An encyclopedic guide featuring over seventy established, emerging, and innovative production techniques and over sixty materials used in textile and fashion design. To be truly prized and employable, textile and fashion designers have to be aware of, and knowledgeable about, a wide range of processes to enable their designs to be manufactured effectively, often thousands of miles from their design studio. This much-needed new reference is the only encyclopedic guide to manufacturing processes and materials that is truly relevant for textile and fashion designers. It is organized into

five main parts: fiber and yarn technology; textile technology; construction technology; life cycle strategies; and materials appendix. Manufacturing Processes for Textile and Fashion Design Professionals is a complete overview of the life cycle of textile and fashion manufacturing, from the spinning of yarn to recycling. All the processes feature detailed step-by-step case studies showing the process in manufacture at a leading international supplier. The appendix features essential knowledge on over sixty natural and synthetic materials. With around 1,400 specially commissioned photographs and technical illustrations, this is the indispensable, reliable, convenient, and highly accessible practical reference for all textile and fashion designers.

'I should have written you after my first reading of *The Living Currency*; it was already breath-taking and I should have responded. After reading it a few more times, I know it is the best book of our times.' Letter to Pierre Klossowski from Michel Foucault, winter 1970. *Living Currency* is the first English translation of Klossowski's *La monnaie vivante*. It offers an analysis of economic production as a mechanism of psychic production of desires and is a key work from this often overlooked but wonderfully creative French thinker.

It's a vanished world, and Peter Hujar was right there in it. The Lower East Side between 1972 and 1985 - filled with artists, wannabe artists and hangers-on - was a community of the misbegotten gathered from every town in America and relocated in the mean streets between Broadway and the Bowery. Nothing but their talent, their

flamboyance, their rank gender-bending mockery and their arch irony supported them. Some made their names. Many came to grief. A few made art. In those days, the gutted streets of the Lower East Side looked like a war zone. Everyone lived and worked on the extreme outer margins of money and art, penniless and unknown. As a community, Downtown was a counterstatement to the rich New York of the banks, museums, media, corporations ... and the art world itself. That Downtown is forever gone. Time, gentrification, disease and death have taken their toll and turned this vibrant epoch into a chapter of art history. But before it vanished, its extravagant cast sat for Peter Hujar's camera - and is now alive again in front of our eyes. Featured

Jonny: My Autobiography

HarperCollins UK

Jonny Wilkinson's career has crossed three decades and four World Cups. He has accumulated phenomenal achievements, world points records, an impressive list of broken body parts, and a drop goal that will be remembered for ever. But the peculiar calmness with which he played the game masked a very different reality. In JONNY, he reveals the extraordinary psychology that he had to tame in order to be able to dominate his sport. For most of his

life, he was driven by a quest for perfection and an obsession to be the best player in the world; here he shows how these two facets of his competitive mind took such a hold of him that they sent him to the top of the world, then swept him up and dragged him down into a spiral of despair. Jonny's career has spanned the far reaches: amazing highs and iconic moments, then a fight against injury that culminated in a battle with depression. Here he tells of the physical toll he knew his body was taking from rugby, even from his youth; he tells of how he never wanted to be a kicking fly-half but learned to adapt his natural game to play the style that Clive Woodward believed necessary to win a World Cup, and how he nearly walked out on Martin Johnson's England team 13

years later.

 NEW YORK TIMES BESTSELLER • From the bestselling author of V2 and Fatherland—a WWII-era spy thriller set against the backdrop of the fateful Munich Conference of September 1938. Now a Netflix film starring Jeremy Irons. With this electrifying novel about treason and conscience, loyalty and betrayal, "Harris has brought history to life with exceptional skill" (The Washington Post). Hugh Legat is a rising star of the British diplomatic service, serving at 10

Downing Street as a private secretary to the Prime Minister, Neville Chamberlain. Paul von Hartmann is on the staff of the German Foreign Office--and secretly a member of the anti-Hitler resistance. The two men were friends at Oxford in the 1920s, but have not been in contact since. Now, when Hugh flies with Chamberlain from London to Munich, and Hartmann travels on Hitler's train overnight from Berlin, their paths are set on a disastrous collision course. And once again, Robert Harris gives us actual events of historical importance--here are Hitler, Chamberlain, Mussolini, Daladier--at the heart of an electrifying, unputdownable novel.

As non-literates, the Celts left no written record of their lives, their beliefs, and

the stories which were such an important part of their culture. Here Dr. Green uses the works of contemporary commentators from the Classical world, later Christian scribes recording oral traditions, and archaeological evidence to discuss Celtic myths and their religious beliefs and rituals. When The Big Show was first published,

paper rationing meant that the text had to be heavily cut. Now, for the first time, this international bestseller has been returned to its complete, and breathtaking, original state. Pierre Clostermann was a Free French fighter ace who flew with the RAF during the Second World War. Over the course of five years he engaged in hundreds of dog-fights, shot down scores of Luftwaffe planes, escorted American bombers on some of the most dangerous raids of the war, and watched many of his friends falling to their deaths in the skies over the Channel. The Big Show, his incredible account of the air war over Britain and France, has become one of the most famous memoirs of the Second World War. Now in its original state, it contains everything one could wish for in

a war memoir: wonderfully observed descriptions of wartime Britain, frighteningly evocative stories of in-the-cockpit action, an amazing cast of characters, and all the drama and bravery of a man fighting a desperate war thousands of feet above the ground. An undeniable classic.

Living Currency Harmony

An outstanding novel about a young Russian woman's life in exile after the Russian Revolution. *The Book of Happiness* is one of the outstanding novels the great Russian writer Nina Berberova wrote during the years she

lived in Paris, and the most autobiographical. All Berberova's characters live raw, unfurnished lives, in poverty, on the edge of cities, with little sense of belonging except in moments of epiphany to their time and in life itself (*The Observer*). Such a character is Vera, the protagonist of *The Book of Happiness*. At the novel's opening, Vera is summoned to the scene of a suicide, that of her childhood companion, Sam Adler, whose family left Russia in the early days of the revolution and whom Vera has not seen in many years. His death reduces Vera to a flood of tears and memories of the times before Sam's departure, and thoughts about how her life has gone since her move to Paris where she lives tied to a brilliant but demanding invalid husband. Berberova

spins the story with a wonderful
unsentimental poignancy, making it a
beautiful testament to the
indestructibility of happiness.
