Marianne LePatourel meets William Ozanne in the 1830s on an island in the English Channel, she sets her heart on him. However, her sister Marguerite falls in love with him too. And so begins this sweeping novel that takes the characters on dramatic adventures from childhood through old age, on land and at sea, and from the Channel Islands to China to the New Zealand

frontier. When William's naval career is cut short, he settles in New Zealand and writes to Mr. LePatourel to ask for Marguerite's hand in marriage—but in his nervousness he pens the wrong name. When Marianne arrives aboard the ship *The Green Dolphin*, William makes the gallant decision not to reveal his mistake. His mistake sets in motion a marriage that is difficult, but teaches them

both that steadfast love which is chosen is stronger than the passion of love at first sight.

loving, admired husband, Charlie, who is posted to the British Embassy. Nearly forty, Mary has spent a lifetime as a loyal daughter, wife and mother. But in this year of so much change, she feels compelled to break away from her familiar world and is drawn to the freedom of New York City, which is effervescent with parties, jazz, three-martini lunches, girls

in their summer dresses and men in their Sinatra hats and big ties. Greenwich Village is still charmingly bohemian, and Miles Davis's hit tune "On Green Dolphin Street" is playing everywhere. Mary finds a hotel room in New York and then finds a lover, while back in Washington her husband drinks to forget the demands of his job, the absence of his wife and the Cold War

paranoia that has overtaken the capital. Faulks breaks new ground with this novel: It is a love story, not a war story, and it is set in America rather than France. Yet readers of his two previous bestselling novels will recognize the close focus of the historical setting, the unforgettable characters and the gathering emotional power of the narrative. On Green Dolphin Street is a dramatic, tremendously

moving novel that is certain to extend the American audience for this prodigiously talented author's work. *The Story of Fake Books* Alfred Music Publishing A comprehensive book on jazz analysis and improvisation. Elements used in jazz improvisation are isolated for study: they are examined in recorded solos, suggestions are made for using each element in the jazz language, and specific

exercises are provided for practicing the element. First Jazz Songs (Songbook) Hal Leonard Corporation Despite the fact that most of jazz's major innovators and performers have been African American, the overwhelming majority of jazz journalists, critics, and authors have been and continue to be white men. No major mainstream jazz publication has ever had

a black editor or publisher. *Ain't But a Few of Us* presents over two dozen candid dialogues with black jazz critics and journalists ranging from Greg Tate, Farah Jasmine Griffin, and Robin D. G. Kelley to Tammy Kernodle, Ron Welburn, and John Murph. They discuss the obstacles to access for black jazz journalists, outline how they contend with the world of jazz writing dominated by white men,

and point out that these racial disparities are not confined to jazz but hamper their efforts at writing about other music genres as well. *Ain't But a Few of Us* also includes an anthology section, which reprints classic essays and articles from black writers and musicians such as LeRoi Jones, Archie Shepp, A. B. Spellman, and Herbie Nichols.
