 verschärft sich das

politische Klima in Deutschland zunehmend. Der Ausbruch des ersten Weltkrieges zerstört jäh ihre Träume, und auf einmal ist nichts mehr, wie es war. Während die Männer an die Front ziehen müssen, ist in Münsingen die Stunde der Frauen gekommen, die das verwalten, was die Männer hinterlassen haben. So werden Corinne und Mimi gar zum einzigen Rettungsanker für ihr Dorf, und ein weiteres Mal ist der starke Zusammenhalt zwischen den Frauen gefragt. In dieser dunklen Zeit erkennt nicht nur Mimi, was zählt im Leben und für wen ihr Herz wirklich schlägt ... Die SPIEGEL-Bestsellersaga um Fotografin Mimi bei Blanvalet: 1. Am

Suzanne Blume is not
suffering from the

empty-nest syndrome. Her life has never been more rewarding. The divorced mother of two grown daughters, she teaches law, has a thriving private practice, and, best of all, has been flirting online with a man she has never met. But her neat, buttoned-up life starts to unravel when her daughter Elena returns home, angry and unemployed, and her safe online boyfriend materializes on her doorstep. Then, the biggest challenge of all: Her independent mother, Beverly--still vital, still working, still involved with men and politics with equal passion--suffers a stroke and can no longer care for herself. This is the story of three women: Beverly, whose strong will is suddenly frustrated by

a broken body; Elena, whose life was split in two at fifteen by a scandalous tragedy; and Suzanne, who must make peace with her mother, her daughters, and herself. Suzanne Blume is not suffering from the empty-nest syndrome. Her life has never been more rewarding. The divorced mother of two grown daughters, she teaches law, has a thriving private practice, and, best of all, has been flirting online with a man she has never met.

Presents research into the differences in boys' and girls' experiences of the reading and writing curriculum at home and in school.

The book is divided into three sections: an outline of the theoretical debates on gender difference and academic achievement; a description of the research into these issues conducted by the author; and an analysis of the author's findings. In discussing the outcome of her research, Millard highlights further areas for more detailed study and makes recommendations for the development of literacy policies.

The sacred Flower of Life pattern, the primary geometric generator of all physical form, is explored in even more depth in this volume, the second half of the famed Flower of Life

workshop. The proportions of the human body, the nuances of human consciousness, the sizes and distances of the stars, planets and moons, even the creations of humankind, are all shown to reflect their origins in this beautiful and divine image. Through an intricate and detailed geometrical mapping, Drunvalo Melchizedek shows how the seemingly simple design of the Flower of Life contains the genesis of our entire third-dimensional existence. From the pyramids and mysteries of Egypt to the new race of Indigo children, Drunvalo presents the sacred geometries of the Reality and the subtle energies that shape

our world. We are led through a divinely inspired labyrinth of science and stories, logic and coincidence, on a path of remembering where we come from and the wonder and magic of who we are. Finally, for the first time in print, Drunvalo shares the instructions for the Mer-Ka-Ba meditation, step-by-step techniques for the recreation of the energy field of the evolved human, which is the key to ascension and the next dimensional world. If done from love, this ancient process of breathing prana opens up for us a world of tantalizing possibility in this dimension, from protective powers to the healing of oneself, of others and even of the planet. Embrace

the expanded vision and understanding that Drunvalo offers to the world. Coincidences abound, miracles flourish and the amazing stories of mysteries unveiled arise as the author probes the Ancient Secrets of the Flower of Life.

This contemporary novel takes place in two main settings: on a cruise ship and through flashbacks to the narrator's fictional West Virginia hometown. The transitions from present to past are well done and help the reader see how a now-wealthy woman came to her current view of the world. It also shows why she has such difficulty handling her present crisis. This

well-crafted story, told by an older woman, but filled with interesting characters of all ages from West Virginia and around the world, will appeal to the general fiction reader. However, residents of West Virginia will be particularly fascinated as the narrator's story unfolds. In 1904, a group of Koreans seeks a new life in Mexico, in this "powerful, sweeping" novel based on a little-known chapter in history (List Magazine). In 1904, facing war and the loss of their nation, more than a thousand Koreans leave their homes for the promise of land in unknown

Mexico. After a long sea voyage, these emigrants—thieves and royals, priests and soldiers, orphans and families—discover that they have been sold into indentured servitude. Aboard the ship, the orphan Ijeong falls in love with a nobleman’s daughter. When the hacendados claim their laborers and the two are separated, he vows to find her. But after years of working in the punishing heat of the henequen fields, the Koreans are caught in the midst of a Mexican revolution . . . A tale of star-crossed love, political turmoil, and the dangers of seeking freedom in a new world—from an author who is “at the leading edge of a new breed of South Korean writers”—Black Flower

is an epic story based on a little-known moment in history (Philadelphia City Paper). ““Can a nation disappear forever?” . . . Jacques-Henri Lartigue (1894-1986), celebrated photographer, and one of the greatest practitioners the medium has ever known, discovered the Riviera with his first camera in the company of his wealthy family when he was just eleven years old. For the rest of his life Lartigue was a regular visitor to the Cote d'Azur, taking many of his finest pictures in Nice, Cannes, Cap d'Ail, Antibes, Menton, and Monaco. This splendid volume is the first book, to bring together a large selection of these photographs which are

accompanied by a lively, informative text. Not only did Lartigue document the elegant resort life of the leisure class of which he was a member-in the villas, hotels, beach clubs, and casinos where they lived and played-but he also created an intimate chronicle of the life he shared on he Riviera with his beautiful first wife Bibi, during the 1920s, his companion Renee Perle, in 1930-31, and Florette whom he married in 1942. Apart from the stunning black-and-white images for which Lartigue is celebrated-including his groundbreaking panoramic photographs of the coastline-"Lartigue's Riviera "also reveals an important group of little-known and rarely published color

photographs. The world ski-jumping championships in Juan-les-Pins, filming "Les Aventures du roi Pausole "in Cap d'Antibes, the Ziegfeld Follies girls in Monte Carlo, alternate here with the daily life of Lartigue and his friends-stopping for lunch in St. Tropez, exercising on the beach in Cannes, drinking an

aperitif at sunset at Cap d'Ail. Among the most beautiful-and often funny and poignant-photographs ever taken, Lartigue's pictures of the Riviera will come as a revelation to those who will be discovering them for the first time, and as a welcome glimpse of the sunlight and glamour for which he is so admired by his devoted fans.
