Intended for secondary school or adult students who are learning English.

Monument Wars Arcadia Publishing

Unitarians established a church in the nation's capital in 1821, and the first Universalist sermon in Washington was presented at city hall in 1827. Since these beginnings, Washington-area Unitarians and Universalists have created congregations that affirm ideals of religious liberalism: a commitment to religious freedom, a reasoned approach to faith, a hopeful view of human capacities to create a better world, and the belief that God is most authentically known as love. Images of America: Unitarians and Universalists of Washington, D.C. features prominent figures such as Robert Little, an English Unitarian who fled his native land and became minister of First Unitarian Church of Washington; political rivals John Quincy Adams and John C. Calhoun, both founding members of the congregation; and Clara Barton, who organized the American Red Cross after her experiences on the battlefields during the Civil War. In 1961, Unitarians and Universalists joined together, and the story continues as Unitarian Universalists interpret the values of religious liberalism for each new generation.

A Glossary of Agricultural Terms, English-French, French-English Univ of California Press

In Washington, DC, political rivals disagree on just about everything, but there is widespread bi-partisan support for the

city's restaurant scene. The nation's capital and neighboring suburbs boast premier restaurants and inspired chefs who bring even the most hardened adversaries, to the table. Now, everyone, inside and outside the beltway, can savor a taste of the best Washington has to offer. With tantalizing recipes from more than 50 of the capital's most celebrated chefs and 100 beautiful full-color photographs, Washington, DC Chef's Table is a feast for the eyes as well as the palate.

Jeanne Fogle Lyons--a historian, professor, and certified tour guide in Washington--and Elan Penn, the gifted photographer who created the superb From Sea to Shining Sea, combine their talents to create a breathtaking and fascinating homage to America's capital city. Lavish images of fabled monuments, world-famous museums, distinguished universities, and lush parks--all accompanied by fascinating background information--pay tribute to the beauty and history of Washington, D.C. From government buildings such as the Capitol, White House, and Supreme Court to outdoor statues of Ulysses S. Grant, Mary Leo Bethune, and Mahatma Gandhi, this unique visual tour captures the city's riches as never before. Visit Mount Vernon, George Washington's splendid home and plantation; the awe-inspiring Lincoln Memorial; the Arlington National Cemetery, where the eternal flame burns over John F. Kennedy's grave; and the Smithsonian,

which protects the glories of our past. Watch government at work at the Federal Triangle Department Buildings, see the lovely sculpture garden at the National Gallery, and feel the magnificence of sacred structures such as St. John's of Lafayette Square. Every photo, from Ford's Theatre, where Lincoln lost his life, to Maya Lin's heartbreaking Vietnam Memorial, is inspirational.

A Mayor's Proclamation Univ. of Tennessee Press

Kirk Savage explores the National Mall in Washington D.C., site of some of the most important & poignant memorials in the U.S. He shows how the idea of monument has changed over the decades, & how the 19th century concept of the monument has given way to the late 20th century idea of 'space', the monument as an experience.

Capital Streetcars: Early Mass Transit in Washington, D.C. Arcadia Publishing

The Paper Bag Principle: Class, Colorism, and Rumor in the Case of Black Washington, D.C. considers the function of oral history in shaping community dynamics among African American residents of the nation's capitol. The only attempt to document rumor and legends relating to complexion in black communities, The Paper Bag Principle looks at the divide that has existed between the black elite and the black "folk." The Paper Bag Principle focuses on three objectives: to record lore related to the "paper bag principle" (the set of attitudes that granted blacks with light skin higher status in black communities); to investigate the impact that this "principle" has had on the development of black community consciousness; and to link this material to power that

results from proximity to whiteness. The Paper Bag Principle is sure to appeal to scholars and historians interested in African American studies, cultural studies, oral history, folklore, and ethnic and urban studies.

Circular Washington, June 1, 1858 Stackpole Books

"A culinary history of Washington, D.C. and its restaurants"--

Unitarians and Universalists of Washington, Lonely Planet Kids
Washington's first streetcars trundled down Pennsylvania Avenue during the Civil War. By the end of the century, streetcar lines crisscrossed the city, expanding it into the suburbs and defining where Washingtonians lived, worked and played. One of the most beloved routes was the scenic Cabin John line to the amusement park in Glen Echo, Maryland. From the quaint early days of small horse-drawn cars to the modern "streamliners" of the twentieth century, the stories are all here. Join author John DeFerrari on a joyride through the fascinating history of streetcars in the nation's capital.

Historic Restaurants of Washington, D.C. Rowman & Littlefield
Southwest Washington, D.C., is a defined neighborhood even without a proper name; the quadrant has a clear border southwest of the U.S. Capitol Building, nestled along the oldest waterfront in the city. Its physical delineations have defined it as a community for more than 250 years, beginning in the

mid-1700s with emerging farms. By the mid-1800s, a thriving urban, residential, and commercial neighborhood was supported by the waterfront where Washingtonians bought seafood and produce right off the boats. In the 1920s and 1930s, an aging housing stock and an overcrowded city led to an increase of African Americans and Jewish immigrants who became self-sufficient within their own communities. However, political pressures and radical urban planning concepts in the 1950s led to the large-scale razing of most of SW, creating a new community with what was then innovative apartment and cooperative living constructed with such unusual building materials as aluminum.

"Before chain coffeeshops and luxury high-rises, before even the beginning of desegregation and the 1968 riots, Washington's Greater U Street was known as Black Broadway. From the early 1900s into the 1950s, African Americans plagued by Jim Crow laws in other parts of town were free to own businesses here and built what was often described as a "city within a city." Local author and journalist Briana A. Thomas narrates U Street's rich and unique history, from the early triumph of emancipation to the days of civil rights pioneer Mary Church Terrell and music giant Duke Ellington, through the recent struggle of gentrification" --

A young girl's postcards to friends and family invite readers to explore and learn about significant sites in Washington, D.C. Anna's imagination and inquisitive nature further the learning process.

Postcards from Washington, D. C. / Postales desde Washington / Bilingual English and Spanish Trafford Publishing

A Mayor's Proclamation is a book about the covert policies of an African American Mayor which are designed to systematically displace the African American population in our nation's capital, Washington, D.C. Furthermore, it addresses the mutation of the old Jim Crow laws into today's society and how they are enacted through the institutions of law enforcement, the courts and media. Indeed, the South has risen again. And, it oftentimes hides behind African American leaders and elected officials to advance their agenda; an agenda of institutionalized bigotry and hatred.
Capital Speculations iUniverse

An imaginative analysis of the interplay between rhetoric and physical space in the creation of the nation's capital.

Commemorative Service at the Church of the Covenant, Washington, D.C., January 28, 1923 Arcadia Publishing

Take an exciting ride as Stan Long tells the true story of a wild and outrageous life of sex, drugs, women, and high-end crime. Black Bird Medley begins with his fairly innocent childhood but digresses to a life of drug dealing on the mean streets of Washington, DC, where he grew up quickly. At the age of nine, he learned how to use a gun; by twelve he began having sexual encounters with women twice his age. This is a true tale of personal growth that is sure to motivate and inspire. Black Bird Medley is a powerful memoir and cautionary tale written by Stan Long in order to reach out to people that may find themselves in similar situations. He has purposely exposed his life to help show all of the possibilities of change. Our youth today are lost and misguided, so he feels that by allowing his life to be a literal open book, perhaps his life endeavors will assist in the positive transformation of others. The intent of writing Black Bird Medley was not to glorify nor condone his former lifestyle: however, writing Black Bird Medley has been therapeutic to this authors transformation. He hopes his experiences can help to inspire all who are dealing with personal struggles and can inevitably find a way towards greatness.

City Trails - Washington DC Arcadia Publishing

The author of the popular blog "The Streets of Washington" shares new vignettes and reader favorites exploring the colorful

history of America's capitol. In *Lost Washington, D.C.*, John DeFerrari investigates the bygone institutions and local haunts of the nineteenth and twentieth centuries. Washington may seem eternal and unchanging with its grand avenues and stately monuments, but longtime locals and earlier generations knew a very different place. Discover the Washington of lavish window displays at Woodies, supper at the grand Raleigh Hotel and a Friday night game at Griffith Stadium. From the raucous age of burlesque at the Gayety Theater and the once bustling Center

Market to the mystery of Suter's Tavern and the disappearance of the Key mansion in Georgetown, DeFerrari recalls the lost city of yesteryear.

Catalogue of the described Coleoptera of the United States, revised by S.S. Haldeman and J.L. Le Conte Stephen R Brown Publishing

Located in the far northeastern edge of the city, Deanwood is one of Washington, D.C.'s oldest, consistently African American neighborhoods. Rooted in slave-based agriculture on white-owned land, the community began its transition from rural to urban

development with the 1871 arrival of a branch of the Baltimore and Ohio Railroad along its western boundary. This period after the Civil War offered blacks the opportunity to become landowners. Since this time, many notable Washingtonians of various ethnicities have been residents and frequent visitors to the area. In the early 1920s, it was home to Suburban Gardens, the only permanent amusement park ever to be housed within the city limits. Many of Deanwood's families have lived in the community for generations, which makes it stable and close-knit.
