail are derived from the Persian traditions around the sacred beverage known as haoma, which was a preparation of cannabis, opium and other drugs. Many of the works discussed, have never been translated into English, or published in centuries. The unparalleled research in this volume makes it a potential perennial classic on the subjects of both medieval and

renaissance history of cannabis, as well as the role of plants in the magical and occult traditions.

Veritable Key of Solomon Penn State Press

This book covers a number of different topics, including Black Magic, lucky numbers and insight into dreams. Instructions are provided on how to be a spirit medium and hypnotize, among other things. It's easy to read and is as informative as it is entertaining.

The Notary Art of Solomon Springer  
Attune to Divinity attends to many areas of your life, body and spirituality, helping you to improve your well-being and increase your conscious connection with Divinity. The energy

systems and functions provided are useful to people of many spiritual traditions and paths, as well as to those seekers who have not yet found a life path which resonates with them. The attunements are similar to Reiki, and grant you doses of energy that attune you, like a radio, to a certain spiritual energy frequency. When you are attuned to many of these energies, you have spiritual tools to use in all areas of your life. With these energy systems you can increase what you want, and drop away or minimize the impact of what you dont want. With just a thought, you can set your mind to rest upon and activate any of the streams of energy youve been attuned to.

Forces of Divinity extend their assistance to you in a personalized way. Attunements give you a greater sense of spiritual energies to fortify your life force and faith. Hands-on and long distance healing techniques are described in detail. Learn more about yourself and how to call upon Divinity to repair the pathways between you here in your body, your higher self and soul. Whether you use this book merely for its self-examination and spiritual-edification techniques, or for devotion and meditational guidance, it grants you new ways to ask yourself questions; the answers to which will greatly enlighten you.

Liber Salomonis

TrineDay  
 Completely new and richly detailed, this is perhaps the most comprehensive version of The Key of Solomon ever published. Based on one of the best-known grimoires of the Western world, The Veritable Key of Solomon presents all aspects of this revered magical system in one impressive source. Based on the original Key of Solomon manuscript, this brand new text features never-before-published material and added detail. Over 160 illustrations beautifully complement the elements of this complete and workable system of high magic, from a broad range of talismans and techniques to magical implements and procedures. Also

featured is a commentary by two of the best-known scholar magicians alive-- Stephen Skinner and David Rankine--who offer a full survey of all extant manuscripts of this famous grimoire and an exploration of how they interrelate. *The Encyclopedia of Magic and Alchemy* Createspace Independent Publishing Platform

The Goetia is the most famous grimoire after the Key of Solomon. The owner of this handbook of sorcery was Dr. Thomas Rudd, the most important scholar-magician of the early seventeenth century, and a magical successor to Dr. John Dee. The Goetia of Dr. Rudd explains how the 72 angels of the Shemhamphorash are used to evoke and

safely bind demons-- material that has not been made available in any previous edition. This rare volume contains a transcription of a hitherto unpublished manuscript of the Lemegeton and includes illustrations drawn from rare manuscripts held in the British Library. [A Book of Alchemy](#) Infobase Publishing

Now available in paperback!

SepherRaziel--also called Liber Salomonis--is a full grimoire in the Solomonic tradition from a sixteenth century manuscript. It contains seven books: the Clavis, concerned with astrology and its use in magic, with precise interactions between planets, Signs, and Houses; the Ala, outlining the

magical virtues of stones, herbs, and animals; the Tractatus Thymiamatus, which determines perfumes and suffumigations used in the Art; a Treatise of Times detailing the correct hours of the day for each operation; a Treatise on Preparation on ritual purity, and abstinence; Samaim, on the different heavens and their angels; and finally, a Book of Names and their virtues and properties, being seven semiforas of Adam and seven semiforas of Moses. The Sepher Raziel text is given in two forms: a literal transcription with no changes in spelling or wording and a modern English version. This volume also includes a foreword which offers

an overview of Raziel manuscripts, which represent a number of independent traditions, an essay on the literature of Solomonic magic in English, an introduction to the Sepher Raziel manuscript presented, an appendix on incense nomenclature as a supplement to Tractatus Thymiamatus, a list of printed notices and manuscript sources of Sepher Raziel, and a full bibliography of printed works on Solomonic magic and items of related interest. [Techniques of High Magic: A Manual of Self-Initiation](#) Springer Science & Business Media Sepher Rezial Hemelach is the long-awaited first English translation of

this famous magical text a translation from the ancient Hebrew in the rare and complete 1701 Amsterdam edition. According to Hebrew legend, the Sepher Raziel was presented to Adam in the Garden of Eden, given by the hand of God, and delivered by the angel Raziel. The myth thus suggests that this is the first book ever written, and of direct divine provenance. A diverse compendium of ancient Hebrew magical lore, this book was quite possibly the original source for later, traditional literature on angelic hierarchy, astrology, Qabalah, and Gematria. Moses Gaster mentions this in his introduction to *The Sword of Moses* (1896) suggesting that the Sepher Raziel could be

a primary source for many magic and qabalistic books of the Middle Ages. Sepher Raziel Hemelach is a compilation of five books: "The Book of the Vestment," "The Book of the Great Raziel," "The Holy Names," "The Book of the Mysteries," and "The Book of the Signs of the Zodiac." It includes extensive explanatory text on the holy names of God, the divisions of Heaven and Hell, the names and hierarchy of the angels and spirits, as well as symbolic interpretations of both the Book of Genesis and Sepher Yetzirah. It also includes material on astronomy, astrology, gematria, and various magical talismans, most notably those used for protection during

childbirth. In his introduction, Steve Savedow details the history, bibliographical citations, and lineage of this famous work. He lists the old and rare manuscripts still in existence, and provides a bibliography of other reference works for study of the Western esoteric tradition.

Liber Lunæ, or Book of the Moon Weiser Books  
Many capabilities are supposedly at the disposal of man through the use of Semiphoras and Schemhamforas, printed originally in the 1600s by Andreas Luppilus and proclaiming to be from the era of Solomon himself. Detailing the celestial and angelic structure of existence and the heavens, it proposes that a

properly holy individual is able to both understand and call forth angels and demons alike. It is often combined with other materials within the scope of the Books of Moses, containing a lengthy exposition on the specific names of the Hebrew God as well as the main angels ruling over each level of heaven and their subordinates in a manner not entirely dissimilar to the Ars Goetia.

Aleister Crowley's Four Books of Magick Clube de Autores

Self-initiation into practical magic with clear instructions on how to perform invocation and evocations, achieve astral projection, make effective talismans, or practice divination using either geomancy,

tarot or I Ching. Useful for a complete beginner or those further along the path. *The Sworn Book of Honorius* Golden Hoard Press

The Magical Treatise of Solomon, or Hygromanteia is the ultimate grimoire--the absolute foundation of ceremonial magic. The true source of the Key of Solomon, it is arguably the most significant magical text in the world. For the first time ever, this extraordinary work has been translated from the original Greek into English, allowing magic scholars worldwide to finally access its treasures. The translator, Ioannis Marathakis, is a native born Greek academic with an extensive knowledge of ceremonial magic.

Unlike the abridged Latin translation, this groundbreaking work is the complete text, now arranged in its proper order.

Corpus Hermeticum

BRILL

This book explores a series of powerful artifacts associated with King Solomon via legendary or extracanonical textual sources. Tracing their cultural resonance throughout history, art historian Allegra Iafrafe delivers exciting insights into these objects and interrogates the ways in which magic manifests itself at a material level. Each chapter focuses on a different Solomonic object: a ring used to control demons; a mysterious set of bottles that constrain evil forces; an endless

knot or seal with similar properties; the shamir, known for its supernatural ability to cut through stone; and a flying carpet that can bring the sitter anywhere he desires. Taken together, these chapters constitute a study on the reception of the figure of Solomon, but they are also cultural biographies of these magical objects and their inherent aesthetic, morphological, and technical qualities. Thought-provoking and engaging, lafrate's study shows how ancient magic artifacts live on in our imagination, in items such as Sauron's ring of power, Aladdin's lamp, and the magic carpet. It will appeal to historians of art, religion, folklore, and

literature.

Sepher Rezial

Hemelach Createspace Independent Publishing Platform

The Liber Salomonis, referred to in its own composition as the Sepher Raziel, claims to be a book given directly to King Solomon by a mysterious prince and sorcerer from the East. Actually written in the Renaissance or perhaps as early as the Medieval period, it synthesizes Kabbalistic and Hermetic lore together and is divided into seven treatises. The subject matter ranges from the high occult of invocation and the names of angels and of the Judeochristian god, to herbal medicine and the creation of incense for the calling of spirits, to the categorization of

twenty four beasts and stones to coincide with the hours of the day. With the entire core of the work ruled over by seven angels and seven celestial bodies, the philosophy behind its somewhat apocryphal historical content is nonetheless of extreme interest and is here presented in modernized English for the modern audience. 82 pages.

'Sepher Raziel' (also called 'Liber Salomonis') is not the same as the Hebrew 'Sepher Raziel ha-Melakh.' It is a full grimoire in the Solomonic tradition from a 1564 century English manuscript, derived from Latin

sources. As such it is one of the earliest English grimoires published. It begins with directions for making the equipment, parchment, pen and ink of Art. It contains seven separate Treatises: 1. 'Liber Clavis' which is concerned with astrology and its correct use in magic. 2. 'Ala' outlines the magical virtues of stones, herbs, beasts, and words. 3. 'Tractatus Thymiamatus' explains why incense is essential to magical operations, and the effect of various incenses on the spirits. 4. 'Treatise of Times' gives details of the correct hours of the day and night for each operation, with associated angels. 5. 'Treatise on Purity'

explains the exact preparations, and the reasons for ritual purity. 6. 'Samaim' is a treatise on the seven Heavens, with the names of their angels. 7. The 'Book of Virtues and Miracles' is a treatise on the names of God, and how they are to be used in invocation to produce miraculous results.

MURIEL MCCARTHY

This volume originated from a seminar organised by Richard H. Popkin in Marsh's Library on July 7-8, 1994. It was one of the most stimulating events held in the Library in recent years. Although we have hosted many special seminars on such

subjects as rare books, the Huguenots, and Irish church history, this was the first time that a seminar was held which was specifically related to the books in our own collection. It seems surprising that this type of seminar has never been held before although the reason is obvious. Since there is no printed catalogue of the Library scholars are not aware of its contents. In fact the collection of books by late seventeenth and early eighteenth century European authors on, for example, such subjects as biblical criticism, political and religious controversy, is one of the richest parts of the Library's collections. Some years ago we were informed that of the 25,000 books in

Marsh's at least 5,000 English books or books printed in England were printed between 1640 and 1700.
