Fun & Easy Scroll Saw Projects Fox Chapel Publishing Company Incorporated
 Attractive fretwork projects are highlighted by adding an artificial light source for effect. Make an elegant box style mantle clock with illuminated display stand, some eye-catching acrylic Christmas presents to place under the Christmas tree, or a cross wall sconce with attractive fret design. With 400 color images, step-by-step directions are provided for 24 lighted scroll saw projects ranging from easy-to-make luminaries to the intricate fretwork of a night light with tab and slot design. The wide selection of ornamental -- and functional -- projects

include table lamps, candle holders, and Christmas decorations. The variety in designs, with accompanying patterns, make this a great project book for woodworkers of all skill levels. The double layered Christmas projects are always popular. Choose from a lighted arch (Schwibbogen), tree, or pyramid. All the basic procedures associated with scroll sawing are described in detail with many tips and techniques included. Highlighted is the compound cut technique, plus use of various materials (hardwood, plywood, painted MDF, paper, and acrylic). Patterns comprise a variety of popular themes such as fairies, cherubs, a lighthouse, a dolphin, and a snowman.

Have you scouted for that book that contains all the juicy bits of information on the scroll saws but found none? Or maybe you found some but weren't thrilled enough to start something? Do you want a step by step scroll saw guide to begin your first project and help give life to your creative imagination? Then here is the book for you, dear scroll artist or scroll artist-to-be... This book, *The Big Book of Scroll Saw for Beginners*, has virtually everything needed to jumpstart your first scrollsaw project, including the tips, guidelines, and instructions you will need to make you feel like you are in a classroom where the art is taught. Or perhaps, this is your first time hearing of the scroll saw, and you're thinking, 'Oh no,

I'm not going to be fooled by these things! Scroll artists are just carpenters searching for nicer titles!' Relax and get to know what this art entails first! Trust me; you'll love it. What is Scroll saw? Scroll saws are usually fixed to a place and driven by a motor that powers the blades to their beautiful designs. You wouldn't believe it, but scroll saws have been used right since the ages of our forefathers. The only issue was that the art was called a different name—Fretwork. However, the devices got better and more efficient over the years, causing many people to take this art as a hobby and even as a job. The device is cheap, and as long as you can exercise a lot of patience while reading through the guidelines in this book, you will be good to go. Now, have you seen some woodwork projects and gotten awed by them? Do you see yourself doing something very similar to those things? Yes? Then this book is just what you need. Just like the name suggests, this book is very suitable for beginners, but you won't remain a beginner at the end of the book. You'll come out neatly polished and ready to make professional cuttings. Likewise, experts in scroll saw art are free to peruse

this book to have their knowledge even more refined, thereby complementing what they already know about this art. At the end of this book, you will;

1. Be well informed on the historical information and the timelines from when the scroll saw existed.
2. Gain access to the tips, and tools to guide you in crafting your first scroll saw project.
3. Be aware of all the safety precautions to follow to keep yourself safe and free from potential hazards while using the scroll saw device.
4. Uncover the right materials needed to craft awesome scroll saw projects.
5. Be exposed to 20 scroll saw projects with detailed guidelines to help bring out your artistic and creative side to life.
6. Discover some of the mistakes involved with using the scroll saw with tips to avoid such mistakes.
