If there were ever a time for environmental sociology, it is now. As COVID-19 is spreading across our communities, our countries, our world, we have all become too familiar with maintaining that awful term of "social distance." Yet there can be no true distance from that which is always with us and within us: our social ecology. An Invitation to Environmental Sociology invites students to delve into this rapidly changing field. Written in a lively, engaging style, the authors cover a broad range of topics in environmental sociology with a personal passion rarely seen in sociology texts. The book's unique organization explores three different kinds of questions about interactions between humans and the natural world: the material, the ideal, and the practical. The Sixth Edition of this bestseller comprises 12 chapters instead of 13, making it easier to fit into the normal rhythm of a course. But the result is also an edition that is up-to-date and enriched with much newer material, while continuing to use an inviting tone that the title promises. Included with this title: The password-protected Instructor Resource Site (formally known as SAGE Edge) offers access to all text-specific resources, including a test bank and editable, chapter-specific PowerPoint® slides. Volunteer management has many challenges, not the least of which is how we study it and view it. Academics examine it from a variety of disciplines and practitioners experience it in a variety of contexts. However both approaches have limitations. In academia we go to public administration schools to learn about public and nonprofit management, to business schools to apply the principles of private enterprise to nonprofit management, to sociology departments to study the phenomena of volunteerism, to psychology departments to understand the motives of volunteers, and economics departments to examine the value or economic worth of volunteerism. The liability of the academic approach is the segmentation of study and research into departmental areas. The study of volunteers and volunteerism needs to cross all of these organizational and discipline boundaries to be fully appreciated and understood as a field of interest. In contrast, practitioners view volunteer management from their own unique experiences. They try to gauge success in volunteer management based on what they have encountered in particular organizations, towns, cultures, and countries in which they work. As important as these insights are, they are difficult to generalize beyond local settings. Just because an individual has been successful in working with volunteers, it does not mean that the lessons learned in one situation can be translated to others under all conditions. The target audience for this volume is anyone who manages volunteers. The goal of the volume is to demonstrate the breadth of thought on volunteer management, both across disciplines and a wide range of settings in which volunteers work.

The Abingdon-Church of the Resurrection Ministry Guides are the first choice for recruiting, motivating, and developing lay leadership for specialized ministries from A to Z—from adult ministries to ushering. Each inexpensive, 64-page Guide brings together Church of the Resurrection's can-do attitude with

Abingdon Press's ministry of empowering church leaders. The result is a series that is user-friendly, encouraging, and most important, practical. The passion to help churches experience how many things they can do to encourage participation drives these Ministry Guides. Each Guide is concise, conversational, and current, full of ideas you'll be able to implement immediately, with little or no budget. Recognizing that volunteers are busy people who work hard, the Guides will be the first place to turn when you're new to a topic, to help you feel empowered, prepare quickly, and get up and running with confidence and creativity. You'll find eye-catching icons and features that help you move directly to practical, fun, and effective solutions. An excerpt from the Circuit Rider review: "This little guide, another in the series out of The Church of the Resurrection in Leawood Kansas, will be helpful to churches large, medium and small desiring to develop and expand lay participation in all aspects of congregational life and work. Dan Entwistle, managing executive director for programs and ministries at The Church of the Resurrection, writes out of years of experience in recruiting, training and deploying laypeople for ministry. His book will be no less valuable to UMM and UMW units, campus ministries, conference and district staff and church-related non-profits." (Click here to read the entire review.)
