QUINTIN COHEN

The Iliad: A Commentary: Volume 1, Books 1-4 EDHASA

This is the first volume of a projected six-volume Commentary on Homer's Iliad, under the General Editorship of professor G. S. Kirk. Professor Kirk himself is the editor of the present volume, which covers the first four Books of Iliad. It consists of four introductory chapters, dealing in particular with rhythm and formular techniques, followed by the detailed commentary which aims at helping serious readers by attempting to identify and deal with most of the difficulties which might stand in the way of a sensitive and informed response to the poem. The Catalogues in Book 2 receive especially full treatment. The book does not include a Greek text - important matters pertaining to the text are discussed in the commentary. It is hoped that the volume as a whole will lead scholars to a better understanding of the epic style as well as of many well-known thematic problems on a larger scale. This Commentary will be an essential reference work for all students of Greek literature. Archaeologists and historians will also find that it contains matters of relevance to them.

Tradition and Design in the Iliad Palala Press

This, the fourth volume in the six-volume Commentary on The Iliad being prepared under the General Editorship of Professor G. S. Kirk, covers Books 13-16, including the Battle for the Ships, the Deception of Zeus and the Death of Patroklos. Three introductory essays discuss the role of Homer's gods in his poetry; the origins and development of the epic diction; and the transmission of the text, from the bard's lips to our own manuscripts. It is now widely recognised that the first masterpiece of Western literature is an oral poem; Professor Janko's detailed commentary aims to show how this recognition can clarify many linguistic and textual problems, entailing a radical reassessment of the work of Homer's Alexandrian editors. The commentary also explores the poet's subtle creativity in adapting traditional materials, whether formulae, typical scenes, mythology or imagery, so as best to move, inspire and entertain his audience, ancient and modern alike. Discussion of the poem's literary qualities and structure is, where possible, kept separate from that of more technical matters.

THE HISTORY OF TROILUS AND CRESSIDA Palala Press

Pulitzer Prize-winning historian Barbara W. Tuchman, author of the World War I masterpiece *The Guns of August*, grapples with her boldest subject: the pervasive presence, through the ages, of failure, mismanagement, and delusion in government. Drawing on a comprehensive array of examples, from Montezuma's senseless surrender of his empire in 1520 to Japan's attack on Pearl Harbor, Barbara W. Tuchman defines folly as the pursuit by government of policies contrary to their own interests, despite the availability of feasible alternatives. In brilliant detail, Tuchman illuminates four decisive turning points in history that illustrate the very heights of folly: the Trojan War, the breakup of the Holy See provoked by the Renaissance popes, the loss of the American colonies by Britain's George III, and the United States' own persistent mistakes in Vietnam. Throughout *The March of Folly*, Tuchman's incomparable talent for animating the people, places, and events of history is on spectacular display. Praise for *The March of Folly* "A glittering narrative . . . a moral [book] on the crimes and follies of governments and the misfortunes the governed suffer in consequence."—*The New York Times Book Review* "An admirable survey . . . I haven't read a more relevant book in years."—John Kenneth Galbraith, *The Boston Sunday Globe* "A superb chronicle . . . a masterly examination."—*Chicago Sun-Times*
The Iliad of Homer University of Pennsylvania Press

EDICIÓN REVISADA Punto de partida de la *Iliada* de Homero; la guerra de Troya es; sin duda; uno de los conflictos bélicos más importantes y reconocidos de la Historia; una de las piedras angulares de la cultura occidental. Allí se enfrentaron una coalición de ejércitos aqueos contra la ciudad de Troya (Ilión). Y; según el mito clásico; se trató de una expedición de castigo de los aqueos; cuyo casus belli sería el rapto de la bella Helena de Esparta por el príncipe troyano Paris... Estos hechos; bien conocidos por el imaginario popular hasta hoy día; era considerado como cierto por los antiguos griegos. Sin embargo; si bien Homero partió de acontecimientos reales; periódicamente resurge la polémica; porque ¿cuánto hay de cierto en el relato del aedo?; y ¿de dónde surge la idea de un caballo invasor

o la del famoso talón de Aquiles? En definitiva; ¿qué hay de Historia y cuánto de leyenda en la mítica guerra de Troya? Su profundo conocimiento de la cultura grecolatina y de la Edad de Bronce en todo el Mediterráneo occidental permiten a Barry Strauss situar la *Iliada* en su contexto y; de paso; desplegar sus deslumbrante y minuciosa prosa sobre el entorno político; militar y social de una de las batallas más legendarias de todos los tiempos. Y lo hace con su habitual pericia narrativa e inusual capacidad de hacer revivir al lector el episodio histórico como si acaeciera ante sus ojos. Estamos ante una obra maestra sobre uno de los temas principales de la historia de la Antigüedad clásica; imprescindible para cualquier aficionado a la Historia; escrita por uno de los grandes especialistas mundiales del período.

Euripides, 4 Cambridge University Press This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1904 edition. Excerpt: ...and 8p6povs KaWtftadiovs & eivoy Karh nbvrov.' Accurate rhythmical recitation of choral odes, so far from being inconsistent with due expressiveness, helps to reveal the effective harmony between sense and form. A fluent and distinct enunciation is needed, and careful practice, until the rhythm takes care of itself, or becomes only a sub-consciousness, while the mind of the reader dwells upon the thought, the imagery, and the feeling. in.: L _ iui _ s L _ li v i _ w _ aii--w w ll--w w l--w w l--w w l _ A ll l. 4.4.4. 4. 4. ll. 44.44. III. 44. 44. 4. The responsion is imperfect in Zv8a Tss iajoKT6vov, v. 1113. The sentiment is still present that found utterance at the close of the first stasimon, the captives' regret and vain imaginings. The rhythm of the two odes is very similar. The movement here is quite uniform. Both the uniformity and the lack of anacrusis in the first period of strophe 1 add to the plaintive singing effect. There is some recovery from this steadfast plaint at the close of strophe 2, where the uninterrupted flow of cyclic dactyls is to be noted in the last verse but one. Observe the resemblance in sound between ZXtyov and hrarov, /hoxttcus and Xoyxms, which occupy corresponding positions in strophe and antistrophe 1. The recurrence of the same strain of music and the same dance-figure enforces such verbal correspondences, which occur frequently and cannot be regarded as accidental. ': -w j-w w _ A ll: _ w i i _ l _ w _ wl _ i _ a l. 4. 33. ll. 3.44. 3.3. 44.3. III. 5.5. 5. 4. IV. 44. 44. V. 3.4.3.3.4. 6. In

subject the third stasimon stands quite by itself. It is a chapter in sacred history, and the one long strophe has a certain tranquillity of rhythm, with a single pointed departure therefrom in the fourth...

The Aeneid of Virgil, Books 1-4

Cambridge University Press

"Here Euripides stands, in vigorous English versions that fully do him justice. The most modern of the Greek tragedians has found a compelling modern form."--Robert Fagles

Homer's Odyssey Cambridge University Press

"Retells the story of the fall of Troy ... from the point of view of the woman whose visionary powers earned her contempt and scorn. Written as a result of the author's Greek travels and studies, Cassandra speaks to us in a pressing monologue whose inner focal points are patriarchy and war. In the four accompanying pieces, which take the form of travel reports, journal entries, and a letter, Wolf describes the novel's genesis."--Cover p. [4].

The Iliad of Homer, Volume 4 Editorial Edebé Chile

El estoico Diodoro cree que el devenir histórico de la humanidad responde a un proyecto global y preconcebido de la divinidad. Esta visión de la Historia caló en el cristianismo y ha sido la predominante durante siglos en Occidente. El prestigio de Diodoro fue grande en la Antigüedad, en Bizancio, en el Renacimiento y durante todo el siglo XVIII. Y si bien algunos críticos del siglo XIX se mostraron muy severos con él, la crítica moderna reivindica el valor y la originalidad de la Biblioteca histórica. Los libros IV-VI están dedicados a Grecia y Europa, y cierran la parte de la Biblioteca que narra la historia por regiones geográficas. La siguiente gran sección (del libro VII al XVII) relata la historia mundial desde la guerra de Troya hasta la muerte de Alejandro Magno.

Lingua Latina - Vergil Wentworth Press

A modern retelling of books three and four of Homer's "Iliad" features Helen of Troy and her husbands Menelaus and Paris in a contemporary English poem
