Hold On to Your Kids Piatkus Books

In this instant New York Times bestseller, Angela Duckworth shows anyone striving to succeed the secret to outstanding achievement is not talent, but a special blend of passion and persistence she calls "grit." "Inspiration for non-genius everywhere" (People). The daughter of a scientist who frequently noted her lack of "genius," Angela Duckworth is now a celebrated researcher and professor. It was her early eye-opening stints in teaching, business consulting, and neuroscience that led to her hypothesis about what really drives success: not genius, but a unique combination of passion and long-term perseverance. In *Grit*, she takes us into the field to visit cadets struggling through their first days at West Point, teachers working in some of the toughest schools, and young finalists in the National Spelling Bee. She also mines fascinating insights from history and shows what can be gleaned from modern experiments in peak performance. Finally, she shares what she's learned from interviewing dozens of high achievers—from JP Morgan CEO Jamie Dimon to New Yorker cartoon editor Bob Mankoff to Seattle Seahawks Coach Pete Carroll. "Duckworth's ideas about the cultivation of tenacity have clearly changed some lives for the better" (The New York Times Book Review). Among *Grit*'s most valuable insights: any effort you make ultimately counts twice toward your goal; grit can be learned, regardless of IQ or circumstances; when it comes to child-rearing, neither a warm embrace nor high standards will work by themselves; how to trigger lifelong interest; the magic of the Hard Thing Rule; and so much more. Winningly personal, insightful, and even life-changing, *Grit* is a book about what goes through your head when you fall down, and how that—not talent or luck—makes all the difference. This is "a fascinating tour of the psychological research on success" (The Wall Street Journal).

Healing Your Lost Inner Child Tarcher

Based on Dharma talks by Zen Master Thich Nhat Hanh and insights from participants in retreats for healing the inner child, this book is an exciting contribution to the growing trend of using Buddhist practices to encourage mental health and wellness. Reconciliation focuses on the theme of mindful awareness of our emotions and healing our relationships, as well as meditations and exercises to acknowledge and transform the hurt that many of us experienced as children. The book shows how anger, sadness, and fear can become joy and tranquility by learning to breathe with, explore, meditate, and speak about our strong emotions. Reconciliation offers specific practices designed to bring healing and release for people suffering from childhood trauma. The book is written for a wide audience and accessible to people of all backgrounds and spiritual traditions.

The Inner Child Journal Simon and Schuster

This book is directed at those women, including high school and college students, who use sex as a means to achieving intimacy, and who fail to do so by using this method. It shows them how to recognize signs that their relationships are based on physical activities rather than emotional connections, and guides readers to finding a better way.

The Child in You HarperCollins

The Inner Child is the part of you that holds your memories, that feels your feelings, that, without your awareness may be calling the shots in your decision-making. Working with this part of yourself is a way of examining the source of your choices and evaluating whether they are coming from outdated, unexamined beliefs that are not delivering the best quality of life for you. By using this model, you may be able to sort out confusing and conflicting behaviors and make conscious choices that will improve your emotional, physical, mental and relationship health. Inner child work is not new. It was introduced by Carl Jung, then made popular by Transactional Analysis and later by John Bradshaw. This is a method for increasing your self-understanding and personal growth. It is a very useful tool for reaching deeply into the wounds of childhood to effect healing. You are literally touching the wounded child in your history and parenting him or her the way you wish your childhood caretakers had parented you with a new experience of patience, love, and healthy boundaries. A loving adult learning parent a beloved child is a model that may help you heal your deepest wounds, expose and change limiting beliefs, and bring greater richness and happiness into your life and relationships.

The Art of Communicating Penguin

Are you outwardly successful but inwardly do you feel like a big kid? Do you aspire to be a loving parent but all too often "lose it" in hurtful ways? Do you crave intimacy but sometimes wonder if it's worth the struggle? Or are you plagued by constant vague feelings of anxiety or depression? If any of this sounds familiar, you may be experiencing the hidden but damaging effects of a painful childhood—carrying within you a "wounded inner child" that is crying out for attention and healing. In this powerful book, John Bradshaw shows how we can learn to nurture that inner child, in essence offering ourselves the good parenting we needed and longed for. Through a step-by-step process of exploring the unfinished business of each developmental stage, we can break away from destructive family rules and roles and free ourselves to live responsibly in the present. Then, says Bradshaw, the healed inner child becomes a source of vitality, enabling us to find new joy and energy in living. Homecoming includes a wealth of unique case histories and interactive techniques, including questionnaires, letter-writing to the inner child, guided meditations, and affirmations. Pioneering when introduced, these classic therapies are now being validated by new discoveries in attachment research and neuroscience. No one has ever brought them to a popular audience more effectively and inspiringly than John Bradshaw.

Homecoming HarperCollins

Toxic thoughts, depression, anxiety—our mental mess is frequently aggravated by a chaotic world and sustained by an inability to manage our runaway thoughts. But we shouldn't settle into this mental mess as if it's just our new normal. There's hope and help available to us—and the road to healthier thoughts and peak happiness may actually be shorter than you think. Backed by clinical research and illustrated with compelling case studies, Dr. Caroline Leaf provides a scientifically proven five-step plan to find and eliminate the root of anxiety, depression, and intrusive thoughts in your life so you can experience dramatically improved mental and physical health. In just 21 days, you can start to clean up your mental mess and be on the road to wholeness, peace, and happiness.

Cleaning Up Your Mental Mess Penguin

In Homecoming John Bradshaw one of the world's leading figures in the field of psychology and recovery, explains his revolutionary techniques to reveal the inner child. He believes that the wounds

we receive during childhood and adolescence can continue to contaminate our adult lives. His methods explained clearly in this book, help people to reach back to the child inside and heal those wounds. Homecoming includes unique questionnaires which allow readers to work through John Bradshaw's world-famous inner child course themselves. There are specifically designed exercises that allow you to reclaim and nurture your inner child, so that you as an adult can grow and move on. 'Three things are striking about inner child work' says John Bradshaw. 'The speed with which people change the depth of that change, and the power and creativity that can result when the wounds from the past are healed For more information on John Bradshaw please visit www.johnbradshaw.com

Grit Lulu Press, Inc

Do you feel pain, guilt and anger flowing through your body uncontrolled? Do you find yourself making self-sabotage and impulsive decisions because of a past that never stops tormenting you? Do you see the same patterns emerge again and again in each of your relationships, such as the feeling of not being good enough or the fear of not being loved? We all have an inner child. If you answered yes to the questions above, it is likely that the little child inside you is hurt and needs to be heard. Not everyone associates childhood with playfulness and fun. If you have experienced abandonment, physical or emotional abuse, bullying, growing up in a "complicated" family, trauma or other emotional pain, your inner child may seem small, vulnerable and in need of protection. The resulting pain will stay with you for the rest of your life and emerge at the most unexpected of times. You may have buried this pain deep inside to hide it and protect yourself, both your current self and the child you once were. Trying to hide this pain does not help. On the contrary, it often surfaces in adult life, manifesting as discomfort in personal relationships or difficulty meeting your own needs. Healing your wounded child is one of the best gifts you can give yourself. I recommend reading this book if you have been experiencing this in yourself lately: · Regular anxiety and fear, feeling stuck. · Excesses of anger alternating with sad, deep moments. · Rumination and negative self talk. · Chronic overload of work without ever stopping and the need to get results (all to gain a sense of belonging or approval). · Excessive self-criticism and low self-esteem. · "Difficult" relationships within your family. · Frequent nightmares. · Feelings of shame, guilt and/or pain. · Failure to celebrate life's victories due to an inability to enjoy the moment. · Self-sabotage and obsessive/addictive behaviors. · Unhealthy relationship patterns and/or avoidance of relationships and love. Listen to the little child inside you, otherwise it will keep knocking on your door. Is it possible to heal emotional wounds? Fortunately, this manual contains methods for identifying your specific type of wounded child and interrupting dysfunctional patterns. Finally, you can cultivate new ones that are useful and tailored to you. It is important to do this for yourself and for your loved ones. It may seem strange or awkward to imagine opening up to your child self; imagine this as a journey to re-discover yourself. Before you start reading this manual, I want you to be aware of three things: You are worthy of being loved, you deserve respect and you are not alone. This book was written for you, read it now! Take care of your inner child and he will take care of you.

The Five Love Languages Sheldon Press

Writing for Bliss is most fundamentally about reflection, truth, and freedom. With techniques and prompts for both the seasoned and novice writer, it will lead you to tap into your creativity through storytelling and poetry, examine how life-changing experiences can inspire writing, pursue self-examination and self-discovery through the written word, and understand how published writers have been transformed by writing. Poet and memoirist Raab (Lust) credits her lifelong love of writing and its therapeutic effects with inspiring her to write this thoughtful and detailed primer that targets pretty much anyone interested in writing a memoir. Most compelling here is Raab's willingness to share her intimate stories (e.g., the loss of a relative, ongoing struggles with cancer, a difficult relationship with her mother). Her revelations are encouraging to writers who feel they need permission to take... a voyage of self-discovery. The book's seven-step plan includes plenty of guidance, including on learning to read like a writer, and on addressing readers as if seated across the table. Raab covers big topics such as the art and power of storytelling and small details such as choosing pens and notebooks that you enjoy using. She also helps readers with the important step of finding your form. --PUBLISHER'S WEEKLY "Writing for Bliss is about the profound ways in which we may be transformed in and through the act of writing. I am grateful to Diana Raab for sharing it, and I trust that you will feel the same as you read on. May you savor the journey." --from the foreword by MARK FREEMAN, PhD "By listening to ourselves and being aware of what we are saying and feeling, the true story of our life's past experience is revealed. Diana Raab's book gives us the insights by which we can achieve this through her life-coaching wisdom and our writing." --BERNIE SIEGEL, MD, author of The Art of Healing "Only a talented writer who has fought hard to overcome life's many obstacles could take her readers by the hand and lead them through the writing process with such enormous compassion, amazing insight, and kindness. Diana Raab is a powerful, wise, intelligent guide well worth our following." --JAMES BROWN, author of The Los Angeles Diaries and The River "Writing for Bliss is far more than a 'how-to manual'; it enlightens the creative process with wisdom and a delightful sense of adventure. Bravo to Bliss!" --LINDA GRAY SEXTON, author of Searching for Mercy Street: My Journey Back to My Mother, Anne Sexton "Uniquely blending inspiring insights with practical advice, Diana guides you on a path to discover the story that is truly inside you?and yearning to be told." --PATRICK SWEENEY, coauthor of the New York Times bestseller Succeed on Your Own Terms DIANA RAAB, PhD, is an award-winning memoirist, poet, blogger, workshop facilitator, thought provoker, and survivor. She's the author of eight books and over one thousand articles and poems. She lives in Southern California. Learn more at www.DianaRaab.com

Having Sex, Wanting Intimacy Namaste Publishing

The Inner Child Journal is a 90-day guided journal designed to heal and re-parent your Inner Child. The prompts in this journal will connect you to your Inner Child, facilitate meaningful healing, and teach you to cultivate your wise Inner Parent so that you can find peace and wholeness in your daily life. This journal can be used as a supplement to your Inner Child work in therapy, or as a means to access this healing process if therapy is inaccessible to you. Intended to be part of your morning routine, every guided entry is different and contains prompts on topics like: mindfulness, affirmations, identifying needs, dialogue between Inner Parent and Inner Child, and letters to your Inner Child. All you need to get started is a cozy nook, your favorite pen, and a commitment to showing yourself grace, love, and compassion. WHAT'S INSIDE: Description of the Inner Child and Inner Parent Explanation of Inner Child healing, Intergenerational trauma, and Re-Parenting 90 pages

of journaling with specific prompts and categories
 Mindfulness, affirmations, and needs identification
 Inner Child & Inner Parent dialogues and letters to your inner child
 Daily entries with specific prompts and instructions to help you dive deep
 9 Categories of prompts
 Over 50 unique questions that are recycled daily, so no two days are the same
 Instructions and descriptions so you can really understand how to get started with the journaling
 Example of a daily journal for comprehension
 Intention-setting and frequent reflections so you can chart your growth
 Tips and tricks for if you get stuck
 Quotes and daily encouragement to keep you motivated
 This journal is infused with love and the hopes that when you open its pages you feel held, supported, and guided through the entire journey.
 All you have to do is begin.
 *Please note this journal is not intended to be a replacement for therapy, nor is it meant to be used as a diagnostic tool.

How to Heal Your Inner Child Bantam

From Dr. Patricia Love, a ground-breaking work that identifies, explores and treats the harmful effects that emotionally and psychologically invasive parents have on their children, and provides a program for overcoming the chronic problems that can result.

Homecoming Harper Collins

'A masterclass in understanding' ANNIE GRACE, author of *This Naked Mind* Ten questions to ask yourself, right now: * Do you have a sense that something is wrong, but you don't know what it is? * Do you have a feeling that you are hollow inside, that you are empty or have a void within? * Do you react badly to rejection? * Do you often feel sad, unhappy or down for no obvious reason? * Would you describe yourself as highly sensitive? * Do you have problems with relationships and intimacy? * Do you engage in addictive behaviour - alcohol, drugs, gambling, shopping, food, sex, work, exercise? * Do you have low self-esteem or self-worth - are you not 'good enough'? * Do you have a sense of being numb to your feelings? * Do you rarely experience true joy and happiness? If you have answered 'yes' to most of these questions, there is a strong chance you have experienced emotional neglect or trauma as a child. An emotionally neglected child may struggle to form strong and secure attachments as an adult. They may feel hollow or empty, worthless (or overly important), judge themselves harshly and struggle with addictive tendencies - drinking, eating or exercising too much, for example. If this describes you, *Heal Your Inner Child* will change your life and give you back the love, compassion and authenticity you needed as a child, and deserve as an adult. Fomer heavy drinker turned sobriety coach Simon Chapple is - like you - a survivor of childhood trauma. His unique brand of straight-talking, practical yet reflective and relatable advice has helped thousands of people quit drinking, and he can help you now to move on from childhood emotional neglect to a place of happiness free from past trauma. *How to Heal Your Inner Child* is a stepped and safe approach to confronting your past, with space for reflective and supportive strategies that will help you to foster self-compassion and break free from the destructive behaviours that have blighted your life. Clinically endorsed and verified by a psychotherapist, this deeply personal, unflinchingly honest exploration is designed to unlock your own epiphany and support you as you journey to a happier, less troubled and more authentic self.

How to Heal Your Inner Child Hodder Faith

Most people don't realize how much unresolved emotional pain they carry around. They don't know why they always feel depressed, anxious, victimized, or disappointed. They wonder why they keep making the same self-sabotaging impulsive decisions. These patterns often stem from their lost inner child, which carries a false narrative that has been on repeat since childhood. The hurt emotions resulting from childhood experiences of abuse, neglect, or trauma show up in adulthood as explosive anger, isolation, bad relationship choices, negative self-talk, feelings of being overwhelmed, being a people pleaser, and keeping others at arm's length. In *Healing Your Lost Inner Child*, Psychotherapist and Reiki master Robert Jackman takes you on a personal journey to explore unresolved wounds from your early life using the HEAL process for healing and embracing an authentic life. Through stories and exercises, this easy-to-read book will encourage you to learn how to stop giving in to your wounded inner child's emotional pain frozen inside a snow globe within you. Each chapter gently takes you closer to this original wounding so you can acknowledge and finally heal your pain. Move from being an impulsive reactor to an authentic, conscious creator in your life. The *Healing Your Lost Inner Child Companion Workbook* is also available to help you develop a deeper understanding of your relationships, codependency patterns and triggers, and create a self-nurturing plan. For more information about the author and other works please visit: www.theartofpracticalwisdom.com.

Breaking Normal SAGE Publications

"What was your childhood like? Were your parents always making you do things? Criticizing you? Or did you always get your own way? Were you often punished as a child? Did your parents continually fuss at you with anxious reminders and directions? Did you feel neglected, even unwanted? Or were you the boss of the family for whom all sacrifices were made? This remarkable book helps you to free yourself from the tensions that can be set up in childhood (even by parents who try hard to do their best) and continue to exhaust you in adult life. By describing--and illustrating with case histories--various child-parent relationships and their results, Dr. Missildine shows you how to recall the forgotten child you once were. He demonstrates how that child--who might have been overdisciplined or overindulged or subjected to any of a dozen common parental attitudes--still persists in the adult You. You see how your 'inner child of the past' continues to act out old habits, old angers, fears and confusions. That 'child' today makes you, perhaps, oversensitive, or unable to relate to people, or subject to rages or procrastination or compulsive spending or being overcritical of others (or of yourself), and in other ways causes you pain or disturbs your marriage or family or working life. To help you make peace with this 'inner child' and thus free your energies for adult living is the author's purpose. His concept of retraining the 'inner child' has led to happier, more

productive lives for many of his own patients. In this book he speaks so clearly and interestingly, and with such warmth and sympathy, that you will find yourself relaxed and eager to begin discovering and coming to terms with your inner child of the past."--Jacket.

The Drama of the Gifted Child New World Library

Zen master Thich Nhat Hanh, bestselling author of *Peace is Every Step* and one of the most respected and celebrated religious leaders in the world, delivers a powerful path to happiness through mastering life's most important skill. How do we say what we mean in a way that the other person can really hear? How can we listen with compassion and understanding? Communication fuels the ties that bind, whether in relationships, business, or everyday interactions. Most of us, however, have never been taught the fundamental skills of communication—or how to best represent our true selves. Effective communication is as important to our well-being and happiness as the food we put into our bodies. It can be either healthy (and nourishing) or toxic (and destructive). In this precise and practical guide, Zen master and Buddhist monk Thich Nhat Hanh reveals how to listen mindfully and express your fullest and most authentic self. With examples from his work with couples, families, and international conflicts, *The Art of Communicating* helps us move beyond the perils and frustrations of misrepresentation and misunderstanding to learn the listening and speaking skills that will forever change how we experience and impact the world.

The Emotional Incest Syndrome Vincenzo Venezia

A guide for parents and teachers to work with the powerful emotions that are triggered in them through their interactions with children. This handbook is based on leading-edge neuropsychological principles and research, as well as the author's 30 years of clinical experience. The Inner Child Process outlined in this book benefits the reader by turning even the most difficult challenges of parenting and teaching into profound personal healing and growth opportunities. Using this Process additionally assists the reader to access deeper intuitive understandings about the needs of the children they are raising or working with. Finally, there are instructions for using this Inner Child Process in a group setting, as a community-building exercise.

The SAGE Encyclopedia of Theory in Counseling and Psychotherapy Parallax Press

Have you ever heard of your inner child? Well, this is the classic book that started it all. In 1987, Charlie Whitfield's breakthrough concept of the child within—that part of us which is truly alive, energetic, creative and fulfilled—launched the inner child movement. *Healing the Child Within* describes how the inner child is lost to trauma and loss, and how by recovering it, we can heal the fear, confusion and unhappiness of adult life. Eighteen years and more than a million copies sold later, *Healing the Child Within* is a perennial selling classic in the field of psychology. And it is even more timely today than it was in 1987. Recent brain research, particularly on the effects of trauma on the brain of developing children, has supported Whitfield's intuitive understanding as a psychiatrist. About HCl Recovery Classics HCl's recovery backlist contains some of the most important and best-selling works in the recovery field. These books are still sought after today, selling more than 100,000 copies per year. Our new line of branded books features expanded editions of our top recovery titles, new introductions, updates on pertinent recent developments in the field, and contemporary new covers and packaging.

Speak to Thyself Sheldon Press

As you discovered through reading *Healing Your Lost Inner Child*, until we do our work to examine, understand and heal our wounded inner child, this part will continue to show up in our lives. In *Healing Your Lost Inner Child Companion Workbook*, Psychotherapist and author Robert Jackman builds on the extensive material in the book with expanded exercises to help you better understand your inner child, yourself and your wisdom so that you feel authentic and complete. This workbook features additional stories, examples and new concepts. You can read the *Companion Workbook* independently, but you will receive a deeper level of healing if you complete the exercises in the workbook as you read the book. Part One includes all the exercises from the book. You may find that by doing the exercises a second time your inner child will reveal even more wisdom to you. Part Two contains all new material and expands on the HEAL process, helping you develop a deeper understanding of your relationships, codependency patterns and triggers and create a self-nurturing plan. You are giving yourself a great gift of healing and wholeness. Understand how, when and why your inner child shows up to protect you. Develop healthy boundary skills and learn more functional tools. Heal your negative self-talk and storytelling. Explore what you are avoiding or ignoring in your relationships. Understand your circles of connection, and how to speak your truth. Rejoin your authentic self and feel emotionally free and whole again.
