divThis pioneering book reevaluates the place of converts from Judaism in the narrative of Jewish history. Long considered beyond the pale of Jewish historiography, converts played a central role in shaping both noxious and positive images of Jews and Judaism for Christian readers. Focusing on German Jews who converted to Christianity in the sixteenth through mid-eighteenth centuries, Elisheva Carlebach explores an extensive and previously unexamined trove of their memoirs and other writings. These fascinating original sources illuminate the Jewish communities that the converts left, the Christian society they entered, and the unabating tensions between the two worlds in early modern German history. The book begins with the medieval images of converts from Judaism and traces the hurdles to social acceptance that they encountered in Germany through early modern times. Carlebach examines the converts' complicated search for community, a quest that was to characterize much of Jewish modernity, and she concludes with a consideration of the converts' painful legacies to the Jewish experience in German lands. "Carlebach's reading of autobiographical texts by converts from Judaism is careful, intelligent, and skeptical--a model of how to treat spiritual memoirs."--Todd M. Endelman, University of Michigan "This superb book highlights the ambiguous identities of these boundary crossers and their impact on both German and Jewish self-definitions."--Paula E. Hyman, Yale University Elisheva Carlebach is professor of history at Queens College and the Graduate Center, City University of New York. She is the author of *The Pursuit of Heresy: Rabbi Moses Hagiz and the Sabbatian Controversies*, winner of the National Jewish Book Award for Jewish History, and coeditor of *Jewish History and Jewish Memory*. /DIV

For fans of *Unbroken* and *Ruta Sepetys*. All Ida Mae Jones wants to do is fly. Her daddy was a pilot, and years after his death she feels closest to him when she's in the air. But as a young black woman in 1940s Louisiana, she knows the sky is off limits to her, until America enters World War II, and the Army forms the WASP--Women Airforce Service Pilots. Ida has a chance to fulfill her dream if she's willing to use her light skin to pass as a white girl. She wants to fly more than anything, but Ida soon learns that denying one's self and family is a heavy burden, and ultimately it's not what you do but who you are that's most important. Survive. At any cost. 10 concentration camps. 10 different places where you are starved, tortured, and worked mercilessly. It's something no one could imagine surviving. But it is what Yanek Gruener has to face. As a Jewish boy in 1930s Poland, Yanek is at the mercy of the Nazis who have taken over. Everything he has, and everyone he loves, have been snatched brutally from him. And then Yanek himself is taken prisoner -- his arm tattooed with the words PRISONER B-3087. He is forced from one nightmarish concentration camp to another, as World War II rages all around him. He encounters evil he could have never imagined, but also

sees surprising glimpses of hope amid the horror. He just barely escapes death, only to confront it again seconds later. Can Yanek make it through the terror without losing his hope, his will -- and, most of all, his sense of who he really is inside? Based on an astonishing true story.

Gustav Klimt, one of the great painters of fin de siècle Austria—and the subject of Helen Mirren’s latest film, *Woman in Gold*—takes center stage in this passionate and atmospheric debut novel, which reimagines the tumultuous relationship between the Viennese painter and Emilie Flöge, the woman who posed for his masterpiece *The Kiss*, and whose name he uttered with his dying breath. Vienna in 1886 was a city of elegant cafés, grand opera houses, and a thriving and adventurous artistic community. It is here where the twelve-year-old Emilie meets the controversial libertine and painter. Hired by her bourgeois father for basic drawing lessons, Klimt introduces Emilie to a subculture of dissolute artists, wanton models, and decadent patrons that both terrifies and inspires her. *The Painted Kiss* follows Emilie as she blossoms from a naïve young girl to one of Europe's most exclusive couturiers—and Klimt's most beloved model and mistress. A provocative love story that brings to life Vienna's cultural milieu, *The Painted Kiss* is as compelling as a work by Klimt himself.

An argument that social, political, and economic systems maintain power by discarding certain people, places, and things. Discard studies is an emerging field that looks at waste and wasting broadly construed. Rather than focusing on waste and trash as the primary objects of study, discard studies looks at wider systems of waste and wasting to explore how some materials, practices, regions, and people are valued or devalued, becoming dominant or disposable. In this book, Max Liboiron and Josh Lepawsky argue that social, political, and economic systems maintain power by discarding certain people, places, and things. They show how the theories and methods of discard studies can be applied in a variety of cases, many of which do not involve waste, trash, or pollution. Liboiron and Lepawsky consider the partiality of knowledge and offer a theory of scale, exploring the myth that most waste is municipal solid waste produced by consumers; discuss peripheries, centers, and power, using content moderation as an example of how dominant systems find ways to discard; and use theories of difference to show that universalism, stereotypes, and inclusion all have politics of discard and even purification—as exemplified in “inclusive” efforts to broaden the Black Lives Matter movement. Finally, they develop a theory of change by considering “wasting well,” outlining techniques, methods, and propositions for a justice-oriented discard studies that keeps power in view.

Marc Redfield maintains that the literary genre of the Bildungsroman brings into sharp focus the contradictions of aesthetics, and also that aesthetics exemplifies what is called ideology. He combines a wide-ranging account of the history and theory of aesthetics with close readings of novels by Goethe, George Eliot, and Gustave Flaubert. For Redfield, these fictions of character formation demonstrate the paradoxical relation between aesthetics and literature: the notion of the Bildungsroman may be expanded to apply to any text that can be figured as a subject producing itself in history, which is to say any text whatsoever. At the same time, the category may be contracted to include only a handful of novels, (or even none at all), a paradox that has led critics to denigrate the Bildungsroman as a phantom genre.

Stepping on the Cracks Cambridge University Press

An exultant novel of New York City at the turn of the twentieth century, about one man's rise to fame and fortune, and his mysterious murder—“engrossing” (*Wall Street Journal*), “immersive” (*The New Yorker*), and “seriously entertaining” (*The Sunday Times, London*). Andrew Haswell Green is dead, shot at the venerable age of eighty-three, when he thought life could hold no more surprises. The killing—on Park Avenue in broad daylight, on Friday the thirteenth—shook the city. Born to a struggling farmer, Green was a self-made man without whom there would be no Central Park, no Metropolitan Museum of Art, no Museum of Natural History, no New York Public Library. But Green had a secret, a life locked within him that now, in the hour of his death, may finally break free. A work of tremendous depth and piercing emotion, *The Great Mistake* is the story of a city transformed, a murder that made a private man infamous, and a portrait of a singular individual who found the world closed off to him—yet enlarged it.

Although the Breslau arts scene was one of the most vibrant in all of Weimar-era Germany, it has largely disappeared from memory. Studies of the influence of Weimar culture on modernism have focused almost exclusively on Berlin and the Dessau Bauhaus, yet the advances that occurred in Breslau affected nearly every intellectual field, forming the basis for aesthetic modernism internationally and having an enduring impact on visual art and architecture. Breslau boasted a thriving modern arts scene and one of the premier German arts academies of the day until the Nazis began their assault on so-called degenerate art. This book charts the cultural production of Breslau-based artists, architects, art collectors, urban designers, and arts educators who operated in the margins of Weimar-era cultural debates. Rather than accepting the radical position of the German avant-garde or the reactionary position of German conservatives, many Breslauers sought a middle ground. This richly illustrated volume is the first book in English to address this history, constituting an invaluable addition to the literature on the Weimar period. Its readership includes scholars of German history, art, architecture, urban design, planning, collecting, and exhibition history; of the avant-garde, and of the development of arts academies and arts pedagogy.

Fallstudien, die zu den bewährtesten Lehr- und Lernmethoden im Personalmanagement gehören, sind im deutschsprachigen Raum immer noch selten oder nur vereinzelt zu finden. Dieses Buch bietet eine Reihe von Fallstudien im Bereich organisationales

Verhalten und Personalmanagement. Die Fallstudien verbindet ihr kritischer Ansatz, der sich in ausgewählten Themen niederschlägt, wie z.B.: - destruktive Führung - Unfälle in Organisationen - Fehlbeanspruchung von Mitarbeiter*innen - Diskriminierung und Ungerechtigkeit am Arbeitsplatz - Mobbing und sexuelle Belästigung am Arbeitsplatz. Das Besondere der hier aufgeführten Fallstudien besteht darin, dass sie von BWL-Studierenden der Hochschule Hamm-Lippstadt im Rahmen von Seminaren zu dem Themengebiet Personalmanagement erarbeitet worden sind. In die Fallstudien sind teilweise die eigenen Arbeitserfahrungen der Autor*innen eingeflossen, zum Teil waren es beobachtete Erfahrungen oder auch öffentliche Berichterstattungen, die zu den Fallstudien inspirierten. Die behandelten Probleme werden in den Fallstudien knapp, pointiert und verständlich umrissen sowie eine Analyse des Geschehens aus einer theoretischen Sicht angeboten. Mit Hilfe der hier vorgestellten Fallstudien können die Lehrenden ihre Veranstaltungen praxisnah und interaktiv gestalten sowie die Fallstudien als Prüfungsmethode anwenden. Die Studierenden hingegen gewinnen einen Einblick in die Realität des Arbeitslebens und können damit ihre Handlungskompetenzen erheblich erweitern. Durch die theoretische Analyse, die jeder Fallstudie folgt, wird zudem verdeutlicht, wie ein Praxis-Theorie-Bezug hergestellt werden kann und wann bzw. ob er neue Erkenntnisse fördert.

Based on a true story, a gripping historical novel about a German immigrant who becomes embroiled in a Nazi spy ring operating in New York City in the early days of World War II. At the end of the 1930s, Europe is engulfed in war. Though America is far from the fighting, the streets of New York have become a battlefield. Anti-Semitic and racist groups spread hate, while German nationalists celebrate Hitler's strength and power. Josef Klein, a German immigrant, remains immune to the troubles roiling his adopted city. The multicultural neighborhood of Harlem is his world, a lively place full of sidewalk tables where families enjoy their dinner and friends indulge in games of chess. Josef's great passion is the radio. His skill and technical abilities attract the attention of influential men who offer him a job as a shortwave operator. But when Josef begins to understand what they're doing, it's too late; he's already a little cog in the big wheel—part of a Nazi espionage network working in Manhattan. Discovered by American authorities, Josef is detained at Ellis Island, and eventually deported to Germany. Back in his homeland, fate leads him to his brother Carl's family, soap merchants in Neuss—where he witnesses the seductive power of the Nazis and the war's terrible consequences—and finally to South America, where Josef hopes to start over again as José. Eventually, Josef realizes that no matter how far he runs or how hard he tries, there is one indelible truth he cannot escape: How long can you hide from your own past, before it catches up with you?
