Boost morale and productivity by leading with respect The Respectful Leader presents an engaging, thought-provoking lesson for companies seeking off-the-charts performance. Author Gregg Ward draws on 25 years of leadership consulting, coaching and training experience to reveal the secret to great results: respect. In this true-to-life business fable, he shares the story of

Des Hogan, a CEO who discovers that disrespectful behavior on the part of his leadership team is eating away at his company's morale, productivity, and profits. At a loss for a solution, he meets Grace—a straight-shooting, self-described "little old lady" in the maintenance department. With her no-nonsense advice, he sets out to revamp the culture and turn his company around; but first, he has to turn inward and realize that his own behavior sets the tone for the company at every level. This enlightening, engaging and honest story will help you recognize and analyze your own behaviors and interactions, and show you how to create a winning culture based on leading with respect. Intimidation, micro-management and insecurity do not drive top-level performance. True success is built on free-flowing, trusted, and open collaboration between departments, levels, and specialties. This book shows you how to build respect among the ranks—from the top down. Learn the key respectful leadership behaviors that significantly impact morale Learn how to adjust your own, and others', attitudes to boost productivity, teamwork, and profits

Benefit personally and professionally by leading from a place of mutual respect and consideration. People perform best when they feel valued and valuable. And, when they are respected for their experience, talents and skills, they'll become personally invested in outcomes—both short- and long-term—and consistently go the extra mile. Respectful leadership ignites passion, innovation, creativity, and efficiency, while control-based leadership and intimidation breeds complacency and mediocrity. Which environment would better serve your company? *The Respectful Leader* shows you how to achieve sustainable success with a simple behavioral paradigm shift.

*Success in Small Business Is a Laughing Matter* John Wiley & Sons  
A sexy, summer camp-set reunion romance from debut author Lissa Linden. When Amy left her beloved summer camp, heartbroken and ashamed, she swore she'd never return. Twelve years later, she's desperate to unearth the person she was before turning into a workaholic. When her old camp advertises for a new director, Amy leaps at the chance to start over—only to find herself face-to-face with the very guy who broke her heart. Paul hasn't forgotten kissing Amy beneath a shooting star, or how she bolted from camp without saying goodbye. When she shows up to take the job he never thought he'd leave, Paul can hardly believe his luck. Amy is now a woman with killer curves and a sexual appetite to match. With serious vibes between them, and him nearly dead from the celibacy of life at camp, they strike a deal for a few days of sexy fun in the wilderness. But when feelings that started long ago enter the mix and it becomes clear Amy will only trust him with her body—not her heart—Paul desperately wants to break through the armor she's built to protect herself.

And although Amy knows there's something special about the way she reacts to Paul, something beyond skin on skin, the stakes are high enough to scare her. With a past like theirs, they'll either ignite a future...or burn out for good. This book is approximately 78,000 words. One-click with confidence. This title is part of the Carina Press Romance Promise: all the romance you're looking for with an HEA/HFN. It's a promise! Edited by Kerri Buckley

### The Respectful Leader Ohio University Press

Michael McCaffrey continues to wrestle with his own alienation and detachment from the teaching profession, direction of his life and personal relationships. He is compelled to deal with unexpected loss and abandonment on multiple levels.

Throughout his ordeals, he maintains his sense of humor and perspective. His setbacks, distractions and inertia make forward progress challenging. He observes the similar difficulty and indecisiveness experienced by two of his former university

classmates. His intended departure from teaching following his ninth year does not materialize. His ambition towards cultivating a stable relationship evaporates for reasons initially uncertain to him. He has difficulty coming to terms with his fragmented life that only periodically offers glimpses of hope and clarity. An encounter with a former high school girlfriend prompts him to consider what might have happened had he never left his hometown. Another classmate, a self-professed business success, lectures one of classes and illustrates the contrast between McCaffrey's present stagnation and a vocational path he abandoned early in his career. As his narrative enters into his thirteenth year of teaching, his observations and caustic opinions become more pronounced and unwelcome. He's aware of the estrangement with his current faculty peers. As his closet confidants leave, he realizes St. Elizabeth-St. Ignacious High School has changed irrevocably. He is not an integral part of the shift and has become professionally expendable. During his tenth teaching year, a new Principal, Brother Morton Brickell replaces the departed Brother (Mumbles) Moody. McCaffrey compares Moody to a flute and Brickell to a brass trumpet, often loudly overstating the obvious. Brickell's own tenure and influence becomes abbreviated due to a change in school management. During the summer following his eleventh year, the financial allure of shifting back to corporate employment coupled by a seemingly healthy relationship nearly changes his fate. Despite the promising prospects, McCaffrey is destined to continue teaching and remaining alone. Brickell's replacement, Sister (Stoneface) Stanley clashes with McCaffrey her initial year following scrutiny of his teaching and religious commitment. The

frigidity of their interactions prompts him to question how long she will tolerate his continued employment. McCaffrey continues his satirical exchanges and pranks with faculty foils and adds additional victims. He charts the meteoric influential rise of the maintenance duo of Sid and Barney that culminates in a faculty Christmas party implosion. He assists a faculty peer in formatting teaching credential assignments that concludes with him doubting the substantive value of academic professional training. McCaffrey documents his lively and playful interactions with his students. Tense moments intervene. He is confronted by a failing student that nearly erupts into a physical altercation. He must also calm the religious proselytizing from one of his zealous students seeking to convert him. He attempts to keep his lectures varied and relevant despite his flagging enthusiasm. One of his classroom discussions addresses the increasingly escalating violence in his hometown when one of his students nearly becomes a casualty from a drive-by shooting. A former favorite student returns on campus basking in an acclaim that eluded him while attending SESI. Another returns as a polished and attractive woman completing a teaching internship and introduces complications into McCaffrey's relationship void and loneliness. McCaffrey's forebodings about Sister Stanley's motives reach fruition during contract negotiations following his thirteenth teaching year. Will McCaffrey survive a decisive effort to get rid of him? If he is destined to leave, who will ultimately determine the terms of his departure?

The Smart Classroom Management Way John Wiley & Sons Part manual, part manifesto, a humorous yet incisive guide to navigating subtle sexism at work—a pocketbook Lean In for the

Buzzfeed generation that provides real-life career advice and humorous reinforcement for a new generation of professional women. It was a fight club—but without the fighting and without the men. Every month, the women would huddle in a friend's apartment to share sexist job frustrations and trade tips for how best to tackle them. Once upon a time, you might have called them a consciousness-raising group. But the problems of today's working world are more subtle, less pronounced, harder to identify—and, if Ellen Pao is any indication, harder to prove—than those of their foremothers. These women weren't just there to vent. They needed battle tactics. And so the fight club was born. Hard-hitting and entertaining, *Feminist Fight Club* blends personal stories with research, statistics, infographics, and no-bullsh\*t expert advice. Bennett offers a new vocabulary for the sexist workplace archetypes women encounter everyday—such as the Maninterrupter who talks over female colleagues in meetings or the Himinator who appropriates their ideas—and provides practical hacks for navigating other gender landmines in today's working world. With original illustrations, *Feminist Mad Libs*, a Negotiation Cheat Sheet, as well as fascinating historical research and a kit for “How to Start Your Own Club,” *Feminist Fight Club* tackles both the external (sexist) and internal (self-sabotaging) behaviors that plague today's women—as well as the system that perpetuates them.

*Agile Management* Corwin Press

A New York Times Best Seller Merging real stories with theory, research, and practice, a prominent scholar offers a new approach to teaching and learning for every stakeholder in urban education. Drawing on his own experience of feeling undervalued

and invisible in classrooms as a young man of color and merging his experiences with more than a decade of teaching and researching in urban America, award-winning educator Christopher Emdin offers a new lens on an approach to teaching and learning in urban schools. For *White Folks Who Teach in the Hood...and the Rest of Y'all Too* is the much-needed antidote to traditional top-down pedagogy and promises to radically reframe the landscape of urban education for the better. He begins by taking to task the perception of urban youth of color as unteachable, and he challenges educators to embrace and respect each student's culture and to reimagine the classroom as a site where roles are reversed and students become the experts in their own learning. Putting forth his theory of Reality Pedagogy, Emdin provides practical tools to unleash the brilliance and eagerness of youth and educators alike—both of whom have been typecast and stymied by outdated modes of thinking about urban education. With this fresh and engaging new pedagogical vision, Emdin demonstrates the importance of creating a family structure and building communities within the classroom, using culturally relevant strategies like hip-hop music and call-and-response, and connecting the experiences of urban youth to indigenous populations globally. Merging real stories with theory, research, and practice, Emdin demonstrates how by implementing the “Seven C's” of reality pedagogy in their own classrooms, urban youth of color benefit from truly transformative education. For *White Folks Who Teach in the Hood...and the Rest of Y'all Too* has been featured in *Mother Jones*, *Education Week*, *Weekend All Things Considered* with Michel Martin, *Diverse: Issues in Higher Education*, *PBS News*

Creating an inclusive classroom means understanding federal legislation as well as national and state standards, but the practical and streamlined seventh edition of *Creating Inclusive Classrooms: Effective and Reflective Practices* recognizes that it means more than that. This text goes beyond the typical inclusion text, translating theory and research into practices you can use in your inclusive classroom by illustrating the principles of effective inclusion through classroom scenarios, online footage, and successful strategies. The text has the most current vision of today's inclusive classroom, which truly helps you create a successful educational experience for all students. New to This Edition: NEW! UDL and You features throughout the text guide you in understanding and implementing the principles of universal design to help all learners access the general education curriculum and succeed in inclusive classrooms. NEW! Up to date coverage of Response to Intervention (RtI) is introduced early in

the text and picked up with specific classroom guidance in Chapter 12. Expanded and latest research on universal design for learning (UDL), autism spectrum disorders, co-teaching arrangements, instructional technology, differentiating instruction, Positive Behavioral Supports, student diversity and motivation, fostering students' literacy and mathematics learning, research-based teaching strategies, assessing and grading students in inclusive classrooms, teaching and testing accommodations, building social relationships and implementing IEPs in inclusive classrooms.

*Working Mother* Prentice Hall

In this follow-up to the popular *What Works in Schools*, Robert J. Marzano discusses the research-based strategies that every teacher can use to effectively manage the classroom and help students take responsibility for their own behavior.

Tactics For Successful Negotiating The New Press

"Ruth Charney gives teachers help on things that really matter. She wants children to learn how to care for themselves, their fellow students, their environment, and their work. Her book is loaded with practical wisdom. Using Charney's positive approach to classroom management will make the whole school day go better." - Nel Noddings, Professor Emeritus, Stanford University, and author of *Caring* This definitive work about classroom management will show teachers how to turn their vision of respectful, friendly, academically rigorous classrooms into reality. The new edition includes: More information on teaching middle-school students Additional strategies for helping children with challenging behavior Updated stories and examples from real classrooms. "Teaching Children to Care offers educators a

practical guide to one of the most effective social and emotional learning programs I know of. The Responsive Classroom approach creates an ideal environment for learning—a pioneering program every teacher should know about." - Daniel Goleman, Author of Emotional Intelligence "I spent one whole summer reading Teaching Children to Care. It was like a rebirth for me. This book helped direct my professional development. After reading it, I had a path to follow. I now look forward to rereading this book each August to refresh and reinforce my ability to effectively manage a social curriculum in my classroom." - Gail Zimmerman, second-grade teacher, Jackson Mann Elementary School, Boston, MA [Los Angeles Magazine](#) Harper Collins

If you are a teacher who is tired of having to fight with rude, overbearing, aggressive, demotivated, inattentive students, and with their parents on the side ... then keep reading. Probably, if you are reading these lines, the mere thought of having to enter that class again makes you shudder. Dealing with certain students can turn your smile off in a few seconds, unjustly sending your whole day up in the air. Feeling attacked by some students who should be showing you the right respect can be one of the most frustrating (and embarrassing) things that can happen to you. Being rigid and strict is no longer the right solution. Today's students are not easily impressed... But if you want to teach like a champion, Logan Reynolds can give you the solution, so you can finish your lessons with a big smile. You'll discover: CLASSROOM MANAGEMENT SUCCESS Why You Should Smile on the First Day of School Things You Must Do on The First Day of School The Biggest First Day of School Mistake You Can Make How To Build Rapport On The First Day Of School Seating

Modeled on Stephen Covey's *The 7 Habits of Highly Effective People*, this book provides a much-needed strategy for achieving career success. Readable and concise, it will be a valuable tool for students, parents, and sports administrators.

*Trust Rules: How to Tell the Good Guys from the Bad Guys in Work and Life, 2nd Edition* McGraw Hill Professional

Take *The 7 Habits of Highly Effective People* to an Entirely New

Level Your Leadership Skills Are About to Change. Millions have read the all-time global best seller *The 7 Habits of Highly Effective People* by Stephen R. Covey. Both leaders and individuals have been inspired and transformed by its universal principles of effectiveness, including Scott Jeffrey Miller. Miller, a student and personal friend of Stephen R. Covey, is now the new millennial voice of FranklinCovey leadership. Scott Jeffrey Miller knows what it's like to fail. He was demoted from his first leadership position after only three weeks—and that's just one of several messy management experiences on his two-decade journey to leadership success. Scott's not alone. Everyone fails. But something sets Scott apart: his transparency and willingness to openly share his story in a way that is forthright, relatable and applicable. Thirty leadership challenges you can apply now. In Miller's *Management Mess to Leadership Success* you'll find 30 leadership challenges that can, when applied, change the way you manage yourself, lead others, and produce results. The wisdom in Scott's book was learned through hard knocks and was honed by Stephen R. Covey and the FranklinCovey team through years of research and corporate training experience. Illustrated with Scott's real-life experiences, these challenges will teach you how to:

- Lead difficult conversations and celebrate success
- Inspire trust, actively listen, and challenge paradigms
- Put the right people in the right roles
- Create a clear and actionable vision for your team
- Accomplish your organization's Wildly Important Goals®
- Get the right results—in the right way
- Become the leader you would follow

Fans of *The 7 Habits of Highly Effective People* who have read and liked *Radical Candor*,

*The Smart Classroom Management Way* is a collection of the very best writing from ten years of Smart Classroom Management (SCM). It isn't, however, simply a random mix of popular articles. It's a comprehensive work that encompasses every principle, theme, and methodology of the SCM approach. The book is laid out across six major areas of classroom management and includes the most pressing issues, problems, and concerns shared by all teachers. The underlying SCM themes of accountability, maturity, independence, personal responsibility, and intrinsic motivation are all there and weave their way throughout the entirety of the book. Together, they form a simple, unique, and sometimes contrarian approach to classroom management that anyone can do. Whether you're an elementary, middle, or high school teacher, *The Smart Classroom Management Way* will give you the strategies, skills, and know-how to turn any group of students into the motivated, well-behaved class you love teaching.
