From the wildly popular author of the groundbreaking debut *The Portable Promised Land* comes an inventive and hilarious first novel about an African-American utopia threatened by the darker side of human nature. Welcome to Soul City, where roses bloom in the cracks of the sidewalk along Cornbread Boulevard, musical genres become political platforms, and children use their allowance money to buy records from the Vinyl Man. Its an unusually peaceful and magical American community with a strong heritage and sense of unity--at least, thats how journalist Cadillac Jackson first finds it. When Jackson visits Soul City on a magazine assignment, a mayoral election is imminent and candidates from opposing parties are battling to control the citys soundtrack. Amidst the increasingly hostile campaign, Cadillac falls for Mahogany Sunflower, a beautiful Soul Cityzen, and begins a struggle to shed the embattled African-American identity hes been taught to adopt, in order to exist in a community where the content of his character really does determine a black mans identity. What he discovers reveals as much about himself as it does about human nature and the meaning of race in America.

"Gloriously imaginative and utterly hypnotizing short stories" inspired by vintage twentieth-century postcards, from a Pulitzer Prize-winning author (Booklist, starred review). For many years, author Robert Olen Butler has collected picture postcards from the early twentieth century—not so much for the pictures on the fronts but for the messages written on the backs, little bits of the captured souls of people long since passed away. Using these brief messages of real people from another age, Butler here creates fully imagined stories that speak to the universal human condition. In "Up by Heart," a Tennessee miner is called upon to become a preacher, and then asked to complete an altogether more sinister task. In "The Ironworkers' Hayride," a young man named Milton embarks on a romantic adventure with a girl with a wooden leg. From the deeply moving "Carl and I," in which a young wife writes a postcard in reply to a card from her husband who is dying of tuberculosis, to the eerily familiar "The One in White," in which a newspaper reporter covers an incident of American military adventurism in a foreign land, these short stories are intimate and fascinating glimpses into the lives of ordinary people in an extraordinary age. "A wonderful collection."—The Atlantic Monthly

The President for Life has two problems. He wants new Concubines for his Harem and he must make a difficult choice between Russia and America for

a contract to sell his countries natural gas and oil. In a clever scheme proposed by his senior military attaché the Russian and the American contractors were required to provide the women and whichever supplied the most beautiful and entertaining Concubines will win the contract. Marie Dautel and her partner Inga DeJong, beauties skilled in the art of pleasure massage, are coerced by a Russian to compete against the Americans. Soon eight sex slaves are trapped in the Presidential Harem and forced to relieve the President's physical needs. Control is exercised using a combination of brutality and drugs compelling the women to obey his orders and satisfy his lust. There is no prospect of escape from the Harem unless recycled to a desert sheik as an extra wife when the President is finished with them. Greed and double dealing by the Russian and American governments opens a window for the women to escape from their sex slave existence. They flee the country narrowly avoiding capture at the border post. Infuriated the President sends his senior attaché to capture and either return them to him for punishment or kill them. The women are not safe even in their home in London where they are captured and loaded on a private aircraft for the flight back to Rajikistan. Can they be saved? *The Flaxen Femme Fatale* American Traveler Press

Dear Reader, After putting out the gigantic compilation on femdom odes i.e. the "Reader" and the odes to Indian maids (all 25 sizzling hot of them) - what I did not say, is it all initially started with another idea in mind. Another older lady, who I like to call "Ma Ji" - an uber respectful way of addressing older women in general in India, those over 50 or so, who lay in the park sunning herself, and every time she moved, all I could think of, see, vision- right in front of me rather than my workout which I still did on auto pilot - her soles - and SERVING HER! And from there on, serving her husband, and his lovely little jiggly boobies - so NICE! (tiny, such pretty thick NIPPLES!), sucking them, giving him pleasure, giving HER pleasure, they were so HOT, I can feel the HEAT, that dark skin, between their legs, all of it! I've been very open about the fact, of course, it's never about age - or looks - or anything. Her MIND is what counts! And it could be the older lady I was chatting to the other day in China - or the older ladies I write about so much or the mother daughter combos where lets be honest, the RULING mother, matriarch and her POWER is the real turn on, more than the rolls of fat around her waist which I so love to worship! Much like downtrodden women, and fat women and so forth, OLDER women are always discriminated against, and thats another reason to worship them - MORE! Yet, the other two courses showed up first, despite my IMMENSE devotion to older ladies, and despite the fact I've from a young age always "been with women" relationship wise that have been older, in some cases 10 years. Dont get me wrong, I've been with plenty younger too as you can tell, but this morning, doing this and that, I couldn't figure out the sales title for this one, so I left it be as it were. Went out to workout - and presto, as always, the heavens delivered! Usual area where I workout - well I chose another one today, but that was too hot, so I went back to the original area, and as soon as I went there - I knew this book was in the offing! An older white lady was sitting there, her SOLE pointed to me! With an older Japanese lady in socks - now, its important to note at this point there was no lust or anything in my mind, it was on my workout, the heat around me, other things, but I instinctively said Paye Lagu, and thoughts of massaing her foot swept through my mind on auto pilot. She must have felt it. She did, I know because she looked at me strangely for a minute! As I continued my workout, I couldn't help but stare at the old lady's wrinkled feet. I took my shirt off to give them more of a "show" which they took in for a while, then left. It was ONLY THEN That true lust kicked in! Man, I thought about that ONE SOLE all workout! If Madam had pinched my nipples, I'd have dropped down right there! She wasnt overly attractiv or anything, grandmother like if anything, kind of like the "white" version of the "Ma Ji"s (older ladies) I write so much about in India - and China ! And without further ado, well, thats the sign I needed. So, enjoy the odes - and implement in your own life, and write back and let me know what you think, and the results you magnetize from imbibing the lessons therein! Best, Mike Watson - ah, but wait. Before we go ... a bit of BACKGROUND on this, WHY you should get this book, and so forth (though really, if you're into real femdom, the above is all you should need to click the purchase button NOW) WHY OLDER LADIES, even if not considered "traditionally beautiful or attractive" SHOULD BE WORSHIPPED AS QUEENS AND GODDESSES! Or, I could say why I love "old and fat" women, those that have "pumped out kids" (as so many men say!) - and worshipping their asses, feet, soles, armpits ... Dont get me wrong. I dont discriminate based upon age, women are women - and are all so gorgeously dominant. But older women just HAVE it - that dominant vibe x 10! And the maturity to GIVE subs what they want. So, asses, feet and soles? Older women? Paye Lagu, Memsahib! Especially the first and third category! And of course those STRONG hands slapping me! YEARS of experience doing so or wanting to do so, and Madam Aa Chie, that lovely lady of the night who took me in hand SO EXPERTLY - and did NOT do what she was paid for - and I loved it! - her mother was of the latter bent of mind. I remember licking the CRUD off the older lady (60+)s asshole like never before. As she slept comfortably, legs splayed out like a MAN's, with NO fear of me entering her (I was locked anyway, hehe) - her soles reminded me so much of my Grandmother's who I wrote about before. Big soles. Uncared for soles. And they need to be pressed, boy, as Madam was told in the movie "Anmol", which I never watched past the femdom. Hehe. Rather boring movie from what I can tell but the fem dom made it worth it! Dekhi kya rahi hai! Daba! Dont look at me bitch! Press my soles! I so wish I was doing it! And a lady of the night - and her mom? Worshipping a lady (Aa Chie) who gloatingly spoke of the manly customers whose cocks she sucked, cum she drank and then tweaked my nipples lovingly and said "not yours though, sissy!" LOVINGLY BEING KEY! Women who do that are so NICE, humiliate LOVINGLY! Worshipping her old mother that not even the most ardent fetish enthusiast would want to do? To me that is REAL FEMDOM. That doesn't mean you don't worship "young and beautiful" - you do. Madam Pearl, Princess Joanie, the lovely Sophia Bai (well, she was getting on a bit!) and more! But it DOES Mean you pay equal attention to all ladies, which can be a chore sometimes, hehe. Which one to worship more. Tough one to call! But as THAT ex of mine once told me (the one who told me to go to counseling, and she's unfortunately no longer with us due to the plague from China) ... "If anyone, I'll massage those rickshaw puller's feet in India!" A highly barbaric practice, of course, which persists to this day in india in Kolkata at least, despite the Communist government officially outlawing it where humans beings pull more privileged and fat ones like BEAST of burden. I get her point! (She told me to think of sunflowers when I thought of her. I am now. I'm sure she's in heaven weaving a spell over men with that lovely blond hair and her lovely FEET!) Anyway, thats why I love it. Worshipping maids. Sex workers. Ladies of the night. The downtrodden. And so forth. And so should you, if yo're a true femdom lover, and if not, you might as well leave this page NOW because in that case this product ain't for you. And Madam Carol, her of the lovely feet is ignoring me right now. I don't know why. I'll have to find out, but as I told her, I'm sure your husband wont mind me saying hi to you! But she told me that story of an older lady with an younger man, and they both had no money apparently, or maybe the guy did, I don't know - yeah, I think the guy did. And there was a 60 year old age difference. But, the guy loved her no matter what, they lived together! And on that note - thats that - but this wouldn't be complete without me saying this - I so LOVE kissing the rolls of FAT - LOVINGLY - around Pooja Memsahib's so called corpulent waist, and

kissing the saggy buttcheeks, and the TREASURE WITHIN that I'd pay for , and do! Her asshole is the BEST! (tough call, but still!) Why it's NEVER about her age, boy! Women often get a lot of negative attention due to their age, and "younger women" being "more preferable". I cannot tell you how STUPID this line of thinking is - of course, it's MEN that all seem to want "the young girl" and so forth - and then complain when that same young girl shows no interest in the usually "lecherous" old fart. Hehe. Look, the most important thing about a woman is her MIND. Not her age! Not her looks, not her body type - none of that! I'll give you two examples - both extremely pertinent CONFIDENT, DOMINANT AND SUCCESSFUL - what more could a man ask for!! And it's so true! From Madam Su to Pooja Ma'am to ... well, a LOT of the older ladies I've been with - they're financially independent, gorgeous, CONFIDENT - they KNOW they rock - and they dont mind compliments, in fact - they expect them - perfect Madam SUSAN - all of them - they have ONE thing in common. They're older, and they know they ROCK, they're no less than younger women! It's this confidence that is such a huge turn on when it comes to older women, femdom wise, the "why" is so obvious. Further, older women are FAR more open about their sexual preferences - or not - like Madam Ann, and a certain 59 year old Chinese lady I was recently chatting with ... they are open about they DONT want SEX, and just want worship - and for a footboy, a devoted SUB - what could be better news than this? Few things, I'd suspect! NO pressure to perform except as an uber devoted sub, massage slave and so forth, NO other pressure, its so NICE! Ma'am, you're so nice! Muah. (this w.r.t an Indian lady, at least of Indian origin that I've been following on Twitter) ..Ever since i saw her - well, specifically last night - she's been on my MIND. Big time! And as I sit here waiting for a computer reinstall to get done - she's in my mind again. She reminds me SO of a certain Priyanka Ma'am - in many ways - right down to her look, and those lovely legs and heels of hers! She's an older lady whose posts i often see on Twitter. But last night, one of her pictures REALLY stood out - more than just her legs? It's the VIBE! MY! Madam seems to be a political analyst or something - at CNN, I believe, not sure, but her aura is what matters! Confident. Dominating! The two go together. So they should! And they attract SUCCESS - which Madam is successful too! An older lady not shy to show her best assets off, An Indian Goddess that KNOWS deep down inside shels superior! And she flies from country to country, those are my thoughts. What more could a REAL man ask for? Other than to be at her feet, give her massages, which Madam must be so tired traveling between places - i know how that goes. Muah! Id just be happy to press her legs all night while she relaxed after clubbing, chatting with men, whatever she wanted, no strings attached, like I did with perfect Madam Jyoti! Shine her shoes, iron her clothes, give the working lady what she NEEDS! Women SO deserve that. My lovely S.O. once sneered about a certain Priyanka Chopra - as if to say, well, "put shorts on any girl, she will look good, theres nothing so special about her!". Well... Coming from a lady who so adroitly pointed out that women are each other's worst enemies and is as catty as the best of them - what could I say. Hehe. Not that I would say much anyway! "Look at the whole girl, not just her FOOT, boy"! Ma'am, that's the thing people don't get - it's the VIBE, that dominant vibe that attracts and KEEPS - forever! Feet,legs, heels, fetish, the whole shebang. All of its great! But it's the VIBE that matters. And back to thi stunning Goddess - I SO hope Madam gets a LONG massage post flight. She DESERVES it!! Muah Paye lagu, Madam ...J!! You're TOO NICE! (She even got me to do something I NEVER would, something i absolutely ABHOR - write this on the dumbphone! Ugh ..hehe) (and hence more typos than usual, hehe - so be it!) After devouring the best quality of food on the planet for 3 weeks, I'm not surprised that Japan has the most number of Michelin stars and more importantly the most number of 3 Michelin stars in the world. The quality is too refined and superior. Madam, from what it seems loves soccer. But that comment she made on food - so apt! "Madam, just like you - right down to the Michelin grade". And, as I get the computer back up and running "aint that SO true". Muah! I'd truly wash your feet and drink the water, Madam. You're that gorgeous - the VIBE! (and all of it. I could write forever on this!!). And thats the spirit in which all of my Indian femdom was written (actually, ALL my work- books, manuals, ALL of it) - all TRUE - and all ...well, so FROM THE HEART, which is what matters, counts, as I say on one of my businesses, or so goes the tagline "from the heart". Get some NOW. The true femdom lover wont be able to put 'em down, that I promise! But before that - the reverse of "older women" - WOMAN WORSHIP - regardless of AGE One of the most interesting - and best - things that Madam Alexa and I often talk about it is this - the AGE difference between us. She's more than 18 years younger than I am (and although I myself look around 10 years younger than I am due to my sticking to a GOOD exercise routine - hey, sissies need to be young, beautiful and in shape! Hehe) - and this age difference is always on our minds when we chat about anything. It MATTERS - YES - not her age - but the age difference! "Madam, I love the age difference between us", I'll often blurt out. She giggles. "Me too, hehe". A more calm response, a more "mature", measured response, but I can tell (and she's told me) she LOVES this dynamic too - and rightfully so! There is a certain turn on - a certain UNIQUE way of being humiliated - - when you address a person younger than you by many years respectfully - - and more importantly, as your Lord, Master (Mistress!) and TRUE (and always) superior! I've made mention before of my occasional visits to the Indian subcontinent, where (unfortunately from a real life perspective) the tradition of keeping "servants" (and servile ones at that) is very much alive and "kicking" - and servants far older than their "Mistresses" or "Masters" are routinely verbally and otherwise degraded (without it being looked upon as such by society at large, such is the "acceptance!"). A servant should know her place, BOY! (Madam Aa ling, her of the ... ah, but you probably remember!) You're always boy, and I'm always your Madam! (The imperious Madam Pearl ...) In Hong Kong in days bygone, older Chinese waiters in restaurants, for instance, were routinely and laughingly (and contemptuously!) addressed as "boy" during the colonial era (pre 1960 etc) ... And examples abound galore. When Princess Tina, for instance, addresses me as a servant in the most humiliating manner possible - and I do the exact opposite thing - it's the whole "age dynamic" at play that makes it so much more interesting! Serving an younger lady - - an younger Goddess - and her lovers - - like ROYALTY ... And lest you think it doesn't work the other way around - think again, my friend. A lot has been made of men "preferring younger women" both socially and otherwise. It's somehow acceptable for a man to marry a woman 10 or more years younger than him - but the other way around - ?? - and society at large "comments". And I'm here to tell you - and always have- - that true femdom isn't about age or looks - its about the MIND. Everything else is secondary! Madam Susan, for instance, her of the Madam Carrie series - is 12 years younger than me - but as I was chatting with her the other day, I felt this urge to drop down and lick the bottom of her beautiful flip flops for no reason - and proclaim her to be a GODDESS that deserves young, virile lovers - and SLAVES! And thats how it should be - because she's a Goddess - regardless of age! From Goddess Priyanka, to Madam Pearl, to Madam Susan, Krystal, and all the other lovely ladies I've been fortunate to be with - and of course most recently Princess Tina - they're all Goddesses - and always will be - regardless of AGE! And in case this sort of humiliation turns you on immensely - either as a Domina or a male submissive - well - rest assured this is but just the TIP of the iceberg, my friend. There is far, far more to humiliation and true degradation than just this - and Princess Joanie

knew this better than most and it was after meeting that lovely, and FAR younger lass (that I've often said has the most beautiful feet in Southern China and rightfully so) that I penned Humiliation Central. But for now, lets stick to age. And the fact that it's NEVER about her age – or looks, or any of those silly social tags society in general attaches to women. Its' about her mind, and don't you ever forget that, BOY! BENEFITS that REAL submissives will get from imbibing the lessons and vibes from this book (and what you'll LEARN in general) You will find that worshipping an older woman is by extension in many ways a lot more interesting than doing so for a younger woman – not only because she will appreciate it more – but will ENJOY the service more! From Aa Ling's mom to Susan to Nandini Ma'am's mother – to an older “grandmother like” lady I met in China – they ALL enjoy the worship, as much as or more than younger women – which in itself makes it worth it! The CONFIDENCE that comes in spades from older women – that is a huge, huge turn on for any real submissive. Enough said on this one! And that shows in EVERY ode I've written in this book. NO pressure to perform in bed or be good at sex. In fact a lot of older women dont even want sex that often, but they DO want the rest of the service, cooking, cleaning, etc – tasks a lot of us subs BEG to perform! And this one factor alone should be enough to drive you to your knees every time you see an older lady. It's so NICE! xx (and this vibe SHINES through in the odes to them) I've said before that there is NO limit which is “sacrosanct” in terms of real femdom, and submitting to older ladies, you'll learn this x 10. You'll learn how these older ladies, with ONE shot of the foot, and nothing else – ONE sole shot, and nothing else – can inspire you femdom wise for DAYS, weeks – MONTHS on end – how one look from an “Auntie” can make you more submissive than you've ever been – how you'll be literally be willing to do ANYTHING for her – including drop down and suck her husband's penis in public if she so wants for HER PLEASURE! Older ladies know even better than younger ladies how to USE – abuse – which is what a slave DESERVES, so it should be. And they do it so well, you'll see in these odes! VIBE! Findom wise, older ladies can be EXTREMELY demanding. And thats a good thing – you'll pick up on these vibes, and do what you should as a sub in that regard! a Older ladies KNOW how to get a younger – or any male – to serve better. Heck, they LEARNED all these things when they were young – as a lady recently told me – you can only dominate, get housework done etc yourself if you KNOW how to do it well yourself first too, so you can hold the sub to those same standards – very high standards – so it should be. What a PLEASURE AND HONOR, MA'am! And more... BENEFITS that you as a DOMINANT (“old”, “young”, or “in between”, even) can expect to gain from imbibing the lessons and vibes from this book True domination and confidence go together, hand in hand. With the confident vibes emanating from dominant women that KNOW how to put men in their place and DO SO even more naturally and confidently due to their inbuilt “matriarch” status – well, YOU as a dominant can and should pick up on these vibes – and the “how” – to put your sub in his or her place even more effectively and PERMANENTLY! Learn some of the “subtle” tricks and bodily cues, vibes – and even body “types” a lot of older women either consciously or unwittingly use to attract younger and often sexier and more handsome men- and keep them HOOKED! (and servile, hehe) While subs will no doubt cream their pant(ie)s just reading about the domination and imagining it – YOU as a dominant female can pick up tips from these older ladies (even if you're a male dom, this applies) – and use them to great effect along with your own wiles on your hapless subs! Each and every ode in this book gives off an aura of sheer and utter ARROGANCE, female superiority and brattiness – and there can never be enough of that in a female dominated/ruled world! More than the actions, as I said in another book today – its HOW you do what you do that counts. Words count, actions count, but the VIBE as often said before counts the most -and older ladies are SO good at SUBTLY projecting that dominating vibe and taking CONTROL OF MEN – young or old – forever – before bending them and breaking them – to their own wills and wishes – so it should BE! (and so it is, hehe. Ma'am – thank you for that too, I mean it!) And a lot more! This book is currently on a “special launch” sales price. Much like yesterday's two books, it wont last forever so NOW is a great time to grab at it the price it's at – because given the sheer value of info in it, the price WILL go up on it shortly, and deservedly so. The figure of the imposter can stir complicated emotions, from intrigue to suspicion and fear. But what insights can these troublesome figures provide into the social relations and cultural forms from which they emerge? Edited by leading scholars in the field, this volume explores the question through a diverse range of empirical cases, including magicians, spirit possession, fake Instagram followers, fake art and fraudulent scientists. Proposing ‘thinking with imposters’ as a valuable new tool of analysis in the social sciences and humanities, this revolutionary book shows how the figure of the imposter can help upend social theory.

In this study, Alex Hon Ho Ip argues that when Paul wrote to Philemon about Onesimus, his main purpose was not to try and reunite, as is widely held, a runaway slave with his master, but rather to have Onesimus accepted as a beloved brother in Christ. By examining the letter's inner texture, the author shows that Paul's main concern was for Philemon and Onesimus to be reconciled in brotherly love. The inter-textual weave reveals Paul's theological and ethical thoughts on love, which is the basis for the apostle's main argument. By taking a new institutional economics approach to help reconstruct the economic relationship between slave and master, Alex Hon Ho Ip is able to offer a better understanding of the original relationship Paul argued against. With all this in mind, the focus is on re-reading the letter and hearing how Paul's rhetoric exhorts a new relationship between Onesimus and Philemon.

When they were too impoverished to raise their families, ancient Sumerians sold their children into bondage. Slave women in Rome faced never-ending household drudgery. The ninth-century Zanj were transported from East Africa to work the salt marshes of Iraq. Cotton pickers worked under terrible duress in the American South. Ancient history? Tragically, no. In our time, slavery wears many faces. James Kofi Annan's parents in Ghana sold him because they could not feed him. Beatrice Fernando had to work almost around the clock in Lebanon. Julia Gabriel was trafficked from Arizona to the cucumber fields of South Carolina. Five Thousand Years of Slavery provides the suspense and emotional engagement of a great novel. It is an excellent resource with its comprehensive historical narrative, firsthand accounts, maps, archival photos, paintings and posters, an index, and suggestions for further reading. Much more than a reference work, it is a brilliant exploration of the worst - and the best - in human society.

"This story definitely built suspense. I think this story showed that romantic relationships can come in so many different forms. Just because someone's relationship is different from what society deems as normal doesn't mean it's not full of love. I'd recommend it to anyone that enjoys romance novels." Lilliana-Rose, Wattpad

Twindom is an imaginary community, outside of Nashville, where twins, separated (often by evil forces) are reunited. Most of the residents of Twindom have found each other through the Twindom website. However, some, driven by the circumstances of their existence, must travel through, and be rescued from, the Valley of Despair. Dr. Timothy Franklin and his twin brother, Thomas, a paramedic, usually make the rescues. They are spending Tim's sabbatical together in Twindom, before Tom enters medical school. The first person the Franklin twins rescued, Bob, discovers he has a twin brother when his adopted parents go through a divorce. Bob runs away shortly thereafter to keep from murdering his adopted mother. She was extremely cruel and tried to destroy his artistic bent. He finds himself in Twindom. Six years earlier Donald Brown, an African-American, saw his twin brother, Ronald, kidnapped in broad daylight. Now, a junior in high school, Donald, a trained runner, has developed a severe panic disorder and frequent breaks with reality, in response to the kidnapping. Donald goes off his medication for several days and makes the journey through the Valley of Despair (usually a two or three day trip) in 18 hours. Evil forces separate Margaret Elain Smith from her twin sister and younger brother, after their parents die in a plane crash. Her kidnapers carry her off to an abusive foster home. She escapes after three months. The Franklin twins sedate and bring Margaret Elain into the safety of Twindom. She arrives in Twindom with anorexia, the result of the abuse. Meanwhile, Bill Davis arrives from San Francisco and reunites with Bob. Bill Davis arrives with the Johnson diaries. These will unlock the mystery of the Johnson twins, whose statue stands at the center of the Garden of Hope. Indeed, the development and actions of the Johnson twins are central to this novel. On their sixteenth birthday, March 3, 1840, Levi and Eli Johnson first share with each other their conviction that slavery is wrong, as they walk in the woods behind the Johnson Plantation. Knowing they must take every precaution to keep their thoughts and feelings about slavery secret, especially from their father, Levi suggests they communicate on this subject only in writing. The Johnson twins were nineteen, when they attended their first Quaker meeting. The Quaker spirit was much more in tune with the twins own gentle spirit. Soon, they secretly embraced the Quaker religion and its teachings against slavery. This step gave the twins an inside track towards fulfilling their larger goal of helping to end slavery everywhere. In 1848, Jeremiah Johnson died leaving to his twins, 100 slaves. Levi and Eli promptly free their slaves, and transform the Johnson Plantation into a haven for escaping slaves. Following the Civil War, the Plantation became a unique orphanage where Black and White children grew up and were educated together. In the 1940's, the Johnson Plantation falls under the control of extreme racists who transform it into a slave state unto itself. As a first step, the new managers separate the youth and children and force the African-Americans into slavery. The process expands as those, who agree with the new stance of the Johnson Plantation kidnap and sell additional African-American youth and children to the Plantation. Kidnapers also deliver White children, especially orphans, to Johnsons Haven. The adults at the plantation school and Johnsons Haven carefully groom the White children to become the future overseers and managers. Kidnapers deliver Mary Ellen and Billy Joe Smith. However, the staff cannot mold the Smith children, the grandchildren of those who worked alongside Martin Luther King, to fit its expectations. Once Bob and Bill Davis expose the slave traffic, the days of the Johnson Plantation are numbered. However, even before the authorities reach the Johnson Plantation, the Franklin twins re
