MAXWELL CHRIS

Mrs Harris MP Steerforth
A propulsive and ambitious novel as electrifying as *The Wire*, from a writer hailed as the West Coast's Richard Price—a mesmerizing epic of crime and opportunity, race, revenge, and loyalty, set in the chaotic streets of South Central L.A. in the wake of one of the most notorious and incendiary trials of the 1990s At 3:15 p.m. on April 29, 1992, a jury acquitted three white Los Angeles Police Department officers charged with using excessive force to subdue

a black man named Rodney King, and failed to reach a verdict on the same charges involving a fourth officer. Less than two hours later, the city exploded in violence that lasted six days. In nearly 121 hours, fifty-three lives were lost. But there were even more deaths unaccounted for: violence that occurred outside of active rioting sites by those who used the chaos to viciously settle old scores. A gritty and cinematic work of fiction, *All Involved* vividly re-creates this turbulent and terrifying time, set in a sliver of Los Angeles largely ignored by the media during the riots. Ryan Gattis tells seventeen interconnected

first-person narratives that paint a portrait of modern America itself—laying bare our history, our prejudices, and our complexities. With characters that capture the voices of gang members, firefighters, graffiti kids, and nurses caught up in these extraordinary circumstances, *All Involved* is a literary tour de force that catapults this edgy writer into the ranks of such legendary talents as Dennis Lehane and George V. Higgins. [The Quaker](#)

Winter has come to Route 117, a remote road through the high desert of Utah trafficked only by eccentrics, fugitives, and

those looking to escape the world. Local truck driver Ben Jones, still in mourning over a heartbreaking loss, finds a mute Hispanic child who has been abandoned at a seedy truck stop along his route, far from civilization and bearing a note that simply reads "Please Ben. Watch my son. His name is Juan." At the bottom: "Bad Trouble. Tell no one." Ben takes the child with him in his truck and sets out into an environment that is as dangerous as it is beautiful and silent.

"Gripping, meticulously researched, and smartly plotted, I devoured this brilliant novel over the course of a weekend."

—Paula Hawkins, author of *Into the Water*

"Fascinating, moving, and so very, very real. It grabbed me by the heart and mind from page one and never let me go."

—Marcia Clark, author of *The Final Judgment* An electrifying, multi-voiced thriller tackling our criminal justice system, from the writer Michael Connelly has called "one of our most gifted novelists." On December 6, 1993, a drug dealer called Scrappy is shot and left for dead on the lawn

outside her mother's house in South Central Los Angeles. Augie, a heroin addict, witnesses the whole thing—before he steals all the drugs on her person, as well as the gun that was dropped at the scene. When Augie gets busted, he names local gang members Wizard and Dreamer the shooters. But only one of them is guilty. A search of Wizard and Dreamer's premises uncovers the gun that was used in the shooting, and a warrant goes out for their arrest. They know it's a frame-up, but the word from the gang is to keep their mouths shut and face the charges. With these two off the streets and headed for jail, Dreamer's friend Little, the unlikeliest of new gang members, is given one job: discover how the gun got moved, and why. Played out in the streets, precincts, jails, and courtrooms of Los Angeles, Ryan Gattis's *The System* is the harrowing story of a crime—from moments before the bullets are fired, to the verdict and its violent aftershocks—told through the vivid chorus of those involved, guilty, the innocent, and everyone in between.

Book one in a mystery series featuring a queer, nameless amateur detective is ambisexual Kinsey Millhone meets Canadian Lisbeth Salander Rescued from torpor and poverty by the need to help a good friend deal with the murder of her beloved

granddaughter, our downsized-social-worker protagonist and her cat, Bunnywit, are jolted into a harsh, street-wise world of sex, lies, and betrayal, to which they respond with irony, wit, intelligence (except for the cat), and tenacity. With judicious use of the Oxford comma, pop culture trivia, common mystery tropes, and a keen eye for deceit, our protagonist swaggers through the mean streets of — yes, a Canadian city! — and discovers that what seems at first to be just a grotty little street killing is actually the surface of a grandiose and glittering set of criminal schemes.

This is the third volume in the Oratory of Classical Greece series. Planned for publication over several years, the series will present all of the surviving speeches from the late fifth and fourth centuries B.C. in new translations prepared by classical scholars who are at the forefront of the discipline. These translations are especially designed for the needs and interests of today's undergraduates, Greekless scholars in other disciplines, and the

general public. Classical oratory is an invaluable resource for the study of ancient Greek life and culture. The speeches offer evidence on Greek moral views, social and economic conditions, political and social ideology, and other aspects of Athenian culture that have been largely ignored: women and family life, slavery, and religion, to name just a few. This volume contains the three surviving speeches of Aeschines (390-? B.C.). His speeches all revolve around political developments in Athens during the second half of the fourth century B.C. and reflect the internal political rivalries in an Athens overshadowed by the growing power of Macedonia in the north. The first speech was delivered when Aeschines successfully prosecuted Timarchus, a political opponent, for having allegedly prostituted himself as a young man. The other two speeches were delivered in the context of Aeschines' long-running political feud with Demosthenes. As a group, the speeches provide important information on Athenian law and politics, Demosthenes and his

career, sexuality and social history, and the historical rivalry between Athens and Macedonia.

A small gem of a novel

with big ideas – ‘A small miracle’, Nick Cave Lucian Wing is an experienced, practical man who enforces the law in his corner of Vermont with a steady hand and a generous tolerance. But when local tearaway Sean ‘Superboy’ Duke starts to get tangled up with a group of major league Russian criminals, things start to go awry in the sheriff’s small, protected domain. With an ambitious and aggressive deputy snapping at his heels and a domestic crisis of his own to confront, Wing must call on all the personal resources he has cultivated during his working life: patience, tact, and – especially – humour. Can Wing’s low-key approach to law enforcement prevail? Praise for Castle Freeman's novels: ‘A small miracle – sharp, sly, moving and full of heart.’ Nick Cave ‘Part comic romp and part nail-biting thriller ... Castle Freeman writes with both wit and a deep understanding of the human psyche, and he does not cheat us out of a dramatic climax.’ Guardian ‘Shares many small-town, big-crime themes with Cormac McCarthy... it is impossible not to

appreciate this.’ The Times ‘Wonderful... every paragraph a gem. Freeman – like Cormac McCarthy, like Annie Proulx – shows us the awkward realness of lives, and does it with humour, with wry perception, with great style.’ R. J. Ellory ‘Extremely funny... streamlined storytelling, dead-on dialogue and lyrical descriptions of the bleak, woody landscape. This is a meticulous New England miniature, with not a word wasted.’ Oprah Magazine ‘A fast, memorable read gooey with atmosphere ... a gem that sparkles with sly insight and cuts like a knife.’ Boston Globe ‘Freeman has a flawless ear for dialogue and a sharp eye for quirky detail ... Superb.’ People Magazine ‘A brilliant book – laconic, spare, stylish and exciting.’ Al Alvarez ‘A small masterpiece of black comedy and suspense ... If all novels were this good, Americans would read more.’ Kirkus Reviews *Gods of Howl Mountain* Profile Books The Vermont hill country is the stark, vivid setting for this gripping and entertaining story of bold determination. The local villain, Blackway, is making life hellish for

Lillian, a young woman from parts elsewhere. Her boyfriend has fled the state in fear, and local law enforcement can do nothing to protect her. She resolves, however, to stand her ground, and to fight back. A pair of unlikely allies – Lester, a crafty old-timer, and Nate, a powerful but naive youth – join her cause, understanding that there is no point in taking up the challenge unless you’re willing to “go through.” In this modern-day drama, a kind of Greek chorus – wry, witty, digressive; obsessively, amusingly reminiscent; skeptical, opinionated, and not always entirely sober – enriches the telling of this unforgettable tale as the reader follows the threesome’s progress on their dangerous, suspenseful quest. Water Safe! Water Smart! Motorbooks Brecht projects an ancient Chinese story onto a realistic setting in Soviet Georgia. In a theme that echoes the Judgment of Solomon, two women argue over the possession of a child. Thanks to the unruly judge, Azdak (one of Brecht's most vivid creations) natural justice is done and the peasant Grusha keeps the child

she loves, even though she is not its mother. Written while Brecht was in exile in the United States during the Second World War, *The Caucasian Chalk Circle* is a politically charged, much-revived and complex example of Brecht's epic theatre. This new Student Edition contains introductory commentary and notes by Kristopher Imbriggota from the University of Puget Sound, US, offering a much-needed contemporary perspective on the play. The introduction covers: - narrative structure: play about a play within a play ("circle") - songs and music - justice and social systems - context: Brecht, exile, WWII, socialism - notions of collective and class - fable and story adaptation, folk fairy tale *An Event in Autumn* Vintage Canada "J.M.W. Turner (1775-1851) is widely regarded as the greatest painter Britain has ever produced. Despite the many books and exhibitions that have been devoted to him, there is one aspect of his extraordinary oeuvre that has never been thoroughly examined. Uniquely in the history of European art, he took on all comers, past and

present, that he considered worthy of a challenge, creating his own images in their styles. These works were both acts of homage and a sophisticated form of art criticism, demonstrating his understanding of great art and his ability to equal or better the most celebrated exponents of the landscape tradition. No artist, however revered, was considered beyond challenge. This unique habit is clearly a key to understanding Turner's art, yet the issue is one that has so far never been thoroughly addressed on Turner and on British art of the 18th and 19th centuries. In "Turner and the Masters" leading authorities explore this fascinating aspect of his career, revealing new detail on the debts and rivalries that shaped his work in often unexpected ways. Accompanying a major touring exhibition that brings together works by Turner with masterpieces by Claude, Canaletto, Ruisdael, Van de Velde, Poussin, Rubens and Rembrandt, as well as by Turner's contemporaries including Constable and Bonnington, this book firmly positions Turner in the company of the greatest painters of all

time. The contributors include Guillaume Faroult, Sarah Monks, Martin Myrone, Kathleen Nicholson, Philippa Simpson and Ian Warrell." --Book Jacket.

The 20 original designs in this book are based around tiny mechanical creatures, crobots, each with his or her own qualities and abilities: from Babybot, who is just growing into his silver suit; to Geisha, with her downcast gaze, blushing pink cheeks, and efficient demeanor; and Dogbot, the crobots' best friend, who sports a natty white face mask and a jauntily upright tail. With the attitude of creatures 10 times their size, these little dolls are only 3 or 4 inches high, and are finished with a host of details, from switches and dials to improbably long eyelashes. Easy enough to be made by a crochet novice, charming enough for you to want to

complete the whole robotic menagerie, and curiously addictive both to make and to play with, crobots are bound to start plenty of crazes of their own.
