Seneca's dialogues--as his epistolary essays have traditionally been known--offer an ideal path into the philosophical thought of first-century Rome's most famous Stoic, whose compelled suicide in 65 CE (by order of his former pupil Emperor Nero) drew comparisons to the death of Socrates. Notable for, among other things, their portrait of a providential universe and defense of the life of virtue, the nine dialogues included in this volume illustrate the deeply intertwined cosmological and moral arguments of ancient Rome's chief philosophical alternative to Epicureanism and Academic Skepticism. Peter J. Anderson's new translation conveys the distinctive character of Seneca's style, while striving for accuracy and consistency in its renderings of key terms. His Introduction discusses the dialogues as works of art and situates them in the context of ancient Stoic philosophy as well as the

wider philosophical scene. Notes and a glossary are also included.

Principles of Human Knowledge and Three Dialogues Between Hylas and Philonous Penguin UK

Stoic philosopher and tutor to the young emperor Nero, Seneca wrote moral essays - exercises in practical philosophy - on how to live in a troubled world. Strikingly applicable today, his thoughts on happiness and other subjects are here combined in a clear, modern translation with an introduction on Seneca's life and philosophy.

Dialogues and Essays Penguin UK

Included in this volume are the dialogues *On the Shortness of Life* and *On Tranquility of Mind*, which are eloquent classic statements of Stoic ideals of fortitude and self-reliance. This selection also features extracts from *Natural Questions*, Seneca's exploration of such phenomena as the cataracts of the Nile and earthquakes, and the *Consolation of Helvia*, in which he tenderly tries to soothe his mother's pain at their separation. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Conversations of Socrates Penguin UK

Living in Rome under Caligula and later a tutor to Nero, Seneca witnessed the extremes of human behaviour. His shocking and bloodthirsty plays not only reflect a brutal period of history but also show how guilt, sorrow, anger and desire lead individuals to violence. The hero of *Hercules Insane* saves his own family from slaughter, only to commit further atrocities when he goes mad. The horrifying death of Astyanax is recounted in *Trojan Women*, and *Phaedra* deals with forbidden love. In *Oedipus* a nervous man discovers himself, while *Thyestes* recounts the bitter family

struggle for a crown. Of uncertain authorship, *Octavia* dramatizes Nero's divorce from his wife and her deportation. The only Latin tragedies to have survived complete, these plays are masterpieces of vibrant, muscular language and psychological insight.

Timaeus and Critias is a Socratic dialogue in two parts. A response to an account of an ideal state told by Socrates, it begins with *Timaeus's* theoretical exposition of the cosmos and his story describing the creation of the universe, from its very beginning to the coming of man. *Timaeus* introduces the idea of a creator God and speculates on the structure and composition of the physical world. *Critias*, the second part of Plato's dialogue, comprises an account of the rise and fall of Atlantis, an ancient, mighty and prosperous empire ruled by the descendents of Poseidon, which ultimately sank into the sea.

"From the Bible through Dante and up to Treblinka and Guantánamo Bay, here is a rich source for nightmares." --The New York Times Book Review
Three thousand years of visions of Hell, from the ancient Near East to modern America From the Hebrew Bible's shadowy realm of Sheol to twenty-first-century visions of Hell on earth, *The Penguin Book of Hell* takes us through three thousand years of eternal damnation. Along the way, you'll take a ferry ride with Aeneas to Hades, across the river Acheron; meet the Devil as imagined by a twelfth-century Irish monk--a monster with a thousand giant hands; wander the nine circles of Hell in Dante's *Inferno*, in which gluttons, liars, heretics, murderers, and hypocrites are made to endure crime-

appropriate torture; and witness the debates that raged in Victorian England when new scientific advances cast doubt on the idea of an eternal hereafter. Drawing upon religious poetry, epics, theological treatises, stories of miracles, and accounts of saints' lives, this fascinating volume of hellscapes illuminates how Hell has long haunted us, in both life and death.

The Discourses of Epictetus Penguin

Set in the idyllic countryside outside Athens, the *Phaedrus* is a dialogue between the philosopher Socrates and his friend Phaedrus, inspired by their reading of a clumsy speech by the writer Lysias on the nature of love. Their conversation develops into a wide-ranging discussion on such subjects as the pursuit of beauty, the immortality of the soul and the attainment of truth, and ends with an in-depth consideration of the principles of rhetoric. Probably a work of Plato's maturity, the *Phaedrus* represents a high point in his achievement as a writer. This volume also contains two of his letters, which discuss his involvement in politics, in particular his role as adviser to Dionysius II of Syracuse, which are crucial documents for our understanding of Plato's life and career.

Stoic Philosophy of Seneca Essays and Letters Penguin UK
Galileo's *Dialogue Concerning the Two Chief World Systems*, published in Florence in 1632, was the most proximate cause of his being brought to trial before the Inquisition. Using the dialogue form, a genre common in classical philosophical works, Galileo masterfully demonstrates the truth of the Copernican system over the Ptolemaic one, proving, for the first time, that the earth revolves around the sun. Its influence is incalculable. The *Dialogue* is not only one of the most important scientific

treatises ever written, but a work of supreme clarity and accessibility, remaining as readable now as when it was first published. This edition uses the definitive text established by the University of California Press, in Stillman Drake's translation, and includes a Foreword by Albert Einstein and a new Introduction by J. L. Heilbron.

This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1920 edition. Excerpt: ...hoc bonis 31 malisque conveniet. Erunt qui voluptates laudent, erunt qui labores malint; erunt qui dolorem maximum malum dicant, erunt qui ne malum quidem appellent; divitias aliquis ad summum bonum admittet, alius illas dicet malo vitae humanae repertas, nihil esse eo locupletius, cui quod donet fortuna non invenit. In tanta iudiciorum diversitate referendam bene merentibus gratiam omnes tibi uno, quod aiunt, ore adfirmabunt. In hoc tam discors turba consentiet; cum interim iniurias pro beneficiis reddimus, et prima causa est, cur quis ingratus sit, si satis 32 gratus esse non potuit. Eo perductus est furor, ut periculosissima res sit beneficia in aliquem magna conferre; nam quia putat turpe non reddere, non vult esse, cui reddat. Tibi habe, quod accepisti; we should take counsel regarding them, not with their reputation but with their nature; those things possess no grandeur wherewith to enthral our minds, except the fact that we have become accustomed to marvel at them. For they are not praised because they ought to be desired, but they are desired because they have been praised; and when the error of individuals has once created

error on the part of the public, then the public error goes on creating error on the part of individuals. But just as we take on faith such estimates of values, so let us take on the faith of the people this truth, that nothing is more honourable than a grateful heart. This phrase will be echoed by all cities, and by all races, even those from savage countries. Upon this point good and bad will agree. Some praise pleasure, some prefer toil; some say that pain is the greatest of evils, some say it is no evil at all; some will include riches in the Supreme Good, others will say that their discovery meant harm to...

Ad Lucilium Epistulae Morales Penguin UK

This new edition offers fascinating insights into one of the most celebrated love affairs of the Middle Ages. A new chapter charts the debate about the letters and offers fresh evidence to attribute them to Abelard and Heloise. The complete Latin text is reproduced with an annotated translation by Chiavaroli and Mews.

Timaeus and Critias Penguin UK

A Greek-educated Syrian, Lucian wrote witty pieces that demonstrate a profound skepticism for religion and philosophy and encourage honest living and good sense. "Chattering Courtesans" is a series of short dialogues in which the amusing gossip of "kept women" gives rise to a discussion of more serious subjects such as love, sex, and marriage. Other comic dialogues in this volume show Lucian making fun of fanaticism and mocking pretension, hypocrisy, and the vanity of human wealth and power, while in "Diatribes" he targets a range of subjects, from scandal and money to death, in order to demonstrate the follies of contemporary life. Also included here is Lucian's most famous

work, True Histories, which inspired imaginary voyages, from More's Utopia to Swift's Gulliver's Travels.

Rich in drama and humour, they include the controversial Ion, a debate on poetic inspiration; Laches, in which Socrates seeks to define bravery; and Euthydemus, which considers the relationship between philosophy and politics. Together, these dialogues provide a definitive portrait of the real Socrates and raise issues still keenly debated by philosophers, forming an incisive overview of Plato's philosophy.

Phaedrus ; And, The Seventh and Eighth Letters ePenguin

After the execution of Socrates in 399 BC, a number of his followers wrote dialogues featuring him as the protagonist and, in so doing, transformed the great philosopher into a legendary figure. Xenophon's portrait is the only one other than Plato's to survive, and while it offers a very personal interpretation of Socratic thought, it also reveals much about the man and his philosophical views. In 'Socrates' Defence' Xenophon defends his mentor against charges of arrogance made at his trial, while the 'Memoirs of Socrates' also starts with an impassioned plea for the rehabilitation of a wronged reputation. Along with 'The Estate-Manager', a practical economic treatise, and 'The Dinner-Party', a sparkling exploration of love, Xenophon's dialogues offer fascinating insights into the Socratic world and into the intellectual atmosphere and daily life of ancient Greece.

Early Socratic Dialogues Penguin Classics

The figure of Sejanus has fascinated from ancient to more modern times. Sejanus, the emperor Tiberius' infamous Praetorian Prefect, is synonymous with overreaching ambition,

murder, conspiracy and betrayal. According to the traditional storyline, this man craved the imperial throne for himself and sought it by isolating the naive emperor in his island pleasure palace on Capri whilst using his control over the Praetorian Guard, coupled with his immense power and influence in Rome, to purge the capital of potential opponents. His victims supposedly included the emperor's son, Drusus, poisoned by his own wife who had been seduced by Sejanus. The emperor, forewarned of Sejanus' ambition, struck first. The Prefect was arrested in the Senate, strangled and his corpse cast down the Gemonian Stairs. Study of Sejanus has generally been overshadowed by focus on Tiberius. John McHugh makes a fresh appraisal of the sources to offer the first full-length study in English to focus on this highly influential figure and his development of the Praetorian Prefecture.

The Daily Stoic Penguin UK

Contains The Discourses/Fragments/Enchiridion 'I must die. But must I die bawling?' Epictetus, a Greek Stoic and freed slave, ran a thriving philosophy school in Nicopolis in the early second century AD. His animated discussions were celebrated for their rhetorical wizardry and were written down by Arrian, his most famous pupil. The Discourses argue that happiness lies in learning to perceive exactly what is in our power to change and what is not, and in embracing our fate to live in harmony with god and nature. In this personal, practical guide to the ethics of Stoicism and moral self-improvement, Epictetus tackles questions of freedom and imprisonment, illness and fear, family, friendship and love. Translated and Edited with an Introduction by Robert Dobbin
