FREY SHEPPARD

The Return of Planet Sedna Head of Zeus

Over the past four decades, the volumes published in the landmark History of Cartography series have both chronicled and encouraged scholarship about maps and mapping practices across time and space. As the current director of the project that has produced these volumes, Matthew H. Edney has a unique vantage point for understanding what “cartography” has come to mean and include. In this book Edney disavows the term cartography, rejecting the notion that maps represent an undifferentiated category of objects for study. Rather than treating maps as a single, unified group, he argues, scholars need to take a processual approach that examines specific types of maps—sea charts versus thematic maps, for example—in the context of the unique circumstances of their production, circulation, and consumption. To illuminate this bold argument, Edney chronicles precisely how the ideal of cartography that has developed in the West since 1800 has gone astray. By exposing the flaws in this ideal, his book challenges everyone who studies maps and mapping practices to reexamine their approach to the topic. The study of cartography will never be the same.

Reconsidering Atlantis Xlibris Corporation

THE FIRST TWO BLOCKBUSTER ADVENTURES IN THE INSTANT NEW YORK TIMES BESTSELLING ATLANTIS TRILOGY -- TOGETHER IN ONE ELECTRIFYING VOLUME! RAISING ATLANTIS NEW YORK TIMES BESTSELLER A glacial earthquake exposes a mysterious monument older than the Earth itself. The pope reveals a

terrifying vision of apocalyptic disaster. And two miles below the ice of Antarctica, the legend of a lost civilization awaits.

Archaeologist Conrad Yeats must race to unlock its devastating power...or prepare for the ultimate doomsday. THE ATLANTIS PROPHECY NEW YORK TIMES BESTSELLER Archaeologist Conrad Yeats discovers in his father's tombstone the key to a mysterious centuriesold warning that lies hidden beneath the monuments of the nation's capital. Now, with the help of beautiful Vatican linguist Serena Serghetti, he must destroy a powerful ancient organization before it raises an empire that could threaten the world.

Secret of the Skulls Simon and Schuster

Scientific and anthropological evidence for multiple Atlantean empires and the global catastrophes that destroyed them • Reveals that there was not one but three Atlantises--the first in Antarctica, the second in South America, and the third in the Mediterranean • Examines geological evidence of super-floods 15,000, 11,600, and 8,700 years ago • Shows how these flood dates directly parallel the freezing of Antarctica, the migrations of Cro-Magnon men, and the destruction of Atlantis according to Plato 15,000 years ago the Earth's axis tilted, shifting the geographic poles. Volcanoes erupted, the icecaps melted, and the seas rose dramatically. Antarctica was enveloped in ice, destroying the high civilization of prehistory: Atlantis. But before the survivors could reestablish what they had lost, catastrophe struck again--twice. Uniting scientific findings with theories on the location of Atlantis, the authors reveal that there was not one but three Atlantises--the first in Antarctica, the second in South America, and the third in the Mediterranean. Examining paleoclimatology data, they show that Antarctica was temperate

15,000 years ago and home to the original Atlantis. They explore geological evidence of three worldwide super-floods 15,000, 11,600, and 8,700 years ago and show how these dates directly parallel the freezing of Antarctica, the arrival of Cro-Magnon man in Europe, and the destruction of Atlantis according to Plato. Uncovering the influence of the Atlanteans in Proto-Indo-European languages and in massive ancient monuments aligned with the stars, they show how the civilization founders in all early myths--the Pelasgians, Danaans, Viracocha, Aryans, and others--were part of the Atlantean diaspora and how this migration split into two major movements, one to Latin America and the other to Europe and Asia. Following the Atlanteans from a warm Antarctica up to Peru, Mexico, and the Mediterranean, they reveal that Cro-Magnon men are the people of Atlantis and that we are just now returning to their advanced levels of science, technology, and spirituality.

Where Were You Before The Tree of Life? Volume 4 Simon and Schuster

Marine explorer Dirk Pitt faces off against an elite army from an era gone-by in order to uncover the secrets of an ancient civilization in this #1 New York Times-bestselling series. A group of anthropologists uncover strange inscriptions on the wall of a Colorado mine just as an explosion traps them deep within the earth. But their work won't stay buried long. Dirk Pitt is on hand during the blast and quick to initiate a rescue operation. He is then tapped to lead a research crew on behalf of the U.S. National Underwater and Marine Agency to further study these uncanny artifacts. And that's when his ship is set upon and nearly sunk by an impossibility—a vessel that should have died 56 years before. Clearly, another group knows about the relics of this long-

forgotten but highly-advanced seafaring culture. And they'll stop at nothing to keep the rest of the world in the dark.

Atlantis beneath the Ice Simon and Schuster

This book is not merely about whether Atlantis existed or uncovering its most likely geographic locale. Instead, the author demonstrates that, if such a civilization did exist, it would have been far more extensive than even Plato imagined. Danelek presents a scenario that attempts to explain how such a fantastic place could so thoroughly destroy itself that no trace if it remains today.

Cartography Llewellyn Worldwide

The current world isn't just full of mysteries, it is made up of them. You could spend your life investigating the murders of the Kennedys, the identity of Jack the Ripper or studying UFOs, crop circles, cattle mutilations, ley lines, Atlantis or other strange phenomena. Each of these mysteries has its authorities and its counter-authorities, its supporters and its detractors, all of whom are full of information and expertise, but truly offer nothing more than opinions. Realistically, these people are myth makers with the object of establishing their own particular myth, gaining wide, 'official' acceptance for it as 'authorities', and thus, for a time making it the TRUTH. This has been mankind's biggest fault in this cycle of humankind's experiences on the Earth, that is, the belief that authority provides the truth, rather than the truth provides the authority. Even worse, it could be this has consistently been humankind's fault during all the previous cycles of humankind's existences on Earth - and those have been many. In Western society, while a very small minority of the current 'authorities' know what, or at least part of what, the truth is, the last thing they want to do is share it with the masses, the 99.99% of the human population they consider 'useless eaters' and 'subjects'. In general, everything we think we know is a lie, or a partial lie, perpetuated by this very small group of individuals. Since the earliest time of civilizations, this group has not shared information with the individuals of the world. Since this current cycle of civilization began, following the cataclysm of 10,400 BCE, and the sinking of Atlantis, the most important information and knowledge concerning our true origins and history has been withheld. That which rightly belongs to us, has been destroyed, buried, ignored, suppressed, misrepresented, weaponized or purposely confused by disinformation, under the auspices of the

so-called 'authorities'. In the West, the 'authorities' want to keep us occupied and non-thinking, with 'reality' television shows, televised sports, sixty-hour work weeks, alcohol and drug abuse, texting on our iPhones, believing in the lies or partial lies they want us to believe in and leave the thinking to them. Religious institutions, the educational system, the justice system, the economic system, the media, and even secret societies, have been infiltrated and usurped by these individuals and others with the same philosophy, at mankind's expense. These individuals have no empathy and no concern for the human condition. They seek only one thing, and that is power, the power to control. To them, power is more than an addiction, but a right. Knowledge is the form of their initial power. They use that to gain economic power, control and influence, and then infiltrate all levels of society until they infect the entire planet. Their religion is worshipping the 'self' and their 'ego', that they believe is their 'divine spark', with a motto of 'Do as thou wilt'. In my last book, *Adrift on a Sea of Lies*, I tried to identify who these individuals were or are, and how have they managed to do this over the past 12,000 years. Also, was there anything we can do that might reverse this during the next 12,000 years to ensure this doesn't happen again during the next cycle of our Earth, or will it repeat again and again, with only minor changes? This book is an examination of the last 150 years, primarily focusing on a so-called myth, that I believe, is factual. In this case, the beginning of the story is about Atlantis and its growing association with part of the Antarctic continent. It describes and supports the evidence for Atlantis being located beneath the ice of Antarctica and describes the evidence in detail, including the following: the location of Atlantis within the 'world ocean; ancient mapping; evidence of dispersed civilizations; the rise of agriculture; and, Earth-crust displacement. It is also about the Nazis, UFOs and the US and their involvement with the Antarctic continent. I believe this disinformation plot will more than likely culminate in an upcoming US False Flag event unless the truth becomes known. Lastly, it is about the so-called 'alien' presence and the current attempt to keep it hidden and destroy it before the world knows how the Anglo-American Zionist Empire created and financed it, nearly 100 years ago.

The Secret Chamber of Osiris University of Chicago Press

The author's theories on earth science. Includes polar shift, ice

ages, ancient climates, extinctions and more.

The Atlantis Blueprint Delta

SECRET OF THE SKULLS The saga continues as our heroes find they are not alone. Another group of people have settled on a new found land and have built a colony. Rick and Alfrado along with Mura visit the planet Sirius and are charged with finding the thirteen skulls and building a temple for them. The book follows them on their adventures as they search for the skulls. Along the way they discover their Aborigines cousins have also survived. (Gods favorite children). Mura in her infinite wisdom once again saves planet earth.

Empire Beneath the Ice Trafford Publishing

The fascinating truth about Atlantis leads to a chilling conclusion about the environmental catastrophe that destroyed it. Now you can find out how the forces that shattered the first great civilization on Earth can happen again, bringing the end of the world to us all! With an Introduction by Colin Wilson. Martin's Press.

End Times to 2019 Lulu.com

Volume 4 of 9 These books are the first to fully map out the history of alien interaction with the Earth, past, present, and into the near future. Extending the work of noted researchers such as Erich Von Daniken and Zecharia Sitchin, the book series goal is to show its readers the extensive repercussions this interaction has had on life on this planet, especially its formative role in the global conspiracy known as the New World Order.

The Atlantis Gene Penguin

Reveals how the return of the planet Sedna after 11,000 years offers an opportunity for healing ourselves and our planet • Explores how the Inuit legend of the sea woman Sedna offers clues about the message of Sedna's return, including a warning about the sustainability of our planet • Explains how Kundalini energy courses through planets and people alike and how planetary transits activate a form of cosmic Kundalini energy, with Sedna's planetary return marking a major stage in this awakening process • Details how Sedna's energies can be harnessed for healing ourselves and our planet, including how Earth's ley lines are mirrored within the body's meridians Named after a mythological Inuit sea woman, the planet Sedna was first discovered in 2003. Its return to our solar system after 11,000 years of orbit has been tied to the huge tsunami that struck

Indonesia, Thailand, and India in 2004 as well as to the increased occurrence of other marine and weather events over the last decade. And just as it is affecting the waters of our planet, Sedna's energies are also affecting each of us as individuals. Exploring the impact that planetary bodies have on Earth and on humans, Jennifer Gehl reveals how Sedna's energies can be worked with for healing ourselves, others, and the planet. She explains how the naming of this planet after the archetypal figure of Sedna--and her myths--provides major clues to the message that Sedna's return is sending: a clear warning about the sustainability of the planet and the oceans, the source of all life, and an invitation to awaken to the parts of ourselves that have been ignored, abandoned, and cast out into the cold, just as Sedna was when she was down in the Arctic Ocean. The author examines the astrological chart for Sedna's discovery, providing an in-depth look at how certain aspects, particularly the quincunx, support the legend of Sedna and its impact on human health. She looks at how Kundalini energy courses through planets and people alike and how planetary transits activate a form of cosmic Kundalini energy, with Sedna's return marking a major stage in this awakening process. She reveals how Earth's ley lines are mirrored within the body's meridians and offer a way to tune ourselves to the cosmic frequencies that Sedna brings. Examining the story of Sedna mythologically and astrologically, Gehl explains how Sedna's last appearance 11,000 years ago occurred at the end of the Ice Age when waters disrupted and divided our world. Her return, rather than being a harbinger of disaster, is one of the way-shower and shaman. Symbolically, she lights the path for us to ignite our own immortality by surrendering to the inner path, revealing patterns and pathways for infinite healing potential, a new model of sustainability for the health of our planet, and a way to actively participate in our soul's evolution.

Hidden History Simon and Schuster

Reveals the true purpose behind the pyramids of Giza and the location of the secret vault of Egyptian treasures hidden on the Giza plateau • Details how the first 16 pyramids represent the allegorical "dismembered body of Osiris" and the legendary missing part is a secret underground chamber • Explains how the pyramids were built as recovery vaults and with the secret chamber contained everything needed to rebuild civilization after the Deluge • Examines the technology used to build the pyramids

and "fly the stones into place" After nearly 200 years of the pyramid-as-tomb theory, a growing body of evidence suggests the first 16 pyramids of ancient Egypt were not royal tombs but nearly indestructible recovery vaults designed to revive civilization after an anticipated major catastrophe, the Deluge of Thoth. Scott Creighton examines the prophecy of catastrophe and the ancient Egyptians' massive undertaking to ensure the survival of their civilization. He explains how the pyramids acted as easily located storehouses for seeds, tools, and civilizing knowledge, yet they would have been too visible to house the precious treasures necessary to restore the rich culture of ancient Egypt. For this, the ancients created a secret chamber whose existence was hidden in myth and whose location was encoded in the Giza pyramids. Creighton shows how, collectively, the first 16 pyramids represent the allegorical "dismembered body of Osiris," the Egyptian god of agriculture and rebirth, and, as in the myth of Osiris, one part is missing or hidden--a secret chamber under the sands of the Giza plateau. Creighton reveals how the 3 great pyramids of Giza "point" to the secret location and how they were built with technology akin to modern hot air balloons, used to "fly the stones into place" as cited in Egyptian legends and shown in ancient art. Offering a new understanding of this remarkable civilization, the author concludes with a startling revelation: shortly after he revealed the location of the secret chamber of Osiris--a location never before explored--it became the site of a major excavation by the Egyptian authorities, the results of which have yet to be made public.

Secret Journey to Planet Serpo Createspace Independent Publishing Platform

The sun is dying. Astronomers can see that the Earth will soon become a frozen planet. All life will vanish from the surface, and the sea and air will freeze, as the light of the sun dwindles to that of a full moon. Mankind is forced to retreat underground, there to try surviving in vast underground habitats--trapped in a World Beneath Ice. Only one person on Earth has the scientific knowledge to rekindle the sun--the incredible Golden Amazon, a woman changed by surgery and genetic engineering into a superwoman. But she's been missing for eighteen months, lost in space.... Is this the end of humankind? Book One in The Golden Amazon Saga, a fantastic new SF adventure series wrenched from the pages of the pulps.

Meet Me in Atlantis Simon and Schuster

Scientific and mythological evidence that Antarctica was once Atlantis • Reveals how the earth's crust shifted in 9600 BCE, dragging Atlantis into the polar zone beneath miles of Antarctic ice • Examines ancient yet highly accurate maps, including the Piri Reis map of 1513, which reveals a pre-glacial Antarctica • Shows how myths of floods and disaster from around the world all point to a common source In this completely revised and expanded edition of *When the Sky Fell*, Rand and Rose Flem-Ath show that 12,000 years ago vast areas of Antarctica were free from ice and home to the kingdom of Atlantis, a proposition that also elegantly solves the mysteries of ice ages and mass extinctions, the simultaneous worldwide rise of agriculture, and the source of devastating prehistoric climate change. Expanding upon Charles Hapgood's theory of earth crust displacement, which was championed by Albert Einstein, they examine ancient yet highly accurate world maps, including the Piri Reis map of 1513, and show how the earth's crust shifted in 9600 BCE, dragging Atlantis into the polar zone where it now lies beneath miles of Antarctic ice. From the Cherokee, Haida, and Okanagan of North America to the earliest records of Egypt, Iran, Mexico, and Japan, they reveal that ancient myths of floods, lost island paradises, and visits from advanced godlike peoples from all corners of the globe all point to the same worldwide catastrophe that resulted in Atlantis's demise. The authors explain how the remaining Atlanteans, amid massive earthquakes and epic floods, evacuated and spread throughout the world, resulting in the birth of the first known civilizations. Including rare material from the archives of Charles Hapgood, Albert Einstein, and Dwight D. Eisenhower, the Flem-Aths explain how an earth crust displacement could happen again in the future, perhaps in correspondence with high solar activity. With new scientific, genetic, and linguistic evidence in support of Antarctica as the location of long-lost Atlantis, this updated edition convincingly shows that Atlantis was not swallowed by the sea but was entombed beneath miles of polar ice.

The Murder of Moses St. Martin's Paperbacks

Ever since Plato created the legend of the lost island of Atlantis, it has maintained a uniquely strong grip on the human imagination. For two and a half millennia, the story of the city and its catastrophic downfall has inspired people--from Francis Bacon to

Jules Verne to Jacques Cousteau--to speculate on the island's origins, nature, and location, and sometimes even to search for its physical remains. It has endured as a part of the mythology of many different cultures, yet there is no indisputable evidence, let alone proof, that Atlantis ever existed. What, then, accounts for its seemingly inexhaustible appeal? Richard Ellis plunges into this rich topic, investigating the roots of the legend and following its various manifestations into the present. He begins with the story's origins. Did it arise from a common prehistorical myth? Was it a historical remnant of a lost city of pre-Columbians or ancient Egyptians? Was Atlantis an extraterrestrial colony? Ellis sifts through the "scientific" evidence marshaled to "prove" these theories, and describes the mystical and spiritual significance that has accrued to them over the centuries. He goes on to explore the possibility that the fable of Atlantis was inspired by a conflation of the high culture of Minoan Crete with the destruction wrought on the Aegean world by the cataclysmic eruption, around 1500 b.c., of the volcanic island of Thera (or Santorini). A fascinating historical and archaeological detective story, *Imagining Atlantis* is a valuable addition to the literature on this essential aspect of our mythohistory.

Decipher Simon and Schuster

Aristotle wrote the story of Atlantis and we have been looking for Atlantis for many years. It may have been under the ice in the North Pole. Now that the ice is melting at the poles it may be the time to discover the real Atlantis. The earth may turn to renew itself but we are heading for a new world. The new millennium. This story was written as fiction but it is now possibly a prediction of tomorrow. The scientists say we have about ten years to reach the point of no return. With natural disasters and changing weather we may be approaching that time. I believe in reincarnation and hope to come back to a better world. At the Kennedy Space Center we have been looking for a planet that will support life as we know it. Planet Earth is the only one so far. Is it fiction or is it mind memory? Do you remember who you were back in time? I have met several people who have mind memory and knew who they were back in time. We create the same face and have the same handwriting, but this is another book.

Unearthing Atlantis: Simon and Schuster

From debut thriller author Greig Beck comes *Beneath the Ice*, a mix of the scientific and the supernatural ... When a plane crashes

into the Antarctic ice, exposing an enormous cave system, a rescue and research team is dispatched. Twenty-four hours later, all contact is lost. Captain Alex Hunter and his highly trained commandos, along with a team of scientists, are fast tracked to the hot zone to find out what went wrong. Meanwhile, the alluring petrobiologist Aimee Weir is sent to follow up on the detection of a vast underground reservoir. If the unidentified substance proves to be oil, every country in the world will want to know about it—even wage war over it. Or worse. Once suspended into the caves, Alex, Aimee, and the others can't locate a single survivor—or even a trace of their remains. Nor is there a energy source, only specters of the dead haunting the tunnels. But soon they will discover that something very much alive is brewing beneath the surface. It is a force that dates back to the very dawn of time—an ancient terror that hunts and kills to survive...

Atlantis Reborn Pollinger in Print

Illustrated history of Thera Islands of Greece, the Minoan civilization and the fabled land of Atlantis.

Atlantis Found (A Dirk Pitt Novel) Visible Ink Press

"In *Empire Beneath the Ice*, author Stephen Quayle reveals why most of what you learned about World War II and the defeat of Nazi Germany is wrong. You'll discover: Why the suppressed evidence proves Adolf Hitler didn't die before Germany surrendered during WWII, and how he eluded capture. How Nazi SS members, scientists, and soldiers escaped with Hitler to create colonies in other parts of the world to continue their monstrous research. Why in 1947 Admiral Richard E. Byrd warned that the US should adopt measures to protect against an invasion by hi-tech aircraft coming from the polar regions, adding, "The time has ended when we were able to take refuge in our isolation and rely on the certainty that the distances, the oceans, and the poles were a guarantee of safety." How, using advanced technology, Nazi saucers defeated the US military - long after WWII was supposedly over. Why the US space program was mostly a sham, and why the "UFOs" that started appearing around the world in the late 1940s were (and still are) most likely flown by Nazi pilots. How key government, manufacturing, pharmaceutical, financial leaders, and institutions helped Hitler come into power, and facilitated the preservation of Nazi wealth and power after WWII. Why today's world is secretly controlled by a malevolent shadow government and entire populations are being surreptitiously

brainwashed. How ancient stargates have been duplicated to open portals into spiritual and demonic universes. Why those controlling our planet have laid the groundwork for a takeover by a dictator who could best be described as the Antichrist of the Bible. *Empire Beneath the Ice* exposes the dangers our world faces, and will arm you with the tools you need to counter these unspeakable, secret evils." --Publisher description.

Forgotten Civilization Vintage

Documents how 12 people, as part of a top-secret U.S.

government program, traveled to the planet Serpo and lived there for 13 years • Based on the debriefing of the Serpo team and the diary of the expedition's commander • Explains how the aliens helped us reverse-engineer their antigravity spacecraft and develop technology to solve our planet-wide energy problems • Reveals how our government has an ongoing relationship with the Serpo aliens On July 16, 1965, a massive alien spacecraft from the Zeta Reticuli star system landed at the Nevada test site north of Las Vegas. Following a plan set in motion by President Kennedy in 1962, the alien visitors known as the Ebens welcomed 12 astronaut-trained military personnel aboard their craft for the 10-month journey to their home planet, Serpo, 39 light-years away. In November 2005, former and current members of the Defense Intelligence Agency--directed by Kennedy to organize the Serpo exchange program--came forward to reveal the operation, including details from the 3,000-page debriefing of the 7 members of the Serpo team who returned after 13 years on the planet. Working with the DIA originators of the Serpo project and the diary kept by the expedition's commanding officer, Len Kasten chronicles the complete journey of these cosmic pioneers, including their remarkable stories of life on an alien planet, superluminal space travel, and advanced knowledge of alien technologies. He reveals how the Ebens presented the U.S. with "The Yellow Book"--a complete history of the universe recorded holographically, allowing the reader to view actual scenes from pre-history to the present. He explains how the Ebens helped us reverse-engineer their antigravity spacecraft and develop technology to solve our planet-wide energy problems--knowledge still classified. Exposing the truth of human-alien interaction and interplanetary travel, Kasten reveals not only that the Ebens have returned to Earth eight times but also that our government continues to have an ongoing relationship with them--a

relationship with the potential to advance the human race into the future.
