<p>An Introduction to Metaphysics Through the Study of Modern Systems Createspace Independent Publishing Platform</p> <p>"Easy to use for both students and instructors, Introduction to Philosophy : Classical and Contemporary Readings incorporates boldfaced key terms, a glossary, a guide to writing philosophy papers, and a "Logical Toolkit" primer on philosophical reasoning. The seventh edition features eleven new readings, eight by contemporary female philosophers, bringing the total number of essays by women to twelve. It is also accompanied by a robust support package that includes a more extensive test bank, available on the new online Ancillary Resource Center, and expanded self-quizzes for students on the Companion Website"--Back cover.</p> <p><i>On the Origin of Mind</i> BoD - Books on Demand</p> <p>They say love conquers all...but marriage, kids and working undercover is proving that statement false. Lori watched helplessly as her husband's undercover work drew him further and further away. When she discovers all those nights David worked away from home may have been spent with another woman, her calm collected world falls apart. David dedicated his life to taking down criminals-by any means necessary. After months of long days and nights, he finally closes the case on the most bloodthirsty drug cartel this side of the Mississippi. Now he can turn his steely determination to gaining back his wife's love and respect. Faced with David's relentless advances, Lori is helpless to resist. But their rekindled love is threatened when the cartel discovers David's identity. Now David and Lori must fight for their lives with the same passion as they fought for their love.</p> <p>Memphite Theology and Mysteries of Ptah Createspace Independent Pub</p> <p>Conscious Life Energy is the substance of the world and the Absolute is the source of the substance. The unity prior to duality, yet immanent in it, is the shapeless root. It is That which does not depend on Consciousness, yet makes Consciousness possible. It is That wherein and whereof every 'I' appears and disappears. It is inconceivable for whoever attempts to conceive it. It is so clear that it is hard to see. Everything is this One displaying Itself in the multiplicity, this dance of interdependent counterparts, of presumed separate subjective self, presumed separate world, and presumed separate God. Phenomenal absence is 'I'. Everything is 'I-as'.</p> <p><u>Classical and Contemporary Readings</u> Createspace Independent Publishing Platform</p> <p>Millions of years ago, humans just happened. Accidents of environment and genetics contributed to the emergence of sentient beings like us. Today, however, people no longer "just happen"; they are created by the voluntary acts of other people. This book examines several questions about the ethics of human existence. Is it a good thing, for humans, that humans "happened"? Is it ethical to keep making new humans, now that reproduction is under our control? And given that a person exists (through no fault or choice of his own), is it immoral or irrational for him to refuse to live out his natural lifespan? Sarah Perry answers these questions in the negative--not out of misanthropy, but out of empathy for human suffering and respect for human autonomy. "Every Cradle Is a Grave undertakes a difficult task-to write on discomfoting matters from a perspective that is socially unsanctioned. Strange as it may seem to some of us, there are scads of volumes that praise the abuses we endure in our lives. Such works have always been well thumbed, though they are only prayer-books for the purpose of worshiping misery. Sarah Perry is more honest and less perverse on the subject of suffering, treating pain as both a philosophical and a practical problem to which, it is admitted, there is no ultimate solution. Nonetheless, in her view there still remains intelligence and compassion as a means for confronting the insoluble. That is what makes this book as much a necessity as it is a rarity." --Thomas Ligotti, author of The Conspiracy against the Human Race Meaning. Value. Birth. Death. Sanctity. These subjects and others are reexamined through the lens of suicide rights and procreation ethics in Sarah Perry's Every Cradle Is a Grave. If you're at all fond of asking the truly Big Questions, this is the read you've been waiting for. Why are we here, and why do we stay? Prepare to have your assumptions dissected and turned on their heads. It's a bumpy ride, but then, so is this little journey we're on as we spin aimlessly around a sun that's destined to burn out, just as surely as each individual life will one day fall back down into the mud from which all life arises. Asking the hard questions is one thing, but hearing answers that might shake us to the core can be something else again. --Jim Crawford, author of Confessions of an Antinatalist "In this eminently rational, clear and serious book, Sarah Perry is courageous and strong enough to confront the forbidden truths of human life. Every Cradle Is a Grave should be mandatory reading for anyone who plans to have children." -Mikita Brottman, author of Thirteen Girls</p> <p>An Introduction Through Thought Experiments OUP Us</p> <p>This goes out for all the future models and designers of the world. Make your baby girls' dreams unfold before their eyes at an early age and train them step by step in fashion with this princess dresses coloring book. You shouldn't be surprised if the next thing they do is draft designs better than seen in this book. This volume uncovers the mystical psychology of the Ancient Egyptian wisdom teachings centering on the philosophy of the Ancient Egyptian city of Menefer (Memphite Theology). How to understand the mind and how to control the senses and lead the mind to health, clarity and mystical self-discovery. This Volume will also go deeper into the philosophy of God as creation and will explore the concepts of modern science and how they correlate with ancient teachings. This Volume will lay the ground work for the understanding of the philosophy of universal consciousness and the initiatic/yogic insight into who or what is God?</p> <p>Stories for Young Readers, Book 2 On the origin of Mind</p> <p>Introduction to PhilosophyClassical and Contemporary ReadingsOUP Us</p> <p><u>Large Print</u> Createspace Independent Publishing Platform</p> <p>Marriage on the Rock is based on Psalm 127 verse one which says, "Unless the Lord builds the house, its builders labor in vain." It is a daily devotional providing guidance for most marital circumstances. The book is based on Biblical principles; ones that should serve Christians well. However, if the principles are true, which I believe they are, people need not be practicing Christians to improve their marriage. Even the strongest marriages can benefit from periodic reminders of how they can demonstrate their love and respect for one another. As a counselor I saw far too many couples who had been married for ten to forty years; they had amassed such bitterness and unforgiveness that they could not move past the hurt and pain that they had inflicted on one another. By the time couples came to see me they were usually certain their spouse was the primary cause. They had little hope that things would change. Some had even tried counseling at some point but failed to apply what they learned. Each person needs to accept their contribution to the state of their marriage. Each needs to be willing to change whether or not their spouse is willing, for we can only change ourselves. In most cases the culprit is self-centeredness. When we learn to die to self, amazing things can happen.</p> <p><u>Class Slides and Workbook for SPRD-101</u> Createspace Independent Publishing Platform</p> <p>Gray Matters is a thorough examination of the main topics in recent philosophy of mind. It aims at surveying a broad range of issues, not all of which can be subsumed under one position or one philosopher's theory. In this way, the authors avoid neglecting interesting issues out of allegiance to a given theory of mind.</p> <p><i>Introduction to Kinesiology</i> Jupiter Kids (Childrens & Kids Fiction)</p> <p>Reproduction of the original: The Rock of the Lion by Molly Elliot Seawell</p> <p>A History of Ancient Philosophy Createspace Independent Pub</p> <p>All states and dominions which hold or have held sway over mankind are either republics or monarchies. Monarchies are either hereditary ones, in which the rulers have been for many years of the same family, or else they are those of recent foundation. The newly founded ones are either entirely new, as was Milan to Francesco Sforza, or else they are, as it were, new members grafted on to the hereditary possessions of the prince that annexes them, as is the kingdom of Naples to the King of Spain. The dominions thus acquired have either been previously accustomed to the rule of another prince, or else have been free states, and they are annexed either by force of arms of the prince, or of others, or else fall to him by good fortune or merit. I will not here speak of republics, having already treated of them fully in another place. I will deal only with monarchies, and will show how the various kinds described above can be governed and maintained. In the first place, in hereditary states accustomed to the reigning family the difficulty of maintaining them is far less than in new monarchies; for it is sufficient not to exceed the ancestral usages, and to accommodate one's self to accidental circumstances; in this way such a prince, if of ordinary ability, will always be able to maintain his position, unless some very exceptional and excessive force deprives him of it; and even if he be thus deprived of it, on the slightest misfortune happening to the new occupier, he will be able to regain it. We have in Italy the example of the Duke of Ferrara, who was able to withstand the assaults of the Venetians in the year '84, and of Pope Julius in the year '10, for no other reason than because of the antiquity of his family in that dominion. In as much as the legitimate prince has less cause and less necessity to give offence, it is only natural that he should be more loved; and, if no extraordinary vices make him hated, it is only reasonable for his subjects to be naturally attached to him, the memories and causes of innovations being forgotten in the long period over which his rule has existed; whereas one change always leaves the way prepared for the introduction of another.</p> <p><u>Dr. Montessori's Own Handbook</u> Library of Alexandria</p> <p>Introduction to Kinesiology: Studying Physical Activity, Fourth Edition, offers the most cohesive introduction to the field of kinesiology available, giving students a solid background in the field and preparing them for further study and course work.</p> <p>Caretaker Kinney Brothers Publishing</p> <p>Like millions of American children, Philip Newcomen has been orphaned by the deadly Ataxia Nervosa pandemic that ravages the world. Now a ward of the state, Philip lives in The Dream House Orphanage in Chama, New Mexico, and takes on the role of guardian for eleven mysteriously gifted children who possess a second neural network as a side effect of a nanotech-based Ataxia cure. Caretaker follows the life of Philip and the group of child prodigies as they grow older, fall in love, and help found the technologically innovate Hogan Hill, a conclave of hippie drifters who hack society. Eventually, Philip finds himself involved with the Native American Mafia, the world's largest mercenary army, hypsie hackers, street vigilantes, and</p>

the most powerful corporation on the planet, Paradigm Nanosystems. Following the same unique story telling as its predecessor (Chama, NM), Caretaker follows a different character each chapter, viewing Philip's growth from the outside. As he matures, a world of amazing technology (from a nocturnal virtual reality called Dreamspace to nanotech-based bio-hacks) matures around him, thanks to the gifted orphans he now calls his family. Caretaker is the second novel in the innovative Sixth Paradigm Series. 10% of all novel proceeds will go to scholarships for Navajo students.

An Invitation to Philosophy Introduction to Philosophy Classical and Contemporary Readings

Mount Airy North Carolina was the birthplace of the late actor Andy Griffith and Historian Tom Perry. In this memoir of their hometown, Perry tells the story of the real Mayberry and his thoughts of the most famous son of the piedmont North Carolina town. This book is part memoir, part biography and part tour guide about Andy Griffith and Mount Airy, North Carolina. Beginning on the day Andy Griffith died, July 3, 2012, Perry tells about the town that day and goes back in time to bring Griffith and his own family to Mount Airy to work in the factories in the twentieth century. Sharing his connections with Griffith, Perry tells about the youth both shared in Mount Airy. The book then follows Andy Griffith to the University of North Carolina at Chapel Hill, Goldsboro to teach school and then Broadway, television and movies in a career that lasted decades. The book also details the effect of Andy Griffith on Mount Airy with the decades long tourism boom that began in the 1980s with the town taking on the persona of the fictional Mayberry that Griffith obviously used to in his highly successful Andy Griffith Show that ran on CBS for eight years ending its run as the number one show on television.

Life's Need to Re-represent Itself Createspace Independent Publishing Platform

Doing Philosophy helps students understand the nature and purpose of philosophical inquiry by explaining what philosophical problems are, how they can be solved, and why searching for solutions is important. By acquainting students with philosophical theories and the thought experiments used to test them, this text fosters active learning and helps students become better thinkers.

Stories for Young Readers, Book 2, by Kinney Brothers Publishing, is a series of ESL readings that includes questions, grammatical explanations, exercises, and puzzles for beginning students. This textbook presents English in clear, grammatically simple, and direct language. Teachers can utilize the stories and exercises in a variety of ways, including listening comprehension, reading, writing, and conversation. Most importantly, the textbook has been designed to extend students' skills and interest in developing their ability to communicate in English.

A Memoir of Andy Griffith and Mount Airy North Carolina Broadview Press

Gargle the Goose combines elements of the mythical with everyday reality to create an entire goose culture. Gargle is a young Canada Goose who, like all of his fellow fledglings, dreams of being an important and respected leader in his "geeing" community. As a low-ranking member of his family's gaggle, Gargle rashly attempts to hijack his family's formation in their annual Great Migration to the south, with calamitous results. As a result, Gargle must navigate his way through the hostile world of goosy exile. In his wanderings over the course of one winter, Gargle meets an abandoned donkey, named Luckless, who becomes his vagabond traveling companion and fast friend. They become entangled in a number of perilous situations, particularly with a shady farmer and a shifty fox that spell deep trouble for them. Inspired by a prominent figure in geeing mythology, Gargle attempts to redeem himself through a selfless act. Included in the tale is a "Goosolalia" that explains the major terms and features of geeing society. Readers, both young and old, will delight in the playful use of language and the fully realized culture within the book. You won't be able to put it down, and you'll never look at migrating geese the same again.

The IQ Helper for 1st Graders John Wiley & Sons

Gwendolyn Pierce has a secret. A big secret. No one knows that the gourd artist is really the missing Grape Princess -- the wine heiress who ran away fourteen years before. And that's the way Gwen likes it. She has her gourd shop in Laurel Heights and lives in peaceful bliss. The last person she should get involved with is a private investigator who finds her as suspicious as he does sexy. Only she can't help herself, and she can't help wondering if she can trust him with her secrets, and her heart.
