Anne-Laure Robert et Cécile Peltier sont des journalistes spécialisées. **Flowers: the Complete Book of Floral Design** London J. Murray 1914. New York Times Bestseller! The View cohost and New York Times bestselling author Sunny Hostin dazzles with this brilliant novel about a life-changing summer along the beaches of Martha's Vineyard.

Welcome to Oak Bluffs, the most exclusive Black beach community in the country. Known for its gingerbread Victorian-style houses and modern architectural marvels, this picturesque town hugging the sea is a mecca for the crème de la crème of Black society—where Michelle and Barack Obama vacation and Meghan Markle has shopped for a house for her mom. Black people have lived in this pretty slip of the Vineyard since the 1600s and began buying property in the

1800s, making this posh town the embodiment of “old money.” Thirty years ago, Amelia Vaux Tanner and her husband built a house high on the bluffs, a cottage they named Chateau Laveau. For decades, “Ama” played host to American presidents, Wall Street titans, and cultural icons. But her favorite guests have always been her three “goddaughters:” Esperanza “Perry” Soto, a beautiful, talented Afro-Latina lawyer with Ama’s strong, yet guarded personality; Olivia Jones, a

gifted Wall Street analyst with Ama’s brilliant, logical mind; and Billie Hayden, a gifted marine biologist and rule-breaker with Ama’s courageous free spirit. Growing up, these three goddaughters from different backgrounds came together each summer at Chateau Laveau. As adults, the cottage is a place this trio of successful yet very different women go to escape, to slow down from their hectic lives, share private time with Ama, and enjoy the

gorgeous weather, cool water, and stunning views Oak Bluffs offers. This summer on the Bluffs, however, will be different. An era is ending: Ama, now nearing seventy-one, is moving to the south of France to reunite with her college sweetheart. She has invited Perry, Olivia, and Billie to spend one last golden summer together with her the way they did when they were kids. And when fall comes, she is going to give the house to one of them. Each of the women wants the house desperately.

Each is grappling with a secret she fears will hurt her and her chances. By the end of summer, old ties will fray, new bonds will be created, and these three found sisters will discover they aren't the only ones with something to hide. Ama has a few secrets of her own. What she has to give them is far more than property. Between Memorial Day and Labor Day, she will tell these surrogate daughters she fiercely loves and protects everything they never knew they needed to

know.

Read *The Case Against Fragrance* and you will never think about fragrance in the same way again. If you have been suffering fragrance in silence, you will know you are not alone.'

Conversation Kate Grenville had always associated perfume with elegance and beauty. Then the headaches started. Like perhaps a quarter of the population, Grenville reacts badly to the artificial fragrances around us: other people's perfumes, and all those scented cosmetics, cleaning products and air fresheners. On a book tour in 2015, dogged by ill health, she started wondering: what's in fragrance? Who tests it for safety? What does it do to people? The more

Grenville investigated, the more she felt this was a story that should be told. The chemicals in fragrance can be linked not only to short-term problems like headaches and asthma, but to long-term ones like hormone disruption and cancer. Yet products can be released onto the market without testing. They're regulated only by the same people who make and sell them. And the ingredients don't even have to be named on the label. This book is based on careful research into the science of scent

and the power of the fragrance industry. But, as you'd expect from an acclaimed novelist, it's also accessible and personal. The Case Against Fragrance will make you see—and smell—the world differently. When I was little, my mother had a tiny, precious bottle of perfume on her dressing-table and on special occasions she'd put a dab behind her ears. The smell of Arpege was always linked in my mind with excitement and pleasure—Mum with her

hair done, wearing her best dress and her pearls, off for a night out with Dad. When I got old enough to have my own special occasions I also had my favourite perfume. I loved the bottles: those sensuous shapes. I loved the names and the labels, so evocative of all things glamorous. Kate Grenville is one of Australia's most celebrated writers. Her bestselling novel *The Secret River* received the Commonwealth Writers' Prize, and was shortlisted for the Man Booker Prize

and the Miles Franklin Literary Award. The Idea of Perfection won the Orange Prize. Grenville's other novels include Sarah Thornhill, The Lieutenant, Lilian's Story, Dark Places and Joan Makes History. Kate lives in Sydney and her most recent works are the non-fiction books One Life: My Mother's Story and The Case Against Fragrance. 'One spritz of aftershave or perfume can leave other people retching and clutching their heads—you never see that in the ads.' Kaz

Cooke 'Beginning with her own physical reaction to fragrance that begins with a headache a lot of us know ourselves, she investigates the fragrance industry and its side-effects and interweaves these facts with the personal to create an accessible work of non-fiction.' ArtsHub 'Fact-dense and extensively referenced, the book is a delight to read and never gets bogged down...While some of the science has been simplified, the book generally conveys the sense of it correctly...Well

developed and thoughtful. Read The Case Against Fragrance and you will never think about fragrance in the same way again. If you have been suffering fragrance in silence, you will know you are not alone.' Conversation 'Grenville sets out to unlock the dark science—the volatile compounds, conspiracies and carcinogens—hiding in perfume, the ingredients of which are regularly listed as alcohol, water and the mysterious catch-all "fragrance".' New Statesman 'In this

appealingly written exploration, Kate uncovers the dark side of the fragrance industry, from the carcinogens in after-shave to the hormone disruptors in perfume that mimic oestrogen.' Child 'An insightful and frightening book.' Readings 'Readable, interesting and informative.' Big Book Club 'Grenville expresses hope though that our society will find solutions to the fragrant violation of personal space based on courtesy and civility rather than on regulation

and policy.' Australian Book Review 'You may be familiar with Australian novelist Kate Grenville's work but she enters new territory here. After exposure to perfumes and scents delivered ill-health her way, Grenville got curious as to why...The result is a fascinating (and worrying) exposé of the potentially damaging health effects of fragrances and the laxity of their regulation. Grenville digs into the science of scent as well as the intrigue of a multi-billion-dollar industry and

makes it beautifully accessible in the process.' WellBeing 'The Orange Prize-winning novelist's discovery that she reacts badly to the artificial fragrances all around us led her to investigate what is in fragrances, what it does to people and whether it is properly tested for safety...The result is this accessible and personal book on the science of fragrance' Bookseller '[Grenville] raises valuable questions about the potentially harmful chemicals surrounding us every day

and why we so unabashedly live in ignorance of them.’ Reader’s Digest UK, Best New Books to Read This Summer ‘In some places, though, the danger [of fragrance] is beginning to be taken as seriously as passive smoking 30 years ago...it sounds silly, until you read Kate Grenville’s explosive exposé and wonder why no one ever told you this stuff before.’ Mail on Sunday ‘An accessible, intelligent, seriously researched—and terrifying—book’ Daily Mail UK

Based on the true story of tragic love in twelfth-century France, this "garrulous, bustling" novel offers "the grand old tale, updated for feminist focus" (Kirkus Reviews). In twelfth century France, two of Europe's greatest minds

met and fell in love. It was a love forbidden by the world around them and eventually they were torn apart from each other. But the spark of it remained smoldering inside the lovers until their death and beyond. Heloise and her tutor, Peter Abelard, share a devotion passionate in its depth and beautiful in its thoughtfulness. They marry, and Heloise bears a son whom she names Astrolabe. However, all of this must be done in secret, for Abelard is forbidden to wed by the

church, which considers him a cleric. When the truth of their relationship is exposed, they are separated and punished both in body and soul. Marion Meade weaves history and fiction together in *Stealing Heaven*, an epic story of one of history's most tragic love affairs. With facts pulled from Heloise's actual love letters, Meade creates a poetic and sensual tapestry of France in the twelfth century. Heloise and Abelard lived beyond their punishment in quiet contemplation of

life and God—Abelard as a monk and Heloise as a nun and the founder of a convent. Her story is one of a brilliant woman, trapped within the confines of her society. But it is also the story of an inspiring love that has lived on throughout history.

The Emmy Award-winning legal journalist and co-host of *The View* Sunny Hostin chronicles her journey from growing up in a South Bronx housing project to becoming an

assistant U.S. attorney and journalist in this powerful memoir that offers an intimate and unique look at identity, intolerance, and injustice. “What are you?” has followed Sunny Hostin from the beginning of her story, as she grew up half Puerto Rican and half African-American raised by teenage parents in the South Bronx. Escaping poverty and the turbulence of her early life through hard work, a bit of luck and earning academic scholarships to college and law school,

In Washington, D.C., Sunny became a federal prosecutor, soon parlaying her wealth of knowledge of the legal system into a successful career as a legal journalist. uses her platform to advocate for social justice and give a voice to the marginalized. In her signature no-holds-barred, straight-up style, Sunny opens up and shares her intimate struggles with fertility and personal turmoil, and reflects on the high-stakes cases and stories she worked on as a prosecutor and during her time at CNN, Fox News, ABC and The View. Dedicated to all women who recognize Frenchwomen as genuine style models, this book is an appealing, pocket-size guide to French style and glamour, with 100 practical and concrete tips and delightful photos and sketches. Seven years after the success of the style guide *Parisian Chic* by Inès de la Fressange, Sophie the Parisian offers a fresher, wider, and more varied guide to French style. The Parisian woman is considered a female role model by definition: classical in taste, but

independent and dynamic; elegant and sophisticated at times, feminine and seductive, but not vulgar; attentive to what she wears and taking care of her body, but without excessive vanity; and who has sophisticated and original but simple taste. Food lover and partygoer, she focuses on the quality of food rather than on her shape. Fond of natural beauty, and without plastic surgery, she doesn't try to hide the signs of aging, which she wears with pride. Sophie

the Parisian doesn't take herself too seriously and uses a well-balanced mix of charm, great taste, and irony--three typical traits of the modern Frenchwoman--to cover topics ranging from fashion to the well-being of the body, from looks to health, from cooking to decoration: everything that makes the French *joie de vivre* a role-model lifestyle worldwide.

Bring Monet's paintings and gardens to life using this gorgeously illustrated book that will teach you how to create a Monet lifestyle from your living room to your kitchen to your garden—from the documentarian and author of Monet's Palate

Cookbook, with the support of the American steward and all the head gardeners at Giverny. Aileen Bordman has long been influenced by the work of Claude Monet, one of the founders of French Impressionist painting whose esteemed works capturing the simple beauties of fin de siècle French life—from waterlilies to haystacks—have fetched astonishing sums at private auction houses and can be found in the greatest art museums around the globe. With

direct access to Giverny through a pair of insiders—her mother, a steward of the Giverny estate, and its head gardener—she transports you to Monet's garden at Giverny, the third most visited site in France, in *Everyday Monet*. Combining the history, palette colors, and designs of Monet's gardens and paintings in this one-of-a-kind volume, Aileen shows how to encapsulate a home and lifestyle inspired by the artist. Filled with insights, step-by-step instructions,

musings, recipes, gorgeous photography, and how-to graphics, *Everyday Monet* teaches how to grow a garden like Monet, preserve a waterlily inside the home, decorate a dining room table or a bathroom inspired by Monet's aesthetic, and prepare foods that inspire your inner-Impressionist. Filled with lush photos of Monet's milieu—from the gardens of Giverny to the streets of Normandy—and reproductions of Monet's most famous paintings, *Everyday Monet* is a

practical guide to finding ways to implement Monet's beautiful designs into any home and garden, whether you live on a country estate or in a city apartment, and is a memorable keepsake Monet devotees will treasure.

HarperCollins Palm Beach interiors have long reflected the travels, penchants, and whimsies of the town's worldly inhabitants. But as real estate on this tiny barrier island becomes increasingly valuable,

residents are calling upon world-class designers to help fine-tune their visions, giving rise to a fresh tropical design vernacular. Fashion designer Josie Natori, for instance, asked architect Calvin Tsao to transform a standard two-bedroom apartment into an airy retreat with rattan furniture and ethnic accessories that are perfectly suited to Palm Beach's subtropical setting and pay tribute to her Asian heritage. These homes aren't slavish copies of interior design

magazines or decorators' dictates but testaments to what can be achieved when inspired by the natural beauty of a unique locale and when imagination is one's only limitation. *Tropical Chic: Palm Beach at Home* captures the enduring charm of newly restored seaside fantasies by Mizner, Fatio and Volk, celebrated for their Cuban coquina courtyards and soaring miradors overlooking tiled pools and arching fountains. Jennifer Ash Rudick, a long-time Palm Beach

resident, leads an insider's tour of twenty-five houses, cottages, Moorish casbahs, artists' compounds, and Mad Men-era vintage condos. Jessica Klewicki, a Palm Beach-based photographer, captures extraordinary gardens, verandas, lakeside pavilions, a rustic ranch, and simple pastel Bermudan houses sheltered by dense thickets of Norfolk pines and age-old banyans. It is this eclectic mix of old and new, of Spanish and Caribbean, of

contemporary design and sun-faded WASP thrift, that makes Palm Beach chic.
