Les mantras sont des paroles sacrées, chargées de pouvoir, qui appartiennent aux traditions indienne et tibétaine. Ils peuvent soigner, protéger, faire tomber la pluie ou allumer un feu mais aussi conduire à la libération spirituelle. Ce petit ouvrage expose la doctrine des mantras telle qu'elle existe en Inde et au Tibet. Il présente tout d'abord les fondements théoriques. Mais surtout, il explique de manière vivante la voie qui utilise les mantras pour mener à l'illumination spirituelle. Il montre le rôle du guru, celui de l'initiation et les différentes pratiques de méditation liées aux mantras. Il décrit avec précision les étapes, les pièges et les illusions qui doivent être dépassés.

Becoming Vaishnava in an Ideal Vedic City centers on a growing multinational community of ISKCON (International Society for Krishna Consciousness) devotees in Mayapur, West Bengal. While ISKCON's history is often presented in terms of an Indian guru 'transplanting' Indian spirituality to the West, this book focusses on the efforts to bring ISKCON back to India. Paying particular attention to devotees' failure to consistently live up to ISKCON's ideals, and the ongoing struggle to realize the utopian vision of an 'ideal Vedic city', this book argues that beyond a focus on virtue, the anthropology of ethics must account for how moral systems accommodate the problem of moral failure.

What you are about to learn right now is rather obscure. In fact, there is only one other book written on this particular topic. It's a hidden side of an otherwise popular spiritual practice. What you will learn is the Dark Mantras of Subjugation called Vashikaran. I call them dark because they are meant to "subjugate" or "command" people and events to your will. Often mantras are associated with pure and spiritual practices. We use mantras to achieve altered states of consciousness, We use them to attract divine blessings. Seldom do we hear about people using mantras to control another person or persons. That kind of thing was relegated to black magick and witchcraft here in the west. But is it truly black magic? Is there actually such a thing as white and black magick in the eastern traditions? Or perhaps we, in the west interpret these things in stark black and white terms? In this book, we will discuss the Vashikaran Mantras and their dark powers

Authored in a pedagogic manner basically for the western students the book proves to be a treasure of the knowledge related to the Mantras, Yantras and gems. The miracles made by these sciences embrace the mind in a fashion to discover physical linings of the metaphysics, in certain terms. This book has more to say.

This book is the crowning achievement of the remarkable scholar D. Dennis Hudson, bringing together the results of a lifetime of interdisciplinary study of south Indian Hinduism. The book is a finely detailed examination of a virtually unstudied Tamil Hindu

temple, the Vaikuntha Perumal (ca. 770 C.E.). Hudson offers a sustained reading of the temple as a coherent, organized, minutely conceptualized mandala. Its iconography and structure can be understood in the light of a ten-stanza poem by the Alvar poet Tirumangai, and of the Bhagavata Purana and other major religious texts, even as it in turn illuminates the meanings of those texts. Hudson takes the reader step by step on a tour of the temple, telling the stories suggested by each of the 56 sculpted panels and showing how their relationship to one another brings out layers of meaning. He correlates the stories with stages in the spiritual growth of the king through the complex rituals that formed a crucial dimension of the religion. The result is a tapestry of interpretation that brings to life the richness of spiritual understanding embodied in the temple. Hudson's underlying assumption is that the temple itself constitutes a summa theologica for the Pancharatra doctrines in the Bhagavata tradition centered on Krishna as it had developed through the eighth century. This tradition was already ancient and had spread widely across South Asia and into Southeast Asia. By interweaving history with artistic, liturgical, and textual interpretation, Hudson makes a remarkable contribution to our understanding of an Indian religious and cultural tradition.

"Sri Vidya begins where the current understanding of quantum physics ends," say modern-day scholars about this little-known, highly esoteric spiritual tradition that has been carefully kept under wraps by its secretive and serious practitioners. The study of Sri Vidya is fascinating as much as it is frustrating because information about its various aspects is exceptionally hard to find. Tantra, Mantra and Yantra of Sri Vidya is an endeavor to explore the Sri Vidya tradition and understand it as the unfolding of Shakti, the inherent power which lies at the core of our being and holds the key to our worldly and spiritual success. Sri Vidya practice comprises tantra (a technique or framework for worship) whose two main elements are mantra (sacred sound) and yantra (sacred geometry). Tantra can be described in simple terms as the utilization of the mental faculty to pursue the objectives of worship using mantra and yantra. Mantra is the use of sound energy to bring about oneness with the Divine while yantra is a geometric drawing that serves as a tool to reach the Divine. The book delves into concepts such as Sankhya, Yoga, Karma and Kundalini in order to establish the context of how Sri Vidya is to be approached, combining elements of knowledge, devotion and ritual. The author has kept in mind the sensibilities of the modern spiritual seeker and their needs and interests, presenting the information in a non-dogmatic and practical manner, thereby

allowing everyone an opportunity to learn and experience the benefits of Sri Vidya. This is the third book by the author in the Spirituality Series. The first book was about the Sri Chakra Yantra and the second book had Chakras as its subject.

I am very happy to know that you guys liked my mantra books translated into English and in other languages, which I received from my mentor or Guru. I hope that this book will prove very useful not only for the Hindus but for all the people of the world who believe in "Sanatana Dharma" and follow it. If you are one of them who closely know the "Sanatana Dharma", then you must also know that it is a Science, not a superstition. All books of the "Sanatana Dharma" or the "Hindu Dharma" are based on Esoteric Science, which common man can't understand easily. You have to follow the instructions of your mentors or Gurus from whom

you are getting Initiation or "Diksha". In this book, I have included the mantras and the ancient text or conversation between Shiva and Parvati, which I received from my Mentors or Gurus. I have presented some very useful mantras for the welfare of the public and the whole world through this book. In the series " The Mantras", I have presented three books earlier which is very helpful for the beginners who wish to take the first step in the world of Tantra. In those book you will learn meditation and concentration. You will also know some facts of tantra-mantra. Meditation is most important thing in the Tantra, without which you can not understand the Tantra. Meditation will open the path of the world of Tantra. Meditation is also divided in many forms and of many types. It will improve your focus and concentration which is very necessary during exercitation (Sadhana). The most recommended book for the meditation is "Vigyan Bhairava Tantra". In my another book, "Shiv Swarodaya - A divine Law of breathing" you will learn about the Tantra-Mantra and its application. In my another book "The Basic Mantras" you will learn and know some mantras which will improve your knowledge and faith in the Tantra. It will also provide you supernatural powers, that will help you to get Siddhis of another mantras. It will also remove all negativity not only from your life but also from your concious and sub-concious mind. All these books will help you to learn and get Siddhis of the mantras which is discussed in this book. All the process to get Siddhis, or to prove, or to initiate the mantra's powers or energies are discussed with the mantras. In Part-1, I presented the conversation of Lord Shiva (as Lord Bhairava) and Goddess Parvati (as Goddess Bhairavi). During the conversation some mantra and secret of mantras are

also revealed by the Bhairava. This is very important part of the book. You can consider this part as a Esoteric Science. In the Part-2, the process, application and mantras are discussed in detail. In this part, you will learn about the perfect time, the particular date (Tithis), the process, the auspicious or unauspicious days, etc. which are the most important part of the Tantra-Mantra to be successful. Many useful mantras are given in this books which is very useful in your daily life. The mantras of subduing or subjugation (Vashikaran), attraction or charm (Aakarshan), good luck, protection, etc. are given. I hope these mantras will help you to make your life successful and reduces your problems. These mantras will make your work easy and accurate. But never use these mantras with wrong intention, because that will harm you. You must use these mantras for the welfare of the society, so that you and the society will develop and promote humanity. Never use these mantras to make someone bad or to make someone's life worst. This act will take you in hell. So, again I request all the practitioner or the Sadhaka to use these mantras only for the betterment of the society. Never harm anyone. If you are the one who buy this book for the welfare for the humanity and spread happiness in the world. I appreciate and love you from the core of my heart. And also I feel proud to be a medium for such a great work.

If you have read my other books you know that I recommend the use of mantras as a vehicle for magick. They are very powerful and often times easy to recite. In my other books that deal with mantras I provide a bonus chapter on something called "Siddhi." I have been asked several times to go into greater depth about this and so I have decided to write this text. By attaining Siddhi, while using a mantra, you are literally embodying the power of that mantra. You will have the mantras power. For example, if you are looking to attract material abundance, the seed mantra for that is SHREEM. If you recite SHREEM 10,000 times, you will attain the essence of that Supernatural power. You will be able to recite SHREEM and attain your material goals easily. You will be a magnet as it were. You will attain supernatural powers. In this book, we will discuss, in greater depth, what Siddhi is. After that, I will present a few powerful mantras and provide you the exact number of recitations you will need to attain Siddhi. Not all mantras have the same recitation count. I will also provide

helpful tips on how to keep track of your recitations and most importantly, we will discuss the immense responsibility given you

once you achieve Siddhi. Do Not take this lightly, once you achieve Siddhi for any given mantra, you will possess that power. USE IT WISELY.
