A Room of One's Own ABRAMS

A Room of One's Own is an extended essay by Virginia Woolf. First published on 24 October 1929, the essay was based on a series of lectures she delivered at Newnham College and Girton College, two women's colleges at Cambridge University in October 1928. While this extended essay in fact employs a fictional narrator and narrative to explore women both as writers of and characters in fiction, the manuscript for the delivery of the series of lectures, titled "Women and Fiction", which was published in Forum March 1929, and hence the essay, are considered non-fiction. The essay is generally seen as a feminist text, and is noted in its argument for both a literal and figural space for women writers within a literary tradition dominated by men. In this paragraph, Woolf sums up the stark contrast her research has uncovered between how women are idealised in fiction written by men, and how patriarchal society has treated them in real life: Women have burnt like beacons in all the works of all the poets from the beginning of time. Indeed if woman had no existence save in the fiction written by men, one would imagine her a person of the utmost importance; very various; heroic and mean; splendid and sordid; beautiful and hideous in the extreme; as great as a man, some would say greater. But this is woman in fiction. In fact, as Professor Trevelyan points out, she was locked up, beaten and flung about the room. A very queer, composite being thus emerges. Imaginatively she is of the highest importance; practically she is completely insignificant. She pervades poetry from cover to cover; she is all but absent from history. She dominates the lives of kings and conquerors in fiction; in fact she was the slave of any boy whose parents forced a ring upon her finger. Some of the most inspired words and profound thoughts in literature fall from her lips; in real life she could hardly read; scarcely spell; and was the property of her husband.

A Room of One's Own by Virginia Woolf - Delphi Classics (Illustrated) HarperCollins

A woman must have money and a room of her own if she is to write fiction, wrote Virginia Woolf. Published in 1920, A Room of

One's Own has often been heralded as the first modern work of feminist criticism. It remains one of the most widely read, quoted, and analyzed texts of its kind. Ellen Rosenman describes the book's genesis as the sense of exclusion Woolf and many women experienced when confronted with the sexism and elitism of the British university system of their day. Rosenman offers a balanced appraisal, refusing to ignore the difficulties with Woolf's argument and in particular, her inconsistencies and contradictions.

A Room of One's Own, based on a lecture given at Girton College, Cambridge, is one of the great feminist polemics, ranging in its themes from Jane Austen and Charlotte Brontë to the silent fate of Shakespeare's gifted (imaginary) sister and the effects of poverty and sexual constraint on female creativity. Virginia Woolf (1882-1941) is regarded as a major 20th century author and essayist, a key figure in literary history as a feminist and modernist, and the centre of 'The Bloomsbury Group'. This informal collective of artists and writers which included Lytton Strachey and Roger Fry, exerted a powerful influence over early twentieth-century British culture. Between 1925 and 1931 Virginia Woolf produced what are now regarded as her finest masterpieces, from Mrs Dalloway (1925) to the poetic and highly experimental novel The Waves (1931). She also maintained an astonishing output of literary criticism, short fiction, journalism and biography, including the playfully subversive Orlando (1928) and A Room of One's Own (1929) a passionate feminist essay. What would Little Women be without the charms of the March family's cozy New England home? Or Wuthering Heights without the ghost-infested Wuthering Heights? Getting lost in the setting of a good book can be half the pleasure of reading, and *Decorating a Room of One's Own* brings literary backdrops to the foreground in this wryly affectionate satire of interior design reporting. English professor and humorist Susan Harlan spoofs decorating culture by reimagining its subject as famous fictional homes and "interviews" the residents who reveal their true tastes: Lady Macbeth's favorite room in the castle, or the design inspiration behind Jay Gatsby's McMansion of unfulfilled dreams. Featuring 30 entries of notable dwellings, sidebars such as "Setting Up an Ideal Governess's Room," and four-color spot illustrations throughout, *Decorating a Room of One's Own* is the ideal book for readers who appreciate fine literature and a good end table.

A Room of One's Own (Wisehouse Classics Edition) Harry N. Abrams

A Room of One's Own is Virginia Woolf's most powerful feminist essay, justifying the need for women to possess intellectual freedom and financial independence. Based on a lecture given at Girton College, Cambridge, the essay is one of the great feminist polemics, ranging in its themes from Jane Austen and Charlotte Brontë to the silent fate of Shakespeare's gifted (imaginary) sister and the effects of poverty and sexual constraint on female creativity. A Room of One's Own and Three Guineas Delphi Classics 2015 Reprint of 1960 Edition. Full Facsimile of the original edition. "Women and Fiction" was first published in the U.S. in *Forum Magazine*, a prominent literary journal of the 1920's It is the principle essay and title of a series of lectures Woolf delivered at Newnham College and Girton College, two women's colleges at Cambridge University in October 1928. This essay and the Lectures would eventually be published as "A Room of One's Own" in 1929. In this essay Woolf traces the reasons for the very limited achievements among women novelists through the centuries. Why did they fail? They failed because they were not financially independent; they failed because they were not intellectually free; they failed because they were denied the fullest worldly experience. Mrs. Woolf imagines what would have happened to a hypothetical sister of Shakespeare (who possessed all his genius) because she lived in the eighteenth century; she insists that, whatever her gifts, no woman in that age of wife-beating could have written the plays. She shows what did happen in the nineteenth century to the Brontës and George Eliot because they lacked full participation in life; even George Eliot, the "emancipated" woman, lived with a man prosaically in St. John's Wood, while Tolstoy roamed the world and lived with gypsies; and "War and Peace" was as impossible for a woman to write then as "Lear" three centuries before. This short essays remains an important feminist text.

A Room of One's Own is a very clear example of how creative thinkers connect and present things in novel ways. Based on the text of a talk given by Virginia Woolf at an all-female Cambridge college, Room considers the subject of 'women and fiction.' Woolf's approach is to ask why, in the early 20th century, literary history presented so few examples of canonically 'great' women writers. The common prejudices of the time suggested this was caused by (and proof of) women's creative and intellectual inferiority to men. Woolf argued instead that it was to do with a very simple fact: across the centuries, male-dominated society had systematically prevented women from having the educational opportunities, private spaces and economic independence to produce great art. At a time when 'art' was commonly considered to be a province of the mind that had no relation to economic circumstances, this was a novel proposal. More novel, though, was Woolf's manner of arguing and proving her contentions: through a fictional account of the limits placed on even the most privileged women in everyday existence. An impressive early example of cultural materialism, A Room of One's Own is an exemplary encapsulation of creative thinking.

In A Room of One's Own, Virginia Woolf imagines that Shakespeare had a sister: a sister equal to Shakespeare in talent, equal in genius, but whose legacy is radically different. This imaginary woman never writes a word and dies by her own hand, her genius unexpressed. But if only she had found the means to create, urges Woolf, she would have reached the same heights as her immortal sibling. In this classic essay, Virginia Woolf takes on the establishment, using her gift of language to dissect the world around her and give a voice to those who have none. Her message is simple: A woman must have a fixed income and a room of her own in order to have the freedom to create.

THE ROOM ON THE ROOF Macmillan Reference USA

From the author of the bestselling Prozac Nation comes one of the most entertaining feminist manifestos ever written. In five brilliant extended essays, she links the lives of women as demanding and disparate as Amy Fisher, Hillary Clinton, Margaux Hemingway, and Nicole Brown Simpson. Wurtzel gives voice to those women whose lives have been misunderstood, who have been dismissed for their beauty, their madness, their youth. Bitch is a brilliant tract on the history of manipulative female behavior. By looking at women who derive their power from their sexuality, Wurtzel offers a trenchant cultural critique of contemporary gender relations. Beginning with Delilah, the first woman to supposedly bring a great man down (latter-day Delilahs include Yoko Ono, Pam Smart, Bess Myerson), Wurtzel finds many biblical counterparts to the men and women in today's headlines. She finds in the story of Amy Fisher the tragic plight of all Lolitas, our thirst for their brief and intense flame. She connects Hemingway's tragic suicide to those of Sylvia Plath, Edie Sedgwick, and Marilyn Monroe, women whose beauty was an end, ultimately, in itself. Wurtzel, writing about the wife/mistress dichotomy, explains how some women are anointed as wife material, while others are relegated to the role of mistress. She takes to task the double standard imposed on women, the cultural insistence on goodness and society's complete obsession with badness: what's a girl to do? Let's face it, if women were any real threat to male power, "Jennifer Flowers would be sitting behind the desk of the Oval Office," writes Wurtzel, "and Bill Clinton would be a lounge singer in the Excelsior Hotel in Little Rock." Bitch tells a tale both celebratory and cautionary as Wurtzel catalogs some of the most infamous women in history, defending their outsize desires, describing their exquisite loneliness, championing their take-no-prisoners approach to life and to love. Whether writing about Courtney Love, Sally Hemings, Bathsheba, Kimba Wood, Sharon Stone, Princess Di--or waxing eloquent on the hideous success of The Rules, the evil that is The Bridges of Madison County, the twisted logic of You'll Never Make Love in This Town Again--Wurtzel is back with a bitchography that cuts to the core. In prose both blistering and brilliant, Bitch is a treatise on the nature of desperate sexual manipulation and a triumph of pussy power.
