Here's how to open your own genealogy, family history journalism, or personal history business. This includes a genealogy course template and instruction on how to start and operate a home-based business working with personal and oral histories, genealogy, family history, and life story writing. You also learn how to interview people, what questions to ask, and how to put together a business and/or a course or book on any aspect of genealogy around the world, journalism, writing, personal history, and life story writing. Start your own course using the genealogy course template to inspire you to develop your own specialties and niche areas. Work with almost any ethnic group, and create businesses ranging from DNA-driven genealogy reporting services to family history, memoirs writing, or personal history videography services. Use social history to find information such as female ancestors' maiden names that had not been recorded using hidden and niche areas of information, including ethnic, religious, and institutional sources such as widows' military pension applications. Develop genealogy and personal history classes anywhere. You'll make history. To start, first you need to create a course syllabus-either to teach beginners genealogy or to train professionals in other fields to use personal history techniques to find hidden information, or organize information for the reports you generate for your clients or family. You'll learn how to write social history by using genealogy journalism resources, find hidden records, and market your own course or write your book or report in many different areas of personal history and genealogy journalism. Make family tree charts. Start your own business, club, franchise, or course.

Once a vibrant part of religious life for many Pennsylvania Germans in the eighteenth and nineteenth centuries, Fraktur manuscripts today are primarily studied for their decorative qualities. The Word in the Wilderness takes a different view, probing these documents for what they tell us about the lived religious experiences of the Protestant communities that made and used them and opening avenues for reinterpretation of this well-known, if little understood, set of cultural artifacts. The resplendent illuminated religious manuscripts commonly known as Fraktur have captivated collectors and scholars for generations. Yet fundamental questions about their cultural origins, purpose, and historical significance remain. Alexander Lawrence Ames addresses these by placing Fraktur manuscripts within a "Pietist paradigm," grounded in an understanding of how their makers viewed "the Word," or scripture. His analysis combines a sweeping overview of Protestant Christian religious movements in Europe and early America with close analysis of key Pennsylvania devotional manuscripts, revealing novel insights into the religious utility of

calligraphy, manuscript illumination, and devotional reading as Protestant spiritual enterprises. Situating the manuscripts in the context of transatlantic religious history, early American spirituality, material culture studies, and the history of book and manuscript production, Ames challenges long-held approaches to Pennsylvania German studies and urges scholars to engage with these texts and with their makers and users on their own terms. Featuring dozens of illustrations, this lively, engaging book will appeal to Fraktur scholars and enthusiasts, historians of early America, and anyone interested in the material culture and spiritual practices of the German-speaking residents of Pennsylvania.
